Shalom, Haver Barbara Sofer, 1996 A photo essay in memory of Yitzhak Rabin the Israeli prime minister who was assassinated in 1995      **Israel in the Making** Hagar Salamon, 2017-03-27 The brilliant kaleidoscope of everyday creativity in Israel is thrown into relief in this study which teases out the abiding national tensions and contradictions at work in the expressive acts of ordinary people Hagar Salamon examines creativity in Israel's public sphere through the lively discourse of bumper stickers which have become a potent medium for identity and commentary on national and religious issues Exploring the more private expressive sphere of women's embroidery she profiles a group of Jerusalem women who meet regularly and create folk embroidery Salamon also considers the significance of folk expressions at the intersections of the public and private that rework change and embrace transformation Far ranging and insightful *Israel in the Making* captures the complex creative essence of a nation state and vividly demonstrates how its citizens go about defining themselves others and their country every day      **The Clinton Tapes** Taylor Branch, 2009-09-29 Former President Bill Clinton speaks intimately over seven years to his long time friend a Pulitzer Prize winning historian about what it's like to be president Providing illuminating commentaries on major issues these conversations depict Clinton as a principled man with a restless intellect b w photographs      **Shalom, Haver - Goodbye Friend** Barbara Sofer, 1996 A photo essay in memory of Yitzhak Rabin the Israeli prime minister who was assassinated in 1995      **Faith for Beginners** Aaron Hamburger, 2006-11-14 An acclaimed short story writer has created a miraculous first novel about an American family on the verge of a breakdown and an epiphany In the summer of 2000 Israel teeters between total war and total peace Similarly on edge Helen Michaelson a respectable suburban housewife from Michigan has brought her ailing husband and rebellious college age son Jeremy to Jerusalem She hopes the journey will inspire Jeremy to reconnect with his faith and find meaning in his life or at least get rid of his nose ring It's not that Helen is concerned about Jeremy's sexual orientation after all her other son is gay as well It's merely the matter of the overdose Just like Liza Jeremy had told her the green hair and what looks like a safety pin stuck through his face After therapy unconditional love and tough love why not try Israel Yet in seductive and dangerous surroundings with the rumbling of violence and change in the air in a part of the world where there are no modern times mother and son become new old and surprising versions of themselves Funny erotic searingly insightful and profoundly moving *Faith for Beginners* is a stunning debut novel from a vibrant new voice in fiction      *The Resistible Rise of Benjamin Netanyahu* Neill Lochery, 2016-11-15 The first English language biography of Benjamin Netanyahu the divisive and controversial Prime Minister of Israel Benjamin Netanyahu is the longest serving Prime Minister of Israel For much of the world Netanyahu is a right wing nationalist zealot for many Israelis he is a centrist who is too soft on Arabs and backs down too easily in a fight Love him or loathe him Netanyahu has been at the very center of Arab Israeli politics since 1990 when he became the telegenic Israeli spokesman for CNN's coverage of the Persian Gulf War arguably ushering in the Americanization of the Israeli media Netanyahu is

famous for his TV skills but there is so much more to reveal good and bad about the man and his place in Israeli Middle Eastern and world political history Using the juncture of the Oslo Accords to take the reader back to Netanyahu s formative years Neill Lochery a renowned scholar of Middle Eastern politics and history chronicles not only the Prime Minister s life but also the issues his career has encompassed from the rise of militant Islam to the politics of oil from the transformation of Israeli politics by the 24 7 cable news cycle to the US s changing role in the Middle East

**The Fall of the House of Bush**

Craig Unger,2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush s fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller House of Bush House of Saud comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America s constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God s will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president s father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush s State of the Union address in which he made the case for war with Iraq How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war A seasoned award winning investigative reporter connected to many back channel political and intelligence sources Craig Unger knows how to get the big story and this one is his most explosive yet Through scores of interviews with figures in the Christian Right the neoconservative movement the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA the Pentagon and Israel Unger shows how the Bush administration s certainty that it could bend history to its will has carried America into the disastrous war in Iraq dooming Bush s presidency to failure and costing America thousands of lives and trillions of dollars Far from ensuring our security the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East particularly in Iran Provocative timely and disturbing The Fall of the House of Bush stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq

A Covenant in Shanghai

David Brailovsky,2000-01-20 A Covenant in Shanghai is about survival and alienation We follow Daniel and his three friends as they grow from childhood to adolescence and to early manhood We share their tensions frustrations and their anxieties as they struggle to survive by overcoming the temptations that this sybaritic and decadent city offers at

every corner It is about alienation of not accepting and of not being accepted by an ancient and proud culture The four friends do not feel at home in the East nor are they comfortable in the West They have to learn how to live and survive in this limbo The four boys of different backgrounds American English French and Russian accentuate the kaleidoscopic nature of a fascinating yet often ominous and tragic lifestyle This is also the story of the survival of a majestic and resilient city that suffers with dignity the humiliations of shortages the ravages of epidemics the conflict of political ideologies and refuses to be conquered by desecrations of wars This multi ethnic multicultural metropolis is neither Western nor Chinese Like its population it is alien to both It is a tragic hybrid grafted on the map of China
