First published in 1951 The Malay Magician employs historical and comparative data to unravel the different elements pagan Hindu and Muslim in a complex system of Malay magic as it exists in the Federation of Malay in general and more specifically as it exists in the Malay States of Kelantan Perak Pahang Selangor and Negri Sembilan Tied up with the concept of magic is the Malay magician whose many functions and roles in the society are discussed in detail This book will be of interest to students of anthropology sociology history and cultural studies *The Malay Magician* Sir Richard Olof Winstedt, 1961 *Shaman Saiva and Sufi: A Study of the Evolution of Malay Magic* R. This book is the outcome of a close study of the language and beliefs of the Malays during a period of residence in the Malay Peninsula that has now reached twenty two years Its object is to unravel a complex system of magic in the light of historical and comparative data By itself this system is a tangle every thread of which scholars working in Europe are led to term Malay although even the native distinguishes this thread as Indian and that as Muslim Chapters i iv deal with the Malay s evolution from animist to Muslim chapters v and vi with his animism chapters vii and viii with his shamanism chapter ix with rites largely infected with Hindu magic and chapters x and xi with Muslim accretions Like all writers on this subject I am indebted to the classical works of Tylor Frazer and Jevons and particularly to the articles by specialists on the magic of different races and faith in Hastings Encyclopaedia of Religion and Ethics Working far away from an adequate library I have found this Encyclopaedia of incalculable value *Shaman, Saiva and Sufi, A Study of the Evolution of Malay Magic* R O Winstedt, 2021-04-04
