Shaping Of Somali Society Reconstructing The History Of A Pastoral People 1600 To 19:

The Shaping of Somali Society Lee V. Cassanelli, 2016-11-11 While recurrent drought war with neighboring Ethiopia and a staggering refugee crisis have recently propelled the African nation of Somalia into world headlines remarkably little is known about the history of this East African country For the first time Lee Cassanelli makes available a book length study of Somalia s precolonial heritage A nation of nomads the Somalis have through long experience adapted to a harsh semidesert environment While persistently divided by clan sectarian and regional loyalties in the past they have nevertheless come to acquire a compelling sense of their cultural unity and national identity The Shaping of Somali Society examines the historical experiences of these people while focusing on recurrent themes a deeply rooted kinship system based on lineages that feud as frequently as they cooperate the gradual Islamization of the entire society through the work of itinerant Sufi saints the rise and fall of regional sultanates and long distance trade networks and a history of resistance to foreign invaders To reconstruct the past of this important African society the author draws on ethnographic and linguistic evidence travelers accounts a substantial body of Somali oral traditions and recollections gathered during several visits to the country Using this material and the techniques of traditional historiography Cassanelli examines the precolonial interplay of environmental social economic and religious forces that produced a society that though politically fragmented has been integrated at a number of levels of structure belief and behavior Perhaps more importantly the author discusses the problems of interpreting the often fragmentary historical data and presents a new framework for studying regional patterns of change in a pastoral setting

Rights in Exile Guglielmo Verdirame, Barbara E. Harrell-Bond, 2005 Of the estimated 12 million refugees in the world more than 7 million have been confined to camps effectively warehoused in some cases for 10 years or more Holding refugees in camps was anathema to the founders of the refugee protection regime Today with most refugees encamped in the less developed parts of the world the humanitarian apparatus has been transformed into a custodial regime for innocent people Based on rich ethnographic data *Rights in Exile* exposes the gap between human rights norms and the mandates of international organisations on the one hand and the reality on the ground on the other It will be of wide interest to social scientists and to human rights and international law scholars Policy makers donor governments and humanitarian organizations especially those adopting a rights based approach will also find it an invaluable resource But it is the refugees themselves who could benefit the most if these actors absorb its lessons and apply them Guglielmo Verdirame is a Lecturer in Law at the University of Cambridge and a Fellow of Corpus Christi College He is also the author of a forthcoming book on the accountability of the United Nations Barbara Harrell Bond Founding director of the Refugee Studies Centre University of Oxford has after retirement been Visiting Professor at Makerere University and at the American University in Cairo In 1996 she received the Distinguished Service Award of the American Anthropological Association She is the author of *Imposing Aid* Oxford 1986

Love and Liberation Lauren Carruth, 2021-10-15 Lauren Carruth's *Love and Liberation* tells a new kind of humanitarian story The protagonists are not volunteers from afar but rather Somali locals

caring for each other nurses aid workers policymakers drivers community health workers and bureaucrats The contributions of locals are often taken for granted and the competencies aspirations and effectiveness of local staffers frequently remain muted or absent from the planning and evaluation of humanitarian interventions structured by outsiders Relief work is traditionally imagined as politically neutral and impartial and interventions are planned as temporary extraordinary and distant Carruth provides an alternative vision of what humanitarian response means in practice not driven by International Humanitarian Law the missions of Western relief organizations or trends in the aid industry or academia but instead by what Somalis call samafal Samafal is structured by the cultivation of lasting relationships of care interdependence kinship and ethnic solidarity Samafal is also explicitly political and potentially emancipatory humanitarian responses present opportunities for Somalis to begin to redress histories of colonial partitions and to make the most out of their political and economic marginalization By centering Love and Liberation around Somalis understanding and enactments of samafal Carruth offers a new perspective on politics and intervention in Africa *Bibliographia Aethiopica II* Hans Wilhelm Lockot, 1998 Erstmals wird hier die Fülle der englischsprachigen Äthiopienliteratur geordnet dargeboten In 100 Sections führt der Autor alle für die wissenschaftliche Beschäftigung mit Äthiopien wichtigen Buch und Zeitschriftenbeiträge zum Beispiel zur History of Research Archaeology Religion aber auch Fragen der Sociology Agriculture Zoology und Medical Sciences auf Wie im Falle der deutschsprachigen Literatur *Bibliographia Aethiopica* Die äthiopienkundliche Literatur des deutschsprachigen Raumes *Aethiopistische Forschungen* 9 1982 berücksichtigt der Autor auch alle ihm zugänglichen Besprechungen womit bei einer Aufnahme von mehr als 24 000 Titeln eine Art Bibliographic Encyclopedia entstanden ist

book discuss how domestic and international political economic forces have shaped and continue to shape development outcomes on the continent Contributors also provoke new thinking on theories and policies to better position the continent's economy to be a critical global force The uniqueness of the handbook lies in linking theory and praxis with the past future and various dimensions of the political economy of Africa State Failure and State Weakness in a Time of Terror Robert I. Rotberg, 2004-05-13 The threat of terror which flares in Africa and Indonesia has given the problem of failed states an unprecedented immediacy and importance In the past failure had a primarily humanitarian dimension with fewer implications for peace and security Now nation states that fail or may do so pose dangers to themselves to their neighbors and to people around the globe preventing their failure and reviving those that do fail has become a strategic as well as a moral imperative State Failure and State Weakness in a Time of Terror develops an innovative theory of state failure that classifies and categorizes states along a continuum from weak to failed to collapsed By understanding the mechanisms and identifying the tell tale indicators of state failure it is possible to develop strategies to arrest the fatal slide from weakness to collapse This state failure paradigm is illustrated through detailed case studies of states that have failed and collapsed the Democratic Republic of the Congo Sierra Leone the Sudan Somalia states that are dangerously weak Colombia Indonesia Sri Lanka Tajikistan and states that are weak but safe Fiji Haiti Lebanon Political Islam from Muhammad to Ahmadinejad Joseph Morrison Skelly, 2009-11-25 This collection of 15 essays illuminates the evolution of political Islam from the era of the Prophet Muhammad to the presidency of Mahmoud Ahmadinejad in Iran Under the auspices of the Association for the Study of the Middle East and Africa Joseph Morrison Skelly brings together a team of experts to create a compelling scholarly investigation of the interrelationship of Islam and politics Divided into several topical sections including early origins of Islamic politics the development of jihad in an age of terror and contemporary politics Political Islam from Muhammad to Ahmadinejad Defenders Detractors and Definitions is an in depth exploration of the various dimensions of political Islam for the international community the Islamic world itself and anyone who seeks a deeper understanding of this phenomenon Political Islam from Muhammad to Ahmadinejad takes an evenhanded approach in considering competing interpretations of political Islam successfully broadening the scholarly investigation of the topic The work assesses political Islam across a broad chronological time frame and includes regional perspectives within the contexts of areas in Africa and the Middle East Skelly and his colleagues tackle controversial issues head on and provide an intellectual framework for advancing political Islam into new stages of economic development intellectual renewal and accommodation with constitutional democracy and human rights Each contributor lends a unique and specialized perspective to the discussion on this timely topic Crisis and Terror in the Horn of Africa Pietro Toggia, Pat Lauderdale, 2017-03-02 Contemporary social life in the Horn of Africa is generally a state orchestrated experience that terrorizes the majority of the people This collection of carefully selected essays explores the different aspects of the current crisis in the Horn region of Africa where to marginalized indigenous
