Shakespeares Monument:

The Private Life of William Shakespeare Lena Cowen Orlin, 2021 Breathes new life into Shakespeare's story by establishing fresh interpretations of his baptism evidence pertaining to his father his wedding his home his will and his monument

Shakespeare Survey: Volume 59, Editing Shakespeare Peter Holland, 2006-10-12 Published with academic researchers and graduate students in mind this volume of the Shakespeare Survey presents a number of contributions on the theme of Shakespeare's comedies as well as the comedy in Shakespeare's other works

The Apocryphal William Shakespeare Sabrina Feldman, 2011-10 Sabrina Feldman manages the Planetary Science Instrument Development Office at the NASA Jet Propulsion Laboratory Born and raised in Riverside California she attended college and graduate school at the University of California at Berkeley where she enjoyed the wonderful performances of the Berkeley Shakespeare Company studied Shakespeare's works for a semester with Professor Stephen Booth and received a Ph D in experimental physics in 1996 She has worked on many different instrument development projects for NASA and is the former deputy director of JPL's Center for Life Detection Her scientific training combined with a lifelong love of literature and all things Shakespearean gives her a unique perspective on the Shakespeare authorship mystery Dr Feldman lives in Pasadena California with her husband and two children This is her first book If William Shakespeare wrote the Bard's works Who wrote the Shakespeare Apocrypha During his lifetime and for many years afterwards William Shakespeare was credited with writing not only the Bard's canonical works but also a series of apocryphal Shakespeare plays Stylistic threads linking these lesser works suggest they shared a common author or co author who wrote in a coarse breezy style and created very funny clown scenes He was also prone to pilfering lines from other dramatists consistent with Robert Greene's 1592 attack on William Shakespeare as an upstart crow The anomalous existence of two bodies of work exhibiting distinct poetic voices printed under one man's name suggests a fascinating possibility Could William Shakespeare have written the apocryphal plays while serving as a front man for the poet in purple robes a hidden court poet who was much admired by a literary coterie in the 1590s And could the poet in purple robes have been the great poet and statesman Thomas Sackville 1536 1608 a previously overlooked authorship candidate who is an excellent fit to the Shakespearean glass slipper Both of these scenarios are well supported by literary and historical records many of which have not been previously considered in the context of the Shakespeare authorship debate

Shakespeare's Money Robert Bearman, 2016-04-07 There is no doubting Shakespeare's literary genius immortalised in his published work However statements along these lines are frequently followed by laments of how little is known about this life This is true if we wish to know about Shakespeare's movements on even a month by month basis or about his working practices and relationships with his theatrical fellows However too great an emphasis on this dearth of material not only leads to ill informed comment that this is somehow suspicious but also tends to downgrade the importance of what material has survived often dismissed instead simply as evidence of his business

dealings which have little bearing on his creative work However this material does at least help us to evaluate how successful Shakespeare was in earning a living in a profession which in his day was far from mainstream By calculating his income from theatrical sources and exploring how this affected his financial circumstances and his ability to invest for his and his family's security we can come to a better understanding of his social standing at different periods in his life the most obvious evidence to his late sixteenth and early seventeenth century contemporaries of his success Shakespeare undoubtedly died a man of comfortable means but as this book demonstrates there is little to justify claims that he died possessed of great wealth The circumstances of his daughters marriages are a sufficient indication that he had not achieved true gentlemanly status Other evidence suggests that he had not broken convincingly into the ranks of leading figures even of a small market town Moreover following a period of increasing prosperity these business records also reflect a declining income during the last ten years or so of his life and of his efforts to safeguard his assets On the other hand when compared with his father's business failure mainly the result of a loss of credit it is clear that consciously or unconsciously Shakespeare had the good sense or foresight not to over reach himself *Monuments and Literary Posterity in Early Modern Drama* Brian Chalk, 2015-11-19 In spite of the ephemeral nature of performed drama playwrights such as Marlowe Jonson Webster Fletcher and Shakespeare were deeply interested in the endurance of their theatrical work and in their own literary immortality This book re evaluates the relationship between these early modern dramatists and literary posterity by considering their work within the context of post Reformation memorialization Providing fresh analyses of plays by major dramatists Brian Chalk considers how they depicted monuments and other funeral properties on stage in order to exploit and criticize the rich ambiguities of commemorative rituals The book also discusses the print history of the plays featured The subject will attract scholars and upper level students of Renaissance drama memory studies early modern theatre and print history *Shakespeare's Land: Being a Description of Central and Southern Warwickshire* C.J. Ribton-Turner, 1893
