The Greatest Generation was in full bloom during the enigmatic decade of the fifties In northern New Jersey The Newark Star Ledger on the doorstep every morning was bringing changing news as that pastoral period came to an end A blue collar ethnic family saga evolves that takes you on an epic journey through unfulfilled dreams with spiritual forks in every road In the shadows lurk glamorous alternatives of gangland activities and the allure of the entertainment business But it was a legendary high school football game that truly signaled winds of change would be rushing in An outstanding athlete and young man Frank Bonaducci made a decision in that rivalry that would affect peoples lives forever Surrounding him is his family as well as a menagerie of unforgettable characters from Bloomfield Avenue in Newark to the Silver Lake section of Belleville to Nutleys Park Oval They roam the pages of this touching story teaching life long lessons Their roles craft a tapestry of life creating a yearning in our hearts for these days gone by Every one should have an uncle like Petee 5 Corners and an Aunt Bella who danced across imaginary stages as Bella LaStarr Each chapter reads like a short story that will touch your heart and soul The book depicts frustrations of coming of age and traditional rights of passage that honor family traditions more than the family members themselves It wont take long to learn that when you look back you should glance not stare In his first novel Joseph Rocco Cervasio escorts us through New Jerseys fabled Essex County in a way that will make Bad News on the Door Step the good news you are seeking A demanded public speaker Cervasio has tested throughout the country the stories that have evolved into the tales of this fiction And you will react the same way his audiences have over the years youll laugh and cry and say no way Writing with compassion and spiritual discernment that penetrate the wonder of these times Cervasio takes you from 1959 to the present From an Italian American feast during New Years Eve at Grandpa Joes to the end zone of a football field to Rahway State Prison to a hot autumn afternoon at the Five Corners of Fifth Street and Bloomfield Avenue to the glamor of Havana you are bound to find a familiar character or even family member particularly if you are from Jersey When Buddy Holley Ritchie Valens and the Big Bopper crashed in a snow covered cornfield in Iowa on February 3 1959 they became the final ingredient to launch the Bonaducci family into a trek every reader will cherish Witness the battle between self sacrifice and selfish lusts as the kingdoms of modest middle class living and mob affiliation collide headon Ten years in the making Bad News on the Door Step is a labor of love that introduces Joseph Rocco Cervasio as a consummate storyteller passionate about changing peoples lives for the better **A**

Evidence-Based Policymaking Karen Bogenschneider, Thomas Corbett, 2021-04-27 New thinking is needed on the age old conundrum of how to connect research and policymaking Why does a disconnect exist between the research community which is producing thousands of studies relevant to public policy and the policy community which is making thousands of decisions that would benefit from research evidence The second edition updates community dissonance theory and provides an even stronger more substantiated story of why research is underutilized in policymaking and what it will take to connect researchers and policymakers This book offers a fresh look into what policymakers and the policy process are like as told by policymakers themselves and the researchers who study and work with them New to the second edition The point of view of policymakers is infused throughout this book based on a remarkable new study of 225 state legislators with an extraordinarily high response rate in this hard to access population A new theory holds promise for guiding the study and practice of evidence based policy by building on how policymakers say research contributes to policymaking A new chapter features pioneering researchers who have effectively influenced public policy by engaging policymakers in ways rewarding to both A new chapter proposes how an engaged university could provide culturally competent training to create a new type of scholar and scholarship This review of state of the art research on evidence based policy is a benefit to readers who find it hard to keep abreast of a field that spans the disciplines of business economics education family sciences health services political science psychology public administration social work sociology and so forth For those who study evidence based policy the book provides the basics of producing policy relevant research by introducing researchers to policymakers and the policy process Strategies are provided for identifying research questions that are relevant to the societal problems that confront and confound policymakers Researchers will have at their fingertips a breath taking overview of classic and cutting

edge studies on the multi disciplinary field of evidence based policy For instructors the book is written in a language and style that students find engaging A topic that many students find mundane becomes germane when they read stories of what policymakers are like and when they learn of researcher s tribulations and triumphs as they work to build evidence based policy To point students to the most important ideas the key concepts are highlighted in text boxes For those who desire to engage policymakers a new chapter summarizes the breakthroughs of several researchers who have been successful at driving policy change The book provides 12 innovative best practices drawn from the science and practice of engaging policymakers including insights from some of the best and brightest researchers and science communicators The book also takes on the daunting task of evaluating the effectiveness of efforts to engage policymakers around research A theory of change identifies seven key elements that are fundamental to increasing policymaker s use of research along with evaluation protocols and preliminary evidence on each element

Trash Mountain Jane Yolen,2015-04-01 This you should know Gray squirrels are almost always larger faster and more aggressive than reds They out eat the reds and out breed them Science says the grays will eventually win Nutley is a young red squirrel For most of his life he s been content to live on local seeds and the cautious wisdom of his parents But like so many young squirrels before him he feels the call of the wild and the hazelnuts beyond the safety of his family s own tree Nutley wonders what it would be like to be Dangerous like the growing band of gray squirrels that roam his neighborhood Nature which is truly red in tooth and claw forces Nutley to find out if he s cut out for a life of danger He must flee his familiar tree for the smelly shelter of the local landfill There with the help of some unlikely allies he might just be able to make a stand against the grays This you should know No matter what scientists say is almost always true the exceptions are almost always the best stories
