

Banish animosity  
Summon endearment  
You are kindred to  
each one you greet  
each one you deal with  
crossing the world  
Salute the love ability  
in all those you meet  
Elicit the beauty that  
hides in all flesh  
Let freedom of feeling  
liberate mankind  
Love one another  
at last

**Shaman Body** Alexandra Grilikhes, 1996      **Contemporary Visual Poetry** Fiona Becket, 2025-09-15 This book examines contemporary visual poetry and how conceptual writing poem objects and computational texts shape a posthumanist understanding that is situated First the eye is theorised with respect to ethical understanding When visual poets reclaim vision visual poetics becomes a feminist praxis In Paula Claire and Maggie O Sullivan visual poetry becomes an ecological practice concerned with connectivity in the entanglements of natureculture In O Sullivan Campanello Bergvall and Philip spatial and temporal sense de formation sustains radical forms of voicing and eyewitness Finally works by Mez Breeze and Stephanie Strickland expand our understanding of visual poetry in digital electronic virtual reality and artificial intelligence contexts in which technology and affect are intimately connected These visual texts open up Braidotti s question with respect to how we are to visualize the subject as a transversal entity encompassing the human our genetic neighbours the animals and the earth as a whole and to do so within an understandable language      *G.K. Hall Women's Studies Index*, 2000      *The Figure of the Shaman in Contemporary British Poetry* Shamsad Mortuza, 2014-08-11 This genealogical study focuses on the work of five contemporary British poets in order to locate them in a counter cultural tradition that is informed by strategic responses to state terrorism It identifies some historical moments of ruptures such as the persecution of the Celtic druids by the Romans the killing of the Welsh bards by Edward I the appropriation of bardic materials by Romantic poets writing in a post French Revolution era and the beatnik response to a post World War bipolar world in order to contextualise and discuss the poets of British Poetry Revival writing under Thatcherism Drawing on Mircea Eliade s notion of shamanism as archaic techniques of ecstasy these poets have transformed Eliade s version of the shaman s elective trauma and enacted a critical rejection of totalitarian tools of the state and society Categorised as the Technicians of the Sacred and the Technicians of the Body these shamanic poets include Iain Sinclair Jeremy Prynne Brian Catling Barry MacSweeney and Maggie O Sullivan Their poetic strategy is not a New Age fad it rather investigates and inventories the hidden energies of past and present to wrest spirituality away from the confines of religion and politics while embodying it in textual praxis

*Feminist Periodicals*, 1999      *Women's Experimental Poetry in Britain 1970-2010* David Kennedy, Christine Kennedy, 2013 This study presents the history and current state of women s experimental poetry in Britain and places it within wider social and political contexts Ranging from Geraldine Monk s ventriloquising of the Pendle witches to Denise Riley s highly self critical lyric poems from the multimedia experiments of Maggie O Sullivan to the globally aware politicised sequences of Andrea Brady and Jennifer Cooke this book theorises women s alternative poetry in terms of Julia Kristeva s idea of women s time and of the female poetic voice constantly negotiating with dominant systems of representation

*Women's Studies Index*, 1999      **Shamanic Elements in the Poetry of Ted Hughes** Ewa Panecka, 2018-04-18 This study on religious experience in modern poetry features innovatory and accessible close readings of some of the most

beloved authors of English verse In today's seemingly secular age religion still remains a highly contested subject The selection of texts analysed here is representative of a wide spectrum of attitudes including a sharply critical refusal to acknowledge Christianity as the basis of civilization Some poets see national religion as a framework for cultural identity while others worship nature as the omnipotent Force of Life trying to create their own gods Rather than reducing poetry to a background for philosophical analysis or theological deliberation this book presents diverse modes of the poetic endeavor to capture and convey the divine The chapters provide a range of perspectives on individual experience rendered into poetry as a subtle relationship between faith perception and language The text will be of interest to anyone looking for new ways of reading poetry as a spiritual quest **Ibbetson Street #41** Doug Holder, 2017-06-05 Poetry by Pui Ying Wong Joyce Peseroff Ted Kooser Brendan Galvin and more

**Chicano and Chicana Literature** Charles M. Tatum, 2022-07-26 The literary culture of the Spanish speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict and much of the literature seeks to capture the epic experiences of conquest and settlement The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic growing and vital parts of what we know as contemporary U S literature In this comprehensive examination of Chicano and Chicana literature Charles M Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans From the earliest sixteenth century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century and then to the flowering of all literary genres in the post Chicano Movement years Chicano literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized population Exploring the work of Rudolfo Anaya Sandra Cisneros Luis Alberto Urrea and many more Tatum examines the important social historical and cultural contexts in which the writing evolved paying special attention to the Chicano Movement and the flourishing of literary texts during the 1960s and early 1970s Chapters provide an overview of the most important theoretical and critical approaches employed by scholars over the past forty years and survey the major trends and themes in contemporary autobiography memoir fiction and poetry The most complete and up to date introduction to Chicana literature available this book will be an ideal reference for scholars of Hispanic and American literature Discussion questions and suggested reading included at the end of each chapter are especially suited for classroom use

story of the poetic response to catastrophe and the hope for a new and perfect world on the other side The study traces two parallel developments the displacement of the Davidic promise onto the Persian Empire Israel and the prophet himself and the transition from exclusively male images of the deity to the matching of male and female prototypes whereby YHWH takes the place of the warrior goddess Poetry Catastrophe and Hope in the Book of Isaiah consists of close readings of individual passages in Isaiah commencing with Chapter One and the problems of beginning and ending with Deutero Isaiah composed subsequent to the Babylonian exile The volume is arranged thematically as well as sequentially the first chapter following the introduction concerns gender the second death the third the Oracles about the Nations At the centre there is what Landy calls the constitutive enigma Isaiah's commission in his vision to speak so that people will not understand This renders the entire book potentially incomprehensible the more we try to understand it the greater the difficulty For Landy this creates a model of reading and writing the challenge and the risk of going up blind alleys of trying to make sense of a disastrous world Isaiah's commission pervades the book Throughout there is a promise of an age of clarity as well as social and political transformation which is always deferred beyond the horizon Hence it is a book without an ending or with multiple endings In the final chapters the author turns to the central Chapter Thirty Three a mise en abyme of the book and a prayer for deliverance and the issues of exile and the possibility of return Like every poetic work particularly in an era of cultural collapse it is a critique of the past and a hope for a new humanity **Honoring the Medicine** Kenneth S.
