**The Wesleyan Tradition** Michael Collier, 2012-08-22 Since issuing its first volumes in 1959 the Wesleyan poetry program has challenged the reigning aesthetic of the time and profoundly influenced the development of American poetry One of the country's oldest programs its greatest achievement has been the publication of early works by yet undiscovered poetry who have since become major awarded Pulitzer and Bollingen prizes National Book Awards and many other honors At a time when other programs are being phased out Wesleyan takes this opportunity to celebrate its distinguished history and reaffirm its commitment to poetry with publication of *The Wesleyan Tradition* Drawing from some 250 volumes editor Michael Collier documents the wide ranging impact of these works In his introduction he describes the literary and cultural context of American poetics in more recent decades tracing the evolution of the Deep Image and Confessional movements of the 50s and 60s and exploring the emergence of the prose lyric style Although the success of the Wesleyan program has inspired its share of imitators no other program has had such a fundamental impact Works by the eighty six poets included here both document and celebrate that contribution

*I Speak of the City* Stephen Wolf, 2007 *I Speak of the City* is the most extensive collection of poems ever assembled about New York Beginning with an early piece by Jacob Steendam from when the city was called New Amsterdam and continuing through poems written in the aftermath of 9

11 this anthology features voices from more than a dozen countries It includes two Nobel Prize recipients fifteen Pulitzer Prize winners and many other recognizable names but it also preserves the work of long neglected poets who celebrate the wild possibilities and colossal achievements of this epic city Poets capture New York's major moments and transformations writing of Hudson's arrival Stuyvesant's prejudice and the city's astonishing growth and gentrification They speak of the thrills of a skyscraper's observation deck and the privations of teeming tenements They portray the immigrant experience at Ellis Island and the decay fear and unexpected kindness on a subway ride They take place on sidewalks bridges and docks in taxis buses and ferries and even within nature The Brooklyn Bridge Times Square Broadway the Statue of Liberty and other familiar landmarks are recast through the prism of individual experience yet still reflect the seeming invincibility of New York and its status as a cultural magnet for the freethinking and experimental While certain subjects and themes can be found in all urban verse poems about New York have their own restless rhythm and ever changing style much like the city itself Whether writing sonnets epics or experimental or imagistic verse each of these poets has been inspired by the marvels and madness humor and heartbreak of an enduring city

*Poets of World War II* Various, 2003-01-27 This anthology brings together 120 poems about World War II by sixty two American poets chosen as editor Harvey Shapiro writes in his introduction with a purpose to demonstrate that the American poets of this war produced a body of work that has not yet been recognized for its clean and powerful eloquence The poets are generally unsentimental ironic and often astonished by what they have experienced and their insights still have the power to shake up our perceptions of that war and of war in general Most of the poets included in the volume served in the armed forces some Louis Simpson Anthony Hecht Kenneth Koch saw combat in the infantry while others James Dickey Howard Nemerov Richard Hugo John Ciardi fought in the air Also included poets who experienced the war as civilians including Robinson Jeffers Marianne Moore and Conrad Aiken poems by conscientious objectors and draft resisters including William Stafford and Robert Lowell and an elegy by James Tate for his father who was killed in action when Tate was an infant About the American Poets Project Elegantly designed in compact editions printed on acid free paper and textually authoritative the American Poets Project makes available the full range of the American poetic accomplishment selected and introduced by today's most discerning poets and critics

among novelists dramatists and poets as well as the American public at large that in the post 9 11 world they are all somehow living after the fall He carefully considers how many writers faced with what they see as the end of their world have retreated into the seductive pieties of home hearth and family and how their works are informed by the equally seductive myth of American exceptionalism As a counterbalance Gray also discusses in depth the many writings that get it right transnational and genuinely crossbred works that resist the oppositional and simplistic us and them Christian and Muslim language that has dominated mainstream commentary These imaginative works Gray believes choose instead to respond to the heterogeneous character of the United States as well as its necessary positioning in a transnational context After the Fall offers illuminating insights into the relationships of such issues as nationalism trauma culture and literature during a time of profound crisis
