THE POLITICAL ECONOMY OF URBAN POVERTY IN DEVELOPING COUNTRIES

THEORIES, ISSUES, AND AN AGENDA FOR RESEARCH

Raj Desai

Political Economy Of Urban Poverty

Henry Dietz

Political Economy Of Urban Poverty:

The Political Economy of Urban Poverty Charles Sackrey, 1973 Charles Sackrey analyzes the problem of urban poverty pointing out the severe limitations of all existing data. He explains the different theories of the principal causes of urban poverty in particular the poverty among urban blacks. Considerable attention is devoted to different methods of studying poverty and the important role each plays in determining the solutions finally offered for public consideration. There have been two basic kinds of antipoverty solutions over the past four decades: liberal reform and revolutionary change. Having been at different times strongly sympathetic to both camps, Professor Sackrey has particular insights into the strengths and weaknesses of each. In the final chapters of his book he contrasts the past performance of each camp and evaluates what they have to offer for the future. Amazon

The Political Economy of Urban Poverty in Developing Countries Raj M. Desai, 2010 The implications of urban development for overall economic prosperity are well known. Employment, housing, policing, infrastructure, and social policies in cities have been shaped and institutionalized through a complex set of interactions between various urban interests, public officials, and institutions. In advanced industrial countries, for example, the rise of influential coalitions with the urban working class at the center was responsible for the proliferation of social protection in the 19th and 20th centuries. Consequently, a great deal is known about the dynamics of urban political mobilization and behavior in richer countries and of participation among the urban poor. In the cities of the developing world, however, there is far less information available regarding these issues. I survey some theoretical foundations for understanding the political economy of urban poverty before examining several pathologies of political life for the urban poor in the developing world. I focus on some aspects of the city dweller's political agency or the lack thereof that limit the ability of the urban poor to engage in collective action to participate in decisionmaking to form effective organizations and to resist predatory behavior by officialdom. I then examine some areas where further research is needed, including the political economic bases for mobilization, the prospects for pro-poor urban social policy, conditions determining the effectiveness of delegation, and of membership organizations for the urban poor. Abstract p 1

The Political Economy of the Urban Ghetto Daniel Roland Fusfeld, Timothy Mason Bates, 1984 The income of blacks in most northern industrial states today is lower relative to the income of whites than in 1949. Fusfeld and Bates examine the forces that have led to this state of affairs and find that these economic relationships are the product of a complex pattern of historical development and change in which black-white economic relationships play a major part along with patterns of industrial, agricultural, and technological change and urban development. They argue that today's urban racial ghettos are the result of the same forces that created modern America and that one of the by-products of American affluence is a ghettoized racial underclass. These two themes, they state, are essential for an understanding of the problem and for the formulation of policy. Poverty is not simply the result of poor education, skills, and work habits but one outcome of the structure and functioning of the economy. Solutions re

quire more than policies that seek to change people they await a recognition that basic economic relationships must be changed

Livelihoods Limitations Nicola Banks,2014

Urban Poverty, Political Participation, and the State Henry Dietz,2010-11-23 Urban Poverty Political Participation and the State offers an unparalleled longitudinal view of how the urban poor saw themselves and their neighborhoods and how they behaved and organized to provide their neighborhoods with basic goods and services Grounding research on theoretical notions from Albert Hirschman and an analytical framework from Verba and Nie Dietz produces findings that hold great interest for comparativists and students of political behavior in general

Urban Poverty and Party Populism in African Democracies Danielle Resnick,2014 By combining the perspectives of political elites with those of voters this book provides a unique analysis of the dynamics of the party voter relationship in Africa

The Face of Urbanization and Urban Poverty in Bangladesh Pranab Kumar Panday,2020-06-15 The book presents academic research on urbanization urban poverty and slum development initiatives in South Asia in general and Bangladesh in particular in the light of global slum upgrading initiatives It combines the urban poverty and slum development initiatives globally and country specific context in a single frame The book identifies different dimensions of urban poverty best practices of slum development initiatives and challenges of the implementation of these programs so that the government and different development partners redesign their implementation strategies as regards to reducing the urban poverty and making improvement to the living conditions of the slum dwellers The book provides a clear understanding of the penetrating procedures of different slum development initiatives in the global perspectives following the operation procedure of different programs in Bangladesh This allows the readers to make a comparison of the operating procedures of different programs

Handbook of Research on the Political Economy of Communications and Media Karlidag, Serpil,Bulut, Selda,2020-03-20 The political economy deals with the structure of production and the social relations of people in production With its focus on structures and practices the political economy also analyzes the contradictions of capitalism and suggests resistance and intervention strategies using methods from history economics sociology and political science The dominant commercial media in capitalism operates both as a product of economic and political structure and as an industrial institution with economic and political functions Current Theories and Practice in the Political Economy of Communications and Media is a collection of innovative research on new approaches in the political economy of communication in the process of globalization While highlighting topics including consumer behavior news production and public relations this book is ideally designed for newscasters broadcasters journalists marketers advertisers production managers researchers industry professionals academics and students seeking to extend the border of standard political economy of communication studies into relatively undiscovered areas

The Political Economy of Extreme Poverty in Eastern Europe Enikő Vincze,Cornel Ban,Sorin Gog,Jon Horgen Friberg,2024-12-03 This book examines the creation of extreme poverty in Eastern Europe focusing on Romanian Roma through a comparative historical perspective on its roots and

the socio economic and political mechanisms that have shaped it in labor housing and migration This interdisciplinary book explores the re production of extreme poverty among the Roma across different political economy regimes Chapters engage in comparative historical analysis across several disciplines and integrate perspectives steeped at the national level of analysis with those dwelling intensively on a single context Focusing on the processes of manufacturing poverty among Roma in Romania the chapters cover empirical information about the historical transformations of the economic situation of the Roma in Romania from the 19th century to the present about global national and local processes of industrialization deindustrialization and reindustrialization impacting poverty among the Roma in the past seven decades and about Roma people s current labor positions housing conditions and migration practices in distinct geographies from Romania to Norway The book situates Roma poverty research in a Central and Eastern European context by highlighting its connections with analytical approaches to poverty and institutional policy visions about poverty eradication It will be of interest to researchers studying Central and Eastern Europe political economy of socialism political economy of capitalist transformations poverty studies welfare and housing regimes studies and labor and migration studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No

Ilchman, 2023-11-15 Ilchman and Uphoff believe that political science has failed in the past to meet its own standards of rigor and cogency and does not meet standards of usefulness and relevance set by others The Political Economy of Change attempts to remedy these shortcomings by expanding the limits of social science analysis to deal with problems of allocation and productivity in all spheres of public choice not just the economic sphere Ilchman and Uphoff believe that political science has failed in the past to meet its own standards of rigor and cogency and does not meet standards of usefulness and relevance set by others The Political Economy of Change attempts to remedy these shortco

The Political Economy of Underdevelopment and Poverty in Nepal Sri Ram Poudyal, 2023-04-05 This book argues that mainstream economics cannot explain the underdevelopment and poverty of Nepal neither can it be explained in terms of economics alone nor capital inadequacy even as is conventionally believed The author asserts that Nepal s underdevelopment needs to be located in the nature of the state which has been shaped by the collusion of interest among politicians and the resulting bureaucracy triggering the growth of crony capitalism The book presents a critical and radical analysis of factors that have kept Nepal in a state of underdevelopment and poverty with huge section of the society in underprivileged and deprived socio economic conditions despite six decades of planning seven decades of dependence on foreign aid and numerous political regime changes from the Rana regime for over a century from 1846 1950 through to the republic regime from 2007 onwards To support this argument the book delves into an exploration of growth performance in Nepal government attempts at poverty alleviation foreign aid and its effects in the economy and the nature of the state with a focus on Maoists 10 year rebellion

Each chapter presents the existing picture and examines the possible reasons for the failure in achieving the desired results. A comparative analysis of Nepal's position with respect to South Asian Association for Regional Cooperation (SAARC) countries is also presented in a number of chapters. The audience for the book will be students, academics and researchers and within Nepal itself intellectuals, politicians and officials of the National Planning Commission, the central bank and other banks and financial institutions.

Political Economy of Emerging Urban and Peri-urban Spaces in India Mukunda Mishra, Vishwa Raj Sharma, Anjan Chakrabarti, 2025-01-30. This book addresses the urban and peri urban spaces in India within a single frame. The reasoning is that while the former is studied for its transformation towards more value addition in terms of power and neoliberal economic viabilities, the latter is the land of visible transformation of the built environment. It acquaints readers with how the processes of circulation of migrant labour, the shift in occupations of landowning groups and the residential cohabitation of diverse social groups contribute to re-scripting social relations, green spaces and the forging of new subjectivities. The chapters of the book speak of the need to create sustainable cities for uncertain futures with a quest to reverse global climate change and make an effort to halt urbanization at the cost of the natural ecosystem, all of which have become more urgent in the post pandemic years. The book addresses different aspects of the evolutionary urban and peri urban spaces in India amidst the conflict of the environmental and social sustainability agendas with the neo liberal ascendancy. The integration of urban and peri urban areas with emerging political and economic equations and the involvement of multiple disciplines to work in tandem for a deep insight into the complex phenomena incorporating diverse actors validate the need for such a volume. This edited volume seeks to record how all these stakeholders, state agencies, political leaders, businessmen, workers, investors, households, builders, real estate intermediaries, business owners, migrants and many more with their varying capacities to influence outcomes on the ground interact with one another. It also shows how multiple power relationships are calibrated and recalibrated to produce urban and peri urban spaces in diverse ways in many parts of India.

The Political Economy of Development in Kenya Kempe Ronald Hope, Sr., 2011-12-01. Kenya is a country of geopolitical and economic importance in East Africa. It shares borders with unstable states such as Somalia and Sudan while being a hub for trade, communication, finance and transportation across the region. Although relatively stable since its independence in 1963, the country still faces poverty, inequality and corruption. In addition, the contested election of 2007 led to severe ethnic strife that tested its political stability, leading to a new constitution in 2010. This unique survey by a leading expert on the region provides a critical analysis of the socio economic development in Kenya from a political economy perspective. It highlights Kenya's transition from being a centralized state to having a clear separation of powers and analyzes key issues such as economic growth, urbanization, corruption and reform. The book identifies Kenya's key socio development problems and offers solutions to improve both governance and economic performance, making it an essential resource to researchers, academics and policy makers working on development issues and African politics.

Political

Economy of Urban Poverty in Ghana John Alexander Frederick Arn, University of Toronto, 1978 *African Political Economy* Kempe Ronald Hope, Sr., 2016-09-16 This is a multidisciplinary book that analyses the problems and issues of development in Africa along with the attempts at and outcomes of policy reform measures that have been implemented to surmount those problems Topics covered include the economic crisis in Africa urbanisation and urban management uneven development the socio economic context of AIDS bureaucratic corruption and reform and proposed development solutions

Political Economy and the Aid Industry in Asia J. Hutchison, W. Hout, C. Hughes, R. Robison, 2015-12-25 Adopting a distinctive structural political economy approach this book uniquely explains the blind spots of alternative political economy approaches to international aid and presents an original framework for evaluating likely reformers strength of commitment and potential alliances with donors *The Political Economy of Taiwan's Development into the 21st Century* Gustav Ranis, Sheng-Cheng Hu, Yun-Peng Chu, 1999-02-24 a welcome book of particular use to graduate schools A J H Latham Asia Pacific Business Review Over the past four decades Taiwan has achieved remarkable economic growth In this important book a distinguished group of contributors employs a comparative perspective to explore the reasons behind and the lessons to be learned from Taiwan s success **The Political Economy of Post-COVID Life and Work in the Global South: Pandemic and Precarity** Sandya Hewamanne, Smytta Yadav, 2022-03-14 This edited volume highlights cascading effects of the pandemic and lockdown on informal economies of varied countries in the Global South Uneven development after colonization imperialism and externally influenced conflict have caused many countries in the formally colonized or semi occupied countries in the world to lag behind in wealth accumulation investments in manufacturing and technology The fact that these countries were dragged into world market dynamics on an equal footing with already developed countries exacerbated these inequalities and saw the rapid burgeoning of informal economies COVID 19 and the lockdown of western countries unravelled global production chains resulting in hordes of workers in the Global South losing their livelihoods Even people engaged in traditionally locally bound economic activities such as domestic work and sex work found their livelihoods disappear This volume brings together case studies from India Brazil Bangladesh and Sri Lanka to analyze global economic disruptions as they affected informal sector workers who were already largely invisible within state development policies The chapters question whether existing models of neoliberal development are still conducive within the post pandemic Global South as it grapples with rebuilding economies livelihoods institutions and systems of governance **The Political Economy of Poverty, Equity and Growth: A Comparative Study** Deepak Lal, H. Myint, Hla Myint, 1998-10-08 This wide ranging and innovative book synthesizes the findings of a major international study of the political economy of poverty equity and growth It represents an ambitious interdisciplinary attempt to identify patterns in the interplay of initial conditions institutions interests and ideas which can help to explain the different growth and poverty alleviation outcomes in the Third World The New Political Economy of Urban Education Pauline Lipman, 2013-05-13 Using Chicago as a case study of the

interconnectedness of neoliberal urban policies on housing economic development race and education Lipman explores larger implications for equity justice and the right to the city
