abstract The first question that Shakespeare's play *The Merchant of Venice* raises is What kind of play is this Is it a comedy a tragedy or a problem play *The Merchant of Venice* is believed to be written between 1596 and 1598 Already from the very beginning hardly any other play has experienced so many diverse receptions after its publication In his essay on *The Merchant of Venice* Walter Cohen comments that no other Shakespeare comedy before *All's Well That Ends Well* 1602 and *Measure for Measure* 1604 perhaps no other Shakespeare comedy at all has excited comparable controversy Although the title page of the first edition of the play *The Most Excellent Historie of the Merchant of Venice* first print in 1600 suggested it to be a history play it had initially been classified as a comedy In 1623 Heminges and Condell placed *The Merchant of Venice* among the comedies in the First Folio of Shakespeare's works However many readers actors directors and playgoers still argue about the genre of the play They have difficulties in defining *The Merchant of Venice* as a comedy as the following quotation shows Indeed seen from any angle *The Merchant of Venice* is not a very funny play and we might gain a lot if for the moment we ceased to be bullied by its inclusion in the comedies Today *The Merchant of Venice* is often read and played more like a problem play or even a tragedy The following term paper deals with the classification of the literary genre of *The Merchant of Venice* Does the play belong to the category of comedies or shall it rather be identified as a tragedy or problem play To assign the play to a specific category it is necessary to shortly present the criteria of the genres comedy tragedy and problem
