Msc. D.D.,2022-08-01 Our Father which art in heaven begins one of the great lessons taught by Jesus When we hear the words Our Father we are often impressed with an image of a great man with white hair watching over us from heaven above steering our lives As humans we seek a parental authority to tell us when we are straying from optimal behavior It is a primal need In that light the Bible provides us with instructions dictated by a personified God to the masters of the past whose stories are forever preserved in scripture But who is God The first of those biblical stories gives us a clue that we are created in the image of God In those words we infer that since we are human beings we must have been created in the image of an omnipotent humanlike being But is that God Is God a man at all In this book Randy Doster explores these questions and shows us how since ancient times humanity has recognized both masculine and feminine aspects of Creation In male dominated cultures the masculine creative aspect of God has become the dominant image but even in the Lord's Prayer we call on the feminine nurturing aspects of God

to give us our daily bread Ancient cultures and philosophies recognized the presence of both masculine and feminine aspects of Creation not necessarily as people but as the creative and nurturing forces of nature that pervade everything which survive in some faith traditions today Some refer to Mother Father God to honor those aspects of Creation that thrive within and around us As we explore these ideas we discover that we are creative and nurturing beings created in the image of a creative and nurturing life force we lovingly refer to as God These pages take you on a journey which reveals new ways of looking at the truth that has always existed They reveal a different way of expressing God not a man in the clouds but a force of life that pervades within us just as it pervades everything around us As we explore our inner truth we find that there is naught else but God serving our highest good What we perceive as good and bad are not judgments of a humanlike deity but our own human perceptions of human life human morals and human judgment All is God All is Good All is Off the Hook Earl Wayne Heflinger, 2018-03-15 The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion The book has three parts The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church's teachings on his thought processes and behavior The remarkably poignant stories show in painful detail how his self esteem was crushed how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents During his school days his social life was severely stunted because he felt like an outsider everywhere but in church The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon fed belief system to a personally chosen worldview He thoughtfully muses about all the significant elements of religious spiritual belief systems God Jesus the Bible sin morality science life after death marriage divorce and others and contrasts his evolving beliefs with those of organized religion This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding The third part calls on the author's advanced education and professional experience in business and government in analyzing and developing systems and procedures It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power *The Art of Conscious Creation* Jackie Lapin, 2007 This compelling book reveals the 25 Universal Guiding Principles that lead to a happier more fulfilling prosperous and struggle free life **The Relaxation & Stress Reduction Workbook (EasyRead Comfort Edition)** Martha Davis, 2017 **30 Scripts for Relaxation, Imagery & Inner Healing** Julie T.
