

Nutritional Influences on Illness

by David S. Goodenough, PhD

Over the past decade, research has shown that diet plays a significant role in the development of many chronic diseases, including heart disease, cancer, and diabetes. This article explores the nutritional influences on illness and provides practical advice for maintaining a healthy diet.

Dr. Goodenough is a professor of nutrition and food science at the University of California, Davis. He is also a member of the National Academy of Sciences and the American Academy of Nutrition and Dietetics.
