The Poem in the Story Harold Scheub,2002-12-05 Fact and fiction meet at the boundaries the betwixt and between where transformations occur This is the area of ambiguity where fiction and fact become endowed with meaning and this is the area where ambiguity irony and metaphor join forces that Harold Scheub exposes in all its nuanced and evocative complexity in The Poem in the Story In a career devoted to exploring the art of the African storyteller Scheub has conducted some of the most interesting and provocative investigations into nonverbal aspects of storytelling the complex relationship between artist and audience and most dramatically the role played by poetry in storytelling This book is his most daring effort yet an unconventional work that searches out what makes a story artistically engaging and emotionally evocative the metaphorical center that Scheub calls the poem in the story Drawing on extensive fieldwork in southern Africa and decades of experience as a researcher and teacher Scheub develops an original approach a blend of field notes diary entries photographs and texts of stories and poems that guides readers into a new way of viewing even experiencing meaning in a story Though this work is largely focused on African storytelling its universal applications emerge when Scheub brings the work of storytellers as different as Shakespeare and Faulkner into the discussion

The Notebooks of Robert Frost Robert Frost, 2007-01-01 During his lifetime Robert Frost notoriously resisted collecting his prose going so far as to halt the publication of one prepared compilation and to lose the transcripts of the Charles Eliot Norton Lectures he delivered at Harvard in 1936 But for all his qualms Frost conceded to his son that you can say a lot in prose that verse won't let you say and that the prose he had written had in fact made good competition for his verse This volume the first critical edition of Robert Frost's prose allows readers and scholars to appreciate the great American author's forays beyond poetry and to discover in the prose that he did make public in newspapers magazines journals speeches and books the wit force and grace that made his poetry famous The Collected Prose of Robert Frost offers an extensive and illuminating body of work ranging from juvenilia Frost's contributions to his high school Bulletin to the charming chicken stories he wrote as a young family man for The Eastern Poultryman and Farm Poultry to such famous essays as The Figure a Poem Makes and the speeches and contributions to magazines solicited when he had become the Grand Old Man of American letters Gathered annotated and cross referenced by Mark Richardson the collection is based on extensive work in archives of Frost's manuscripts It provides detailed notes on the author's habits of composition and on important textual issues and includes much previously unpublished material It is a book of boundless appeal and importance one that should find a home on the bookshelf of anyone interested in Frost

Poetic Measure of Justice Charles Bambach, 2013-05-19 A new reading of justice engaging the work of two philosophical poets who stand in conversation with the work of Martin Heidegger What is the measure of ethics What is the measure of justice And how do we come to measure the immeasurability of these questions Thinking the Poetic Measure of Justice situates the problem of justice in the interdisciplinary space between philosophy and poetry in an effort to explore the sources of ethical life in a new way Charles Bambach engages the works of two philosophical poets who stand as the bookends of modernity Friedrich Hölderlin 1770 1843 and Paul Celan 1920 1970 offering close textual readings of poems from each that define and express some of the crucial problems of German philosophical thought in the twentieth century tensions between the native and the foreign the proper and the strange the self and the other At the center of this philosophical conversation between Hölderlin and Celan Bambach places the work of Martin Heidegger to rethink the question of justice in a nonlegal nonmoral register by understanding it in terms of poetic measure Focusing on Hölderlin's and Heidegger's readings of pre Socratic philosophy and Greek tragedy as well as on Celan's reading of Kabbalah he frames the problem of poetic justice against the trauma of German destruction in the twentieth century
