them to make their plays more persuasively realistic more probable The result of this enormously rich conjunction of popular legal culture and ancient forensic rhetoric was a drama in which *dramatis personae* habitually gather evidence and invent arguments of suspicion and conjecture about one another thus prompting us as readers and audience to reconstruct this evidence as stories of characters private histories and inner lives In this drama people act in uncertainty inferring one another's motives and testing evidence for their conclusions As well as offering an overarching account of how changes in juridical epistemology relate to post Reformation drama this book examines comic dramatic writing associated with the Inns of Court in the overlooked decades of the 1560s and 70s It argues that these experiments constituted an influential sub genre assimilating the structures of Roman comedy to current civic and political concerns with the administration of justice This sub genre's impact may be seen in Shakespeare's early experiments in revenge tragedy history play and romance comedy in *Titus Andronicus* *Henry VI* and *The Comedy of Errors* as well as Jonson's *Every Man in his Humour* *Bartholomew Fair* and *The Alchemist* The book ranges from mid fifteenth century drama through sixteenth century interludes to the drama of the 1590s and 1600s It draws on recent research by legal historians and on a range of legal historical sources in print and manuscript
