Sharing Time Troubles Grace MacCarone, 1996 Sam searches through all of his toys but can't find anything good enough to take to school for show and tell until his troublesome little brother appears **Sharing Time Troubles (Dot Book)**

Grace MacCarone, 1997 Sam searches through all of his toys but can't find anything good enough to take to school for show and tell until his troublesome little brother appears The Trouble With Sharing Airi Lampinen, 2022-05-31 Peer to peer exchange is a type of sharing that involves the transfer of valued resources such as goods and services among members of a local community and/or between parties who have not met before the exchange encounter. It involves online systems that allow strangers to exchange in ways that were previously confined to the realm of kinship and friendship. Through the examples in this book we encounter attempts to foster the sharing of goods and services in local communities and consider the intricacies of sharing homes temporarily with strangers also referred to as hospitality exchange or network hospitality. Some of the exchange arrangements discussed involve money while others explicitly ban participants from using it. All rely on digital technologies but the trickiest challenges have more to do with social interaction than technical features. This book explores what makes peer to peer exchange challenging with an emphasis on reciprocity, closeness, and participation. How should we reciprocate? How might we manage interactions with those we encounter to attain some closeness but not too much? What keeps people from getting involved or draws them into exchange activities that they would rather avoid? This book adds to the growing body of research on exchange platforms and the sharing economy. It provides empirical examples and conceptual grounding for thinking about interpersonal challenges in peer to peer exchange and the efforts that are required for exchange arrangements to flourish. It offers inspiration for how we might think and design differently to better understand and support the efforts of those involved in peer to peer exchange. While the issues cannot be simply solved by technology, it matters which digital tools an exchange arrangement relies on and even seemingly small design decisions can have a significant impact on what it is like to participate in exchange processes. The technologies that support exchange arrangements often platforms of some sort can be driven by differing sets of values and commitments. This book invites students and scholars in the Human Computer Interaction community and beyond to envision and design alternative exchange arrangements and future economies Time Sharing Walt Dodge, 2016-01-15 Allen Jackson an attorney with a heightened sense of Right and Wrong has spent his career fighting for the victims of a society that has gotten so far off track by political correctness nothing seems correct anymore. He is transporting both of them to the hospital when they suddenly find themselves 500 years in the future where society has become a land of sexual bigots. Time of Troubles Iurii Vladimirovich Got'e,2014-07-14 Among the few diaries available from inside early Soviet Russia none approaches Iurii V Got'e s in sustained length of coverage and depth of vivid detail Got'e was a member of the Moscow intellectual elite a complex and unusually observant man who was a professor at Moscow University and one of the most prominent historians of Russia at the time the revolution broke out Beginning his first entry with the words *Finis Russiae* he describes his life in revolution torn Moscow from July 8 1917 through July 23 1922 nearly the entire period of the Russian Revolution and Civil War up to the advent of the New Economic Policy This remarkable chronicle published here for the first time describes the hardships undergone by Got'e s family and friends and the gradual takeover of the academic and professional sectors of Russia by the new regime Got'e was in his mid forties when he wrote the diary At first he felt that Bolshevism meant complete doom for Russia but eventually his ardent patriotism led him to accept the Bolsheviks role in preserving the integrity of the Russian state The diary was discovered in 1982 in the Hoover Institution Archives in the papers of Frank Golder to whom Got'e himself had entrusted it in 1922 It is translated literally and unabridged with annotations by Terence Emmons The introduction by Professor Emmons places the diary clearly in the context of Got'e s life and scholarly career Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Under Construction* Rick H.,2012-11-16 Rick H often starts his talk at recovery meetings with this statement I come here because the Rick of old will

drink again So I need to change and this is where my professors are He then adds that to live a sober happy life he had to find a replacement for the alcohol that he used in his struggles to cope with the realities of life As his recovery from alcoholism proceeded he recognized that associated anxiety and depression were also holding him back from a fulfilling life No one knows without question the connection between addiction anxiety and depression Some people suggest anxiety and depression may be the prelude to addiction other say it s the engagement of addictive activities that causes anxiety and depression Still others suggest these illnesses develop in tandem These debates didn t really matter to Rick He understood he is prone not only to alcoholism but to anxiety and depression as well whether it be by nature or nurture or both He accepted this reality What he desperately wanted to know is how to live a good life and strive to be the best version of himself given that he had these challenges What are the practical tools he could implement to allow him to be the best version of himself With this critical need in mind Rick H expanded the scope of a previously written book Under Construction 25 Life Building Tools for Addicts in Recovery to include anxiety and depression The new book titled Under Construction 25 Life Building Tools for Living with Addiction Anxiety and Depression is a compilation of tools that reflect a wide range of powerful insights and practical wisdom learned over many years from fellow sufferers met in countless meetings retreats and workshops The book s primary purpose is to provide a simple reference guide consisting of 25 coping tools described in a practical easy to read format It also includes real life stories of how these tools have been applied In addition he includes probing questions that will challenge the reader to explore how these 25 tools can help the reader s personal journey of healing Proceeds from this book will be donated to organizations supporting addiction and mental health
