Okolo,1981 **State and Society in Nigeria** Gavin Williams,2019-04-15 The first edition of State and Society in Nigeria published in 1980 was and remains a dominant influence in teaching research policy and practice of state society relations in Nigeria for more than a generation The volume of essays has remained one of the most cited in the field testimony to its enduring content and perspective as well as the beauty accessibility and clarity of its language This new edition revisits extends and reconsiders aspects of the first edition in light of developments in the literature since 1980 and offers new insights and interpretations on issues of political economy politics and sociology such as the countrys Civil War 1967 1970 the political economy of oil debt and democratization and the complexities and ethnic identities and rivalries and religious accommodation and conflict and of the multiple ways in which they intersect with one another **The Political Economy of Colonialism and Nation-Building in Nigeria** Samuel Ojo Oloruntoba,2021-09-28 This book examines the ways in which colonialism continues to define the political economy of Nigeria sixty years after gaining political independence from the British It also establishes a link between colonialism and the continued agitation for restructuring the political arrangement of the country The contributions offer various perspectives on how the forceful amalgamation of disparate units and diverse nationalities have undermined the realization of the development potential of Nigeria The book is divided into two parts The first part interrogates the political economy of colonialism and the implications of this on economic development in contemporary Nigeria The second part examines nation building governance and development in a postcolonial state The failure of the postcolonial political elites to ensure inclusive governance has continued to foster centrifugal and centripetal forces that question the legitimacy of the state The forces have deepened calls for secession accentuated conflicts and predispose the country to possible disintegration A new government approach is required that would ensure equal representation access to power and equitable distribution of resources
