CLARENDON

PAPERBACKS

Shape Of Athenian Law

David Phillips

Shape Of Athenian Law:

The Shape of Athenian Law Stephen Charles Todd, Stephen Todd, 1993 Systematic survey of the law of Athens including the democratic political system and social structure Use surviving law court speeches of the Attic orators and also Athenian comedy public inscriptions and various historical and philosophical texts comprehensive glossary of ancient and modern technical and legal terms

The Shape of Athenian Law S. C. Todd, 1993 *The Law of Ancient Athens* David Phillips, 2013-10-14 A topic fundamental to understanding the ancient world

Democratic Law in Classical Athens Michael Gagarin, 2020-03-17 The democratic legal system created by the Athenians was completely controlled by ordinary citizens with no judges lawyers or jurists involved It placed great importance on the litigants rhetorical performances Did this make it nothing more than a rhetorical contest judged by largely uneducated citizens that had nothing to do with law a criticism that some including Plato have made Michael Gagarin argues to the contrary contending that the Athenians both controlled litigants performances and incorporated many other unusual features into their legal system including rules for interrogating slaves and swearing an oath The Athenians Gagarin shows adhered to the law as they understood it which was a set of principles more flexible than our current understanding allows The Athenians also insisted that their legal system serve the ends of justice and benefit the city and its people In this way the law ultimately satisfied most Athenians and probably produced just results as often as modern legal systems do Comprehensive and wide ranging Democratic Law in Classical Athens offers a new perspective for viewing a legal system that was democratic in a way only the Athenians could achieve

Space, Place, and Landscape in Ancient Greek Literature and Culture Kate Gilhuly, Nancy Worman, 2014-09-22 This book brings together a collection of original essays that engage with cultural geography and landscape studies to produce new ways of understanding place space and landscape in Greek literature from the fifth and fourth centuries BCE The authors draw on an eclectic collection of contemporary approaches to bring the study of ancient Greek literature into dialogue with the burgeoning discussion of spatial theory in the humanities The essays in this volume treat a variety of textual spaces from the intimate to the expansive the bedroom ritual space the law courts theatrical space the poetics of the city and the landscape of war And yet all of the contributions are united by an interest in recuperating some of the many ways in which the ancient Greeks in the archaic and classical periods invested places with meaning and in how the representation of place links texts to social practices

Paul in the Greco-Roman World: A Handbook J. Paul Sampley, 2016-10-06 This landmark handbook written by distinguished Pauline scholars and first published in 2003 remains the first and only work to offer lucid and insightful examinations of Paul and his world in such depth Together the two volumes that constitute the handbook in its much revised form provide a comprehensive reference resource for new testament scholars looking to understand the classical world in which Paul lived and work Each chapter provides an overview of a particular social convention literary of rhetorical topos social practice or cultural mores of the world in which Paul and

his audiences were at home In addition the sections use carefully chosen examples to demonstrate how particularly features of Greco Roman culture shed light on Paul s letters and on his readers possible perception of them For the new edition all the contributions have been fully revised to take into account the last ten years of methodological change and the helpful chapter bibliographies fully updated Wholly new chapters cover such issues as Paul and Memory Paul s Economics honor and shame in Paul s writings and the Greek novel

The Oxford Classical Dictionary Simon Hornblower, Antony Spawforth, Esther Eidinow, 2012-03-29 The revised third edition of the Oxford Classical Dictionary is the ultimate reference on the classical world containing over 6 200 entries The 2003 revision includes minor corrections and updates and all Latin and Greek words in the text are now translated into English

Litigation and Cooperation Lene Rubinstein, 2000 Syn goroi are widely known in Athenian law to have served as supporting speakers and aids to the main prosecutors within a courtroom Lene Rubinstein argues that these people were an important part of court practice and social and political litigation though largely ignored in many previous studies of Athenian politics Her study draws extensively on the speeches of syn goroi revealing their multi functionality as witnesses as co speakers alongside the main prosecutor and as part of a collaborative legal team

Lawyer R. Blain Andrus, 2009 This hysterical scholarly look at the history of lawyers is a roller coaster ride through history viewed from a lawyer s perspective This book will provide you with a good sense of the primal ooze that gave rise to the first lawyer and the religious cultural philosophical economic and political forces that have preserved lawyers from extinction at least so far

Warfare and Agriculture in Classical Greece Victor Davis Hanson, 1998 Provides a systematic review of Greek agriculture and warfare and describes the relationship between these two important aspects of life in ancient communities With careful attention to agronomic as well as military details this researched study reveals the remarkable resilience of those farmland communities

Warfare and Agriculture in Classical Greece, Revised edition Victor Davis Hanson, 1998-10-20 The ancient Greeks were for the most part a rural not an urban society And for much of the Classical period war was more common than peace Almost all accounts of ancient history assume that farming and fighting were critical events in the lives of the citizenry Yet never before have we had a comprehensive modern study of the relationship between agriculture and warfare in the Greek world In this completely revised edition of *Warfare and Agriculture in Classical Greece* Victor Davis Hanson provides a systematic review of Greek agriculture and warfare and describes the relationship between these two important aspects of life in ancient communities With careful attention to agronomic as well as military details this well written thoroughly researched study reveals the remarkable resilience of those farmland communities In the past scholars have assumed that the agricultural infrastructure of ancient society was often ruined by attack as for example Athens was relegated to poverty in the aftermath of the Persian and later Peloponnesian invasions Hanson s study shows however that in reality attacks on agriculture rarely resulted in famines or permanent agrarian depression Trees and vines are hard to destroy and grainfields are only briefly vulnerable to torching In addition

ancient armies were rather inefficient systematic ravagers and instead used other tactics such as occupying their enemies farms to incite infantry battle Warfare and Agriculture in Classical Greece suggests that for all ancient societies rural depression and desolation came about from more subtle phenomena taxes changes in political and social structure and new cultural values rather than from destructive warfare

Lives of the Attic Orators Joseph Roisman,Ian Worthington,2015 This volume provides a complete translation of and historical and historiographical commentary on the lives of the ten Attic orators given by Pseudo Plutarch Photius and the Suda Assessing these works as important historical sources for the individual lives and careers of the orators whose works have survived this systematic study explores how these literary biographies were constructed the information they provide and their veracity In depth commentary notes offer contextual information explain references and examine individual rhetorical phrases and a glossary of technical terms provides a quick reference guide to the more obscure oratorical and political terms The volume also includes a detailed introduction which discusses the evolution of Greek oratory and rhetoric the so called Canon of the Ten Orators the authorship dates and sources of the biographies provided by Pseudo Plutarch Photius and the Suda and a brief consideration of orators whose speeches were either falsely attributed to Demosthenes or may be referenced in the ancient lives

Plutarch's Advice to the Bride and Groom and A Consolation to His Wife Sarah B. Pomeroy,1999-06-03 This book is a collection of essays with commentary and evaluative bibliography on Plutarch Advice to the Bride and Groom and Consolation to His Wife along with Greek texts and English translations It is designed to help readers understand and appreciate two important documents for the study of gender and the family in the Greco Roman world and in later Western history This book therefore is written for both a scholarly and a general audience The commentary essays and bibliography are designed for those who are reading the English translation The Greek text which is not otherwise easily accessible is included for the convenience of readers who can read Greek

Encyclopedia of the Ancient Greek World David Sacks,Oswyn Murray,Lisa R. Brody,2014-05-14 Discusses the people places and events found in over 2 000 years of Greek civilization

House and Society in the Ancient Greek World Lisa C. Nevett,2001-05-10 This 1999 book re examines traditional assumptions about the nature of social relationships in Greek households during the Classical and Hellenistic periods Through detailed exploration of archaeological evidence from individual houses Lisa Nevett identifies a recognisable concept of the citizen household as a social unit and suggests that this was present in numerous Greek cities She argues that in such households relations between men and women traditionally perceived as dominating the domestic environment should be placed within the wider context of domestic activity Although gender was an important cultural factor which helped to shape the organisation of the house this was balanced against other influences notably the relationship between household members and outsiders At the same time the role of the household in relation to the wider social structures of the polis or city state changed rapidly through time with the house itself coming to represent an important symbol of personal prestige

Courtesans and Fishcakes James

Davidson,2015-03-03 Davidson's concern is with ancient appetites food drink and sex in classical Athens He presents a superior class of hedonist Peter Parsons London Review of Books The lifestyle of the classical Greeks often seems disappointingly modest when compared to those of other legendary civilizations Where are the marble floors the pillared halls the gilded rooms Even the Athenians the richest and most powerful of the Greeks were said by one contemporary to dress no better than slaves Athenians however were as skilled at spending as their playwrights were at devising tragedies Vast estates vanished overnight squandered not on material luxury but on eating drinking and sex ephemeral pleasures that left no monuments but are recounted in numerous ancient texts Much of what they describe seems familiar the pleasures of wine the dangers of seduction a mouthwatering plate of squid but some stories are more puzzling savages on the shores of the Persian Gulf who live off bread made of fish flour Alexander the Great drinks a toast that kills him Socrates interrogates a beautiful woman who lives in luxury with no obvious means of support James Davidson masterfully unravels these strange anecdotes casting new light not only on ancient pleasures but on the Ancient World as a whole Full of intriguing detail and perspicacious insight Courtesans and Fishcakes takes swipe at the old scholarship Freud Nietzsche Foucault and lays the groundwork for the new delivering a fascinating and engagingly written study of the hedonism that ruled Athens There could be no better popular history than this Mary Beard Los Angeles Times

The Demades Papyrus (P.Berol. inv. 13045)

Davide Amendola,2022-10-03 Despite the significance of its contents the so called Demades papyrus P Berol inv 13045 has received scarce scholarly attention since the 1923 editio princeps by Karl Kunst This unique late second century BCE document of almost 430 lines was found in the Egyptian chora but it is supposed to have been written in Alexandria where it probably served as a textbook for the highest level of rhetorical education Besides shedding new light on its find circumstances and physical aspects the volume offers a full re edition and commentary of the two adespota texts contained in it namely a eulogy of the Lagid monarchy and a historical work consisting of a dialogue between Demades and his prosecutor in the trial of 319 BCE at the court of Pella The aim of the accompanying introduction is to address the question of the origin nature and purpose of such fragments and of the collection itself as well as to show to what extent the papyrus contributes to a better understanding of some of the main historical events of the early Hellenistic period This book is thus meant to fill a significant gap in Classical scholarship all the more so as a close investigation of most of the topics dealt with therein has hitherto been lacking

The Heroic Rulers of Archaic and Classical Greece Lynette Mitchell,2013-10-03 This volume takes a

fresh look at rulers and ruling in archaic and classical Greece

Trials from Classical Athens Christopher

Carey,2002-09-11 This comprehensive book will be a fundamental resource for students of Ancient Greek history and anyone interested in the law social history and oratory of the Ancient Greek world

Plato and Modern Law Richard O.

Brooks,2017-07-05 This audacious collection of modern writings on Plato and the Law argues that Plato's work offers insights for resolving modern jurisprudential problems Plato's dialogues in this modern interpretation reveal that knowledge of the

functions of law based upon intelligible principles can be reformulated for relevance to our age. Leading interpreters of Plato, Vlastos, Hall, Strauss, Weinrib, Annas, and Morrow are included in the collection. The editor supplies an insightful introduction and extensive bibliography to the collection.

Decoding **Shape Of Athenian Law**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its capability to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Shape Of Athenian Law**," a mesmerizing literary creation penned by way of a celebrated wordsmith, readers embark on an enlightening odyssey, unraveling the intricate significance of language and its enduring effect on our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.
