(Routledge Revivals) Mats Lundahl, 2015-05-15 Haiti is a country which until the earthquake of 2010 remained largely outside the focus of world interest and outside the important international historical currents during its existence as a free nation The nineteenth century was the decisive period in Haitian history serving to shape the class structure the political tradition and the economic system During most of this period Haiti had little contact with both its immediate neighbours and the industrialised nations of the world which led to the development of Haiti as a peasant nation This title first published in 1979 examines the factors responsible for the poverty of the Haitian peasant by using both traditional economic models as well as a multidisciplinary approach incorporating economics and other branches of social science The analysis deals

primarily with the Haitian peasant economy from the early 1950s to the early 1970s examining in depth the explanations for the secular tendency of rural per capita incomes to decline during this period

Nutrition and Human Reproduction W. Mosley, 2012-12-06 This book is the product of the Conference on Nutrition and Human Reproduction supported and organized by the National Institutes of Child Health and Human Development and held at the National Institutes of Health Bethesda Maryland in February 1977 The genesis of this Conference came from the work of the Subcommittee on Nutrition and Fertility of the Committee on International Nutrition Programs of the National Research Council The purpose of the Conference was to assemble scientists and program planners from a broad range of fields including nutrition epidemiology demography endocrinology sociology economics anthropology biostatistics and public health Each individual brought his or her analytical skills and perspective to the meeting with the goal of developing a more coherent picture of the many facets of nutrition and reproduction The approach was to get a more comprehensive view by

- 1 Clarifying terminology and definitions
- 2 Reviewing recent and current work on the biological basis for nutrition fertility interactions
- 3 Reviewing biomedical and socioeconomic factors related to breast feeding to assess how this practice relates to maternal and infant nutrition and fertility
- 4 Assessing some current analytical models for defining nutrition fertility interrelationships
- 5 Reviewing recent field studies from Africa Asia and Latin America which are examining the interrelationships of nutrition and reproduction

Early Child Care in India Margaret Khalakdina, 2017-03-31 In India in the second half of the twentieth century there was a vastly increased concern for the welfare of children Various developmental programs were undertaken for the improvement of children's status especially in rural families This book first published in 1979 examines these programs and considers the enormous challenge of child care under the wide variety of conditions in this vast country

Infant Feeding John Dobbing, 2012-12-06 Infant Feeding is about a controversy which fascinated the medical and scientific world as well as national and international health authorities politicians religious groups and consumer organisations for more than 11 years It often disturbed public opinion being concerned as it is with nothing less than the life and death of babies The infant food industry was directly accused of having caused a decline in breast feeding through the inappropriate marketing of breast milk substitutes The problem was said to be particularly acute in poor under developed communities because illiterate mothers were unable to understand instructions for its use water was often contaminated and in order to stretch an admittedly expensive product it was over diluted The inevitable result said the critics of industry was malnutrition gastroenteritis and increased infant mortality These were very serious charges against companies which had until then been generally considered to provide an important contribution to medical progress and child health One company was to be particularly singled out Nestl SA the Swiss multinational Perhaps it became the target because it was the longest establishment and served well as a symbol of the whole industry It is a story which is full of confrontations intrigue and passionately held opinions based nevertheless on a sizeable body of medical science After countless twists and turns it has some sort of happy ending Yet a great deal remains to be said as will be seen throughout the book
