Bird Spotting in a Small Town Sophie

Morton-Thomas,2024-02-08 My feet are itching to walk to the shore to leave the kids again to sit with the birds and pretend none of this has happened In a small isolated town on the North Norfolk coast Fran s life is unravelling As she fills her days cleaning the caravan park she owns she is preoccupied by worry about the behaviour of her son the growing absence of her husband and the strained relationship with her sister Her one source of solace is slipping out to the beach early in the morning to watch the birds Small town tension simmers when a new teacher starts at the local school and a Romany community settle in the field adjoining Fran s caravan park From the distance of his caravan seventy year old Tad quietly watches the townspeople mainly Fran s family When the schoolteacher and Fran s brother in law both go missing on the same night accusations fly Yet all Fran can seem to care about is the birds An eerie and unsettling novel Bird Spotting in a Small Town perfectly encapsulates the intensity of rural claustrophobia when you don t know who you can trust A haunting disquieting novel exquisitely written The detail throughout is like acupuncture and the whole thing is difficult to pull away from I read it in short bursts because each sitting left me with something new to think about IAN MOORE author of Death and Croissants The kind of book that gets under your skin hugely atmospheric and dark in the best possible way JENNIE GODFREY author of The List of Suspicious Things Perfect for fans of Francine Toon s Pine and hit British crime dramas like Broadchurch and Hollington Drive

Little Horrors T.S. Kord,2016-08-08 Zombies werewolves and chainsaw wielding maniacs are tried and true staples of horror films But none can match the visceral dread evoked by a child with an innocent face and a diabolical stare Cinema s evil children attack our cherished ideas of innocence and our innocent bystander status as the audience A good horror film is a scary ride a devil child movie is a guilt trip This book examines 24 international films with discussions of another 100 that in effect indict viewers for crimes of child abuse and abandonment greed social and ecological negligence and political and

war crimes and for persistent denial of responsibility for them all For 75 years evil children have ritually rebuked audiences and in playing on our guilt established a horror subgenre that might be described as a blood spattered rampage on an ethical mission
