Santiniketan (The Bolpur School and University of Sir Rabindranath Tagore). William Winstanley Pearson, 1924

Rabindranath Tagore's Journey as an Educator Mohammad A. Quayum, 2022-12-20 This book looks at Rabindranath Tagore's experiments and journey as an educator and the influence of humanistic worldviews, nationalism and cosmopolitanism in his philosophy of education. It juxtaposes the educational systems and institutions set up by the British colonial administration with Tagore's pedagogical vision and schools in Santiniketan, West Bengal: Brahmacharya Asram, 1901; Visva Bharati University, 1921; and Sriniketan Institute of Village Reconstruction, 1922. An educational pioneer and a poet-teacher, Tagore combined nature and culture, tradition and modernity, East and West in formulating his educational methodology. The essays in this volume analyse the relevance of his theories and practice in encouraging greater cultural exchange and the dissolution of the walls between classrooms and communities. This book will be useful for scholars and researchers of education, Tagore studies, literature, cultural studies, sociology of education, South Asian studies, and colonial and postcolonial studies.

A Poet's Ashram Sukalyan Chanda, 2025-01-24 The remarkably creative life of Rabindranath Tagore (1861-1941) has long been an area of scholarly enquiry. Yet surprisingly, his role as the founder of an experimental ashram community remains unexplored. A Poet's Ashram retrieves his idea of his ashram through an exploration of his writings on the institutions he built. The ashram community Tagore endeavoured to create in Santiniketan during the period 1901-1941 was his response to the question of modernity. Through his effort to reinvent the ancient Indian ideal of the ashram, he articulated his idea of a mode of collective living that was meant to be grounded in a set of ethical values derived from India's civilizational inheritance. This book traces the history of how his ashram school evolved into a community that practised egalitarianism, inclusiveness and creativity through its daily existence. It explores a range of nineteenth and twentieth-century discourses and Tagore's engagement with them in order to situate that idea within its historical context.

critical juncture in the history of modern India and the world This book's reading of his project unravels its anti colonial underpinnings and the commonalities it shared with some of the other similar experimental communities that challenged illiberal ideologies and power relations during the early twentieth century Meticulously researched and perceptively written this book will be of interest to students and researchers of history political science culture studies and postcolonial studies It will also be of interest to educationists educators and those interested in colonial modernity modern Indian history philosophy of education institution building peace inclusivity and sustainability
