Shakespeare's Homeland:

Shakespeare's Serial Returns in Complex TV Christina Wald, 2020-11-13 This book examines how Shakespeare's plays resurface in current complex TV series. Its four case studies bring together *The Tempest* and the science fiction *Western*, *Westworld*, *King Lear* and the satirical dynastic drama of *Succession*, *Hamlet* and the legal thriller *Black Earth Rising* as well as *Coriolanus* and the political thriller *Homeland*. The comparative readings ask what new insights the twenty-first century remediations may grant us into Shakespeare's texts and vice versa how Shakespearean returns help us understand topical concerns negotiated in the series such as artificial intelligence, the safeguarding of democracy, terrorism and postcolonial justice. This study also proposes that the dramaturgical seriality typical of complex TV allows insights into the seriality Shakespeare employed in structuring his plays. Discussing a broad spectrum of adaptational constellations and establishing key characteristics of the new adaptational aggregate of serial Shakespeare, it seeks to initiate a dialogue between Shakespeare studies, adaptation studies and TV studies.

Shakespeare's House Richard Schoch, 2023-11-16 A page-turning story. *Times Literary Supplement*. Eye-opening Michael Billington. A detailed and highly compelling story that involves so much more than bricks and mortar. *The Stratford Herald*. In the wide realm of Shakespeare worship, the house in Stratford-upon-Avon where William Shakespeare was born in 1564, known colloquially as the Birthplace, remains the chief shrine. It is not as romantic as Anne Hathaway's thatched cottage; it is not where he wrote any of his plays, and there is nothing inside the house that once belonged to Shakespeare himself. So why, for centuries, have people kept turning up on the doorstep? Richard Schoch answers that question by examining the history of the Birthplace and by exploring how its changing fortunes over four centuries perfectly mirror the changing attitudes toward Shakespeare himself. Based on original research in the archives of the Shakespeare Birthplace Trust in Stratford-upon-Avon and the Folger Shakespeare Library in Washington DC and featuring two black and white illustrated plate sections which draw on the wide array of material available at the Folger Shakespeare Library and the Victoria and Albert Museum, this book traces the history of Shakespeare's birthplace over four centuries. Beginning in the 1560s when Shakespeare was born there, it ends in the 1890s when the house was rescued from private purchase and turned into the Shakespeare monument that it remains today.

Shakespeare, Italy, and Transnational Exchange Enza De Francisci, Chris Stamatakis, 2017-05-12 This interdisciplinary transhistorical collection brings together international scholars from English literature, Italian studies, performance history and comparative literature to offer new perspectives on the vibrant engagements between Shakespeare and Italian theatre, literary culture and politics from the sixteenth to the twenty-first century. Chapters address the intricate two-way exchange between Shakespeare and Italy: how the artistic and intellectual culture of Renaissance Italy shaped Shakespeare's drama in his own time and how the afterlife of Shakespeare's work and reputation in Italy since the eighteenth century has permeated Italian drama, poetry, opera, novels and film.

Responding to exciting recent scholarship on Shakespeare and Italy as well as transnational theatre this volume moves beyond conventional source study and familiar questions about influence location and adaptation to propose instead a new evolving paradigm of cultural interchange Essays in this volume ranging in methodology from archival research to repertory study are unified by an interest in how Shakespeare's works represent and enact exchanges across the linguistic cultural and political boundaries separating England and Italy Arranged chronologically chapters address historically contingent cultural negotiations from networks intertextual dialogues and exchanges of ideas and people in the early modern period to questions of authenticity and formations of Italian cultural and national identity in the eighteenth and nineteenth century They also explore problems of originality and ownership in twentieth and twenty first century translations of Shakespeare's works and new settings and new media in highly personalized revisions that often make a paradoxical return to earlier origins This book captures defines and explains these lively shifting currents of cultural interchange

Shakespeare's Contested Nations L. Monique Pittman, 2022-04-28 Shakespeare's Contested Nations argues that performances of Shakespearean history at British institutional venues between 2000 and 2016 manifest a post imperial nostalgia that fails to tell the nation's story in ways that account for the agential impact of women and people of color thus foreclosing promising opportunities to re-examine the nation's multicultural past present and future in more intentional self-critical and truly progressive ways A cluster of interconnected stage and televisual performances and adaptations of the history play canon illustrate the function that Shakespeare's narratives of incipient British identities fulfill for the postcolonial United Kingdom The book analyzes treatments of the plays in a range of styles staged performances directed by Michael Boyd with the Royal Shakespeare Company 2000 2001 and Nicholas Hytner at the National Theatre 2003 2005 the BBC's Hollow Crown series 2012 2016 the RSC and BBC adaptations of *Wolf Hall* and *Bring Up the Bodies* 2013 2015 and a contemporary reinterpretation of the canon Mike Bartlett's *King Charles III* 2014 2017 This book will be of great interest to scholars and students of Shakespeare theatre and politics
