Commerce and Community Robert Garnett Jr.,Paul

Lewis,Lenore T. Ealy,2014-11-27 Since the end of the Cold War the human face of economics has gained renewed visibility and generated new conversations among economists and other social theorists The monistic mechanical economic systems that characterized the capitalism vs socialism debates of the mid twentieth century have given way to pluralistic ecologies of economic provisioning in which complexly constituted agents cooperate via heterogeneous forms of production and exchange Through the lenses of multiple disciplines this book examines how this pluralistic turn in economic thinking bears upon the venerable social theoretical division of cooperative activity into separate spheres of impersonal Gesellschaft commerce and ethically thick Gemeinschaft community Drawing resources from diverse disciplinary and philosophical traditions these essays offer fresh critical appraisals of the Gemeinschaft Gesellschaft segregation of face to face community from impersonal commerce Some authors issue urgent calls to transcend this dualism whilst others propose to recast it in more nuanced ways or affirm the importance of treating impersonal and personal cooperation as ethically epistemically and economically separate worlds Yet even in their disagreements our contributors paint the process of voluntary cooperation the space commerce and community with uncommon color and nuance by traversing the boundaries that once separated the thin sociality of economics as science of commerce from the thick sociality of sociology and anthropology as sciences of community This book facilitates critical exchange among economists philosophers sociologists anthropologists and other social theorists by exploring the overlapping notions of cooperation rationality identity reciprocity trust and exchange that emerge from multiple analytic traditions within and across their respective disciplines

We all want a place where our stories matter, our voices are heard, our uniqueness is celebrated, our failures are embraced, and our hopes are unleashed. That kind of deep, life-changing community was modeled perfectly by Jesus and the ragged bunch of disciples with whom he chose to spend his time. But how can we create it in our lives? Using the relationship of Jesus to his disciples in the upper room, Bill Donahue presents a simple but compelling approach to community life that was modeled by Jesus and offered to us all today. Using a table, a towel, and the truth, Jesus created an irresistible community where everyone finds a place to belong, live fully in the truth, and serve others with joy. Foreword by Dr. Henry Cloud. **Journey in the Wilderness** Gil Rendle, Gilbert R. Rendle, 2010

The last forty years have seen transitions in mainline churches that feel for many like a journey into the wilderness. Yet God is calling us in this moment not to grieve over the changes we have experienced but to hear the call to a new mission and a new faithfulness. In *Journey in the Wilderness*, Gil Rendle draws on decades as a pastor and church consultant to point a way into a hopeful future. The key to embracing the wilderness is to learn new skills in leading change to reach beyond a position of privilege and power to become churches that serve God's hurting people. **Create Community That Buys: Connection-Driven Growth That Compounds**
