## **Shakespeare's Political Realism:**

*Shakespeare's Political Realism* Tim Spiekerman, 2001-01-25 This book provides fresh interpretations of five of Shakespeare's history plays King John Richard II Henry IV Parts I and II and Henry V each guided by the often criticized assumption that Shakespeare can teach us something about politics In contrast to many contemporary political critics who treat Shakespeare's political dramas as narrow reflections of his time the author maintains that Shakespeare's political vision is wide ranging compelling and relevant to modern audiences Paying close attention to character and context as well as to Shakespeare's creative use of history the author explores Shakespeare's views on perennially important political themes such as ambition legitimacy tradition and political morality Particular emphasis is placed on Shakespeare's relation to Machiavelli turning repeatedly to the conflict between ambition and justice In the end Shakespeare's history plays point to the limits of politics even more pessimistically than Machiavelli's realism *Shakespeare's Political Realism* Tim Spiekerman, 2001-01-25 Explores the continuing relevance of important political themes in five of Shakespeare's English History plays

**Perspectives on Politics in Shakespeare** John Albert Murley, Sean D. Sutton, 2006-01-01 Political science is becoming ever more reliant on abstract statistical models and almost divorced from human judgment hope and idealism William Shakespeare offers the political scientist an antidote to this methodological alienation this self imposed exile from the political concerns of citizens and politicians Shakespeare the most quoted author in the English speaking world presents his characters as rulers citizens and statesmen of the most famous regimes governed by their respective laws and shaped by their respective political and social institutions The actions deliberations mistakes and successes of his characters reveal the limitations and strengths of their regimes whether they be Athens Rome or England The contributors to this volume esteemed scholars of political science show us that Shakespeare's poetic imagination displays the very essence of politics and inspires valuable reflection on the fundamental questions of statesmanship and political leadership *Perspectives on Shakespeare's Politics* explores such themes as classical republicanism and liberty the rule of law and morality the nature and limits of statesmanship and the character of democracy **Shakespeare's Political Histories** John H. Cameron, 2023-12-22 This book posits that Shakespeare's First Tetralogy draws inspiration from the Italian political histories of the early modern period These works of history influenced by the Roman historian Tacitus delve into the exploration of the machinations of power politics in governance and the shaping of historical events The argument is that closely analysing these Italian political histories can significantly enhance our understanding of the political aspects dramatized in Shakespeare's early English History plays Specifically the writings of Niccolo Machiavelli are highlighted as contributing to this understanding These political histories were accessible in a variety of forms to many English early modern writers including Shakespeare Thus they serve as foundation for political and strategic analogies enriching our interpretation of Shakespeare's political histories While delving into the Italian political historians can illuminate Shakespeare's achievement it is suggested that

we should regard the English History plays as politic histories in their own right In essence they are dramatized versions of precisely the same kinds of politic historical writing with its emphasis on *ragion di Stato* or *raison d'état* This emphasis on what the Elizabethans called stratagems introduces new approaches to interpreting the plays Considering the motivation and action of its characters entails novel approaches that challenge the established reading of the plays Machiavellian characters particularly Richard III and shed light on previously overlooked characters particularly Buckingham and Stanley revealing their considerably greater strategic acumen This exploration provides fresh avenues for reading the Shakespeare's politic histories and better appreciate their Italian connection

#### **Shakespeare's Italy and Italy's Shakespeare** Shaul

Bassi,2016-05-04 Shaul Bassi is Associate Professor of English and Postcolonial Literature at Ca Foscari University of Venice Italy His publications include *Visions of Venice in Shakespeare* with Laura Tosi and *Experiences of Freedom in Postcolonial Literatures and Cultures* with Annalisa Oboe

#### **Just and Unjust Wars in Shakespeare** Franziska Quabeck,2013-03-22

The concept of the just war poses one of the most important ethical questions to date Can war ever be justified and if so how When is a cause of war proportional to its costs and who must be held responsible The monograph *Just and Unjust Wars in Shakespeare* demonstrates that the necessary moral evaluation of these questions is not restricted to the philosophical moral and political discourse This analysis of Shakespeare's plays which focuses on the histories tragedies and Roman plays in chronological order brings to light that the drama includes an elaborate and complex debate of the ethical issues of warfare The plays that feature in this analysis range from *Henry VI* to *Coriolanus* and they are analysed according to the three Aquinian principles of legitimate authority just cause and right intention Also extending the principles of analysis to more modern notions of responsibility proportionality and the *jus in bello* presupposition this monograph shows that just war theory constitutes a dominant theoretical approach to war in the Shakespearean canon

#### **Christian Humanism in**

**Shakespeare** Lee Oser,2022-05-06 Shakespeare Lee Oser argues is a Christian literary artist who criticizes and challenges Christians but who does so on Christian grounds Stressing Shakespeare's theological sensitivity Oser places Shakespeare's work in the radical middle the dialectical opening between the sacred and the secular where great writing can flourish According to Oser the radical middle was and remains a site of cultural originality as expressed through mimetic works of art intended for a catholic small c audience It describes the conceptual space where Shakespeare was free to engage theological questions and where his Christian skepticism could serve his literary purposes Oser reviews the rival cases for a Protestant Shakespeare and for a Catholic Shakespeare but leaves the issue open focusing instead on how Shakespeare exploits artistic resources that are specific to Christianity including the classical Christian rhetorical tradition The scope of the book ranges from an introductory survey of the critical field as it now stands to individual chapters on *A Midsummer Night's Dream* *The Merchant of Venice* *the Henriad* *Hamlet* and *King Lear* Writing with a deep sense of literary history Oser holds that mainstream literary criticism has created a false picture of Shakespeare by secularizing him and misconstruing the nature of

his art Through careful study of the plays Oser recovers a Shakespeare who is less vulnerable to the winds of academic and political fashion and who is a friend to the enduring project of humanistic education Christian Humanism in Shakespeare A Study in Religion and Literature is both eminently readable and a work of consequence **Religion Around Shakespeare** Peter Iver Kaufman,2015-06-26 For years scholars and others have been trying to out Shakespeare as an ardent Calvinist a crypto Catholic a Puritan baiter a secularist or a devotee of some hybrid faith In Religion Around Shakespeare Peter Kaufman sets aside such speculation in favor of considering the historical and religious context surrounding his work Employing extensive archival research he aims to assist literary historians who probe the religious discourses characters and events that seem to have found places in Shakespeare s plays and to aid general readers or playgoers developing an interest in the plays and playwright s religious contexts Catholic conformist and reformist Kaufman argues that sermons preached around Shakespeare and conflicts that left their marks on literature law municipal chronicles and vestry minutes enlivened the world in which and with which he worked and can enrich our understanding of the playwright and his plays **Shakespeare and Science Fiction** Sarah Annes Brown,2021-11-16 In Shakespeare and Science Fiction Sarah Annes Brown investigates why so many science fiction writers have turned to Shakespeare when imagining humanity s future He and his works become a kind of touchstone for the species in much science fiction both transcending and exemplifying what it means to be human Writers have used Shakespeare in a range of often contradictory ways He is associated with freedom and with tyranny with optimistic visions of space exploration and with the complete destruction of the human race His works have been invoked to justify the existence of humanity but have also frequently been coopted for their own purposes by alien life forms or artificial intelligences Shakespeare and Science Fiction is the first extended study of Shakespeare s influence on the genre It draws on over a hundred works across different science fiction media identifying recurring patterns and telling contradictions in the way science fiction engages with Shakespeare It includes discussions of time travel alternate history dystopias space opera posthuman identity and post apocalyptic fiction Shakespeare's Histories Emma Smith,2008-04-15 This Guide steers students through four centuries of critical writing on Shakespeare s history plays enhancing their enjoyment and broadening their critical repertoire Guides students through four centuries of critical writing on Shakespeare s history plays Covers both significant early views and recent critical interventions Substantial editorial material links the articles and places them in context Annotated suggestions for further reading allow students to investigate further **Shakespeare Survey: Volume 55, King Lear and Its Afterlife** Peter Holland,2002-10-24 Shakespeare Survey is a yearbook of Shakespeare studies and production Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of criticism and performance For the first time numbers 1 50 are being reissued in paperback Thinking About Shakespeare Kay Stockholder,2018-07-27 Explores the challenges of maintaining bonds living up to ideals and fulfilling desire in Shakespeare s plays In Thinking About Shakespeare Kay Stockholder reveals the rich inner lives of some of Shakespeare s most enigmatic

characters and the ways in which their emotions and actions shape and are shaped by the social and political world around them In addressing all genres in the Shakespeare canon the authors explore the possibility of people being constant to each other in many different kinds of relationships those of lovers kings and subjects friends and business partners While some bonds are irrevocably broken many are reaffirmed In all cases the authors offer insight into what drives Shakespeare's characters to do what they do what draws them together or pulls them apart and the extent to which bonds can ever be eternal Ultimately the most durable bond may be between the playwright and the audience whereby the playwright pleases and the audience approves The book takes an in depth look at a dozen of The Bard's best loved works including A Midsummer Night's Dream Romeo and Juliet The Merchant of Venice Richard II Henry IV Part I Hamlet Troilus and Cressida Othello Macbeth King Lear Antony and Cleopatra and The Tempest It also provides an epilogue titled Prospero and Shakespeare Written in a style accessible for all levels Discusses 12 plays making it a comprehensive study of Shakespeare's work Covers every genre of The Bard's work giving readers a full sense of Shakespeare's art thought over the course of his oeuvre Provides a solid overall sense of each play and the major characters plot lines in them Providing new and sometimes unconventional and provocative ways to think about characters that have had a long critical heritage Thinking About Shakespeare is an enlightening read that is perfect for scholars and ideal for any level of student studying one of history's greatest storytellers *Childhood in Shakespeare's Plays* Morriss Henry Partee, 2006 Original Scholarly Monograph

Shakespeare and Early Modern Religion David Loewenstein, Michael Witmore, 2015-01-22 Written by an international team of literary scholars and historians this collaborative volume illuminates the diversity of early modern religious beliefs and practices in Shakespeare's England and considers how religious culture is imaginatively reanimated in Shakespeare's plays Fourteen new essays explore the creative ways Shakespeare engaged with the multifaceted dimensions of Protestantism Catholicism non-Christian religions including Judaism and Islam and secular perspectives considering plays such as Hamlet Julius Caesar King John King Lear Macbeth Measure for Measure A Midsummer Night's Dream and The Winter's Tale The collection is of great interest to readers of Shakespeare studies early modern literature religious studies and early modern history **Shakespeare and the Dramaturgy of Power** John D. Cox, 2014-07-14 Ranging over all the dramatic genres in the Shakespearean canon this book focuses on plays where medieval drama most clearly illuminates Shakespeare's treatment of political power and social privilege Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

the political motives that could inspire a playwright's representation of national history. Illuminating and instructive Shakespeare's Early History Plays includes not only close investigation of the verbal poetic and political texture of the plays but also provides a broad overview of the wider sixteenth-century historiographical contexts of the plays and their significance to Shakespeare's oeuvre more generally.

**The Shakespeare Company, 1594-1642** Andrew Gurr, 2004-04-15  
This is the first complete history of the theatre company created in 1594 which in 1603 became the King's Men. Shakespeare was at the heart of the team of players who with their successors ran an operation that lasted until the theatres closed in 1642. During those forty-eight years they staged all of Shakespeare's plays, a number of Ben Jonson's, those of Thomas Middleton and John Webster, and almost all of the Beaumont and Fletcher canon. Andrew Gurr provides a comprehensive history of the company's activities. A chapter on their finances explains the unique management system they adopted, and two chapters study the fashions in their repertory and the complex relationships with their royal patrons. The 6 appendixes identify the 99 players who worked in the company and the 168 plays they are known to have owned and performed, as well as the key documents from the company's history.

*Shakespeare and the Body Politic* Bernard J. Dobski, Dustin A. Gish, 2013-04-25  
Metaphors animate Shakespeare's corpus, and one of the most prominent is the image of the body. Sketched out in the eternal lines of his plays and poetry, and often drawn in exquisite detail, variations on the body metaphor abound in the works of Shakespeare. Attention to the political dimensions of this metaphor in *Shakespeare and the Body Politic* permits readers to examine the sentiments of romantic love and family life, the enjoyment of peace, prosperity, and justice, and the spirited pursuit of honor and glory as they inevitably emerge within the social, moral, and religious limits of particular political communities. The lessons to be learned from such an examination are both timely and timeless. For the tensions between the desires and pursuits of individuals and the health of the community forge the sinews of every body politic, regardless of the form it may take or even where and when one might encounter it. In his plays and poetry, Shakespeare illuminates these tensions within the body politic, which itself constitutes the framework for a flourishing community of human beings and citizens, from the ancient city-states of Greece and Rome to the Christian cities and kingdoms of early modern Europe. The contributors to this volume attend to the political context and role of political actors within the diverse works of Shakespeare, that they explore. Their arguments thus exhibit together Shakespeare's political thought. By examining his plays and poetry with the seriousness they deserve, Shakespeare's audiences and readers not only discover an education in human and political virtue but also find themselves written into his lines. Shakespeare's body of work is indeed politic, and the whole that it forms incorporates us all.

Right here, we have countless book **Shakespeares Political Realism** and collections to check out. We additionally meet the expense of variant types and as a consequence type of the books to browse.
