Irwin and Rippe's Intensive Care Medicine Richard S. Irwin, James M. Rippe, 2008 Thoroughly updated for its Sixth Edition this classic reference remains an unsurpassed source of definitive practical guidance on adult patient care in the ICU. It provides encyclopedic multidisciplinary coverage of both medical and surgical intensive care and includes a how to atlas of procedures and a new section on noninvasive monitoring. Each Sixth Edition chapter for the first time identifies Advances in Management based on randomized controlled clinical trials. The cardiology section has been completely rewritten to reflect advances in management of acute coronary syndromes. Also included are extensive updates on management of COPD, diabetes, oncologic emergencies and overdoses and poisonings. A companion Website will provide instant access to the complete and fully searchable online text.

Textbook of Palliative Nursing Department of Nursing Education and Research, City of Hope National Medical Center, Betty R. Ferrell, Research Scientist, Supportive Care Program, Nessa Coyle, Director, Pain & Palliative Service, Department of Neurology, Memorial Sloan-Kettering Cancer Center, 2005-11-10. Originally published in 2001, the Textbook of Palliative Nursing has become the standard text for the field of hospice and palliative care nursing. In this new edition, the authors and editors have updated each chapter to ensure that the content is evidence-based and current references are included. They also have retained the important focus on case studies throughout the text and practical, clinically relevant tables, figures and other resources. Like the previous edition, this text has an introductory section of the general principles of palliative care, followed by a comprehensive section on symptom assessment and management encompassing twenty-one different symptoms. Other key sections include psychosocial support and spiritual care, providing a holistic perspective on care of patients facing advanced disease. The text also includes an innovative section on special populations addressing those most in need of palliative care. The textbook is a useful resource for all nurses, with the excellent section on end-of-life care across settings. In this new edition, the pediatric palliative care section has been greatly expanded and includes seven separate chapters on pediatric care. It includes a section on special

issues addressing topics such as ethical considerations nursing research and public policy perspectives and concludes with a section presenting models of excellence including six international models This edition also offers a narrative on dying based on a spouse s perspective The text includes an appendix with an extensive list of resources for nurses in the field

Principles of Nutritional Assessment Rosalind S. Gibson,2005 With over 200 newly drafted figures many new tables drawn from the wealth of data published over the last 15 years this new edition has been thoroughly revised **Cumulated Index Medicus** ,1995 *Journal of the American Dietetic Association* American Dietetic Association,1926 Includes lists of members *The Economic, Medical/Scientific and Regulatory Aspects of Clinical Nutrition Practice: What Impacts What?* M. Elia,B. R. Bistrian,2009-08-07 Malnutrition has been known in hospital and outpatient care for more than 30 years It is estimated that an average of 30% of patients are affected and in the majority of cases the problem remains unrecognized and untreated Moreover this disease related malnutrition increases health costs by 30 70% as recent studies have shown exceeding even the costs of obesity Nutrition interventions generating in comparison only a small cost may therefore result in substantial absolute savings This publication gives an overview of the current state of affairs in Europe and the US also examining the economics of malnutrition Also discussed are reimbursement models for enteral nutrition as well as regulatory aspects and their impact on practice The book closes with a discussion of future challenges and opportunities Considering the extent of the problem this publication will be of interest not only to doctors directly involved in the care of patients but also to policy makers and administrative personnel
