The Aboriginal Names of Rivers in Australia Philologically Examined Peter MacPherson, 1887 Reviews Aboriginal names of rivers streams and waters principles on which names have been given Names of islands root words for water and their bearing on grammar **Just Words?** Bernadette M. Brennan, 2008 Over the past decade Australians have witnessed a significant shift to more insular and conservative economic ethical and cultural norms The problems of valuing and achieving justice seem more acute than ever yet the solutions to those problems are not obvious nor are those in power taking the lead In this powerful collection Australian writers including Gail Jones Eva Sallis and Frank Brennan explore the relationship between writing and justice a relationship utterly dependent on informed ethical readers These essays from poets essayists academics playwrights critics and novelists demonstrate how it is possible for writing to articulate concerns of justice enlighten the broader community and move citizens to action **BOOK JACKET** **Grassfinches in Australia** Joseph Michael Forshaw, Mark Shephard, 2012 An up to date fully illustrated monograph on all Australian species of grassfinches *German Ethnography in Australia* Nicolas Peterson, Anna Kenny, 2017-09-21 The contribution of German ethnography to Australian anthropological scholarship on Aboriginal societies and cultures has been limited primarily because few people working in the field read German But it has also been neglected because its humanistic concerns with language religion and mythology contrasted with the mainstream British social anthropological tradition that prevailed in Australia until the late 1960s The advent of native title claims which require drawing on the earliest ethnography for any area together with an increase in research on rock art of the Kimberley region has stimulated interest in this German ethnography as have some recent book translations Even so several major bodies of ethnography such as the 13 volumes on the cultures of northeastern South Australia and the seven volumes on the Aranda of the Alice Springs region remain inaccessible along with many ethnographically rich articles and reports in mission archives In 18 chapters this book introduces and reviews the significance of this neglected work much of it by missionaries who first wrote on Australian Aboriginal cultures in the 1840s Almost all of these German speakers in particular the missionaries learnt an Aboriginal language in order to be able to document religious beliefs mythology and songs as a first step to conversion As a result they produced an enormously valuable body of work that will greatly enrich regional ethnographies *Art in Australia*, 1919 **Nests and Eggs of Birds Found Breeding in Australia and Tasmania** Alfred John North, 1914 **Foundations of Nursing: Enrolled Nurses** Susie Gray, Leanne Ferris, Lois Elaine White, Gena Duncan, Wendy Baumle, 2018-08-31 Designed for the Diploma of Nursing Foundations of Nursing Enrolled Nurses Australia and New Zealand edition is mapped to the HLT54115 training package competencies and aligns to the revised Standards for Practice for the Enrolled Nurse Written to equip the enrolled nurse with current knowledge and basic problem solving and critical thinking skills to successfully meet the demanding challenges of today's health care the text clearly explains concepts and definitions and scaffolds knowledge The student

friendly text provides a clear and fresh approach to the study of nursing it is straightforward and heavily illustrated with colour photos of procedures
