Command Under Sail James C Bradford, 2013-01-15 This entertaining collection of essays takes a biographical approach to early American naval history. The period from 1775 to 1850 was a trying time for the infant navy, a time when much was demanded of individual officers. New in paperback, this book focuses not only on battles and ships but on the colorful men such as Oliver Hazard Perry and Stephen Decatur who helped shape the U.S. Navy in the age of sail. By viewing the era through the lives of the participants, readers will gain a deeper understanding of the strengths and weaknesses of America's new navy and the roots of its traditions.

Resistance and Integration Daniel James, 1993 A solidly researched, persuasive study of the Argentine labour movement which analyses the relationship between Peronism and the Argentine working class.

Warcraft: War of the Ancients #1: The Well of Eternity Richard A. Knaak, 2007-05-01 Many months have passed since the cataclysmic Battle of Mount Hyjal where the demonic Burning Legion was banished from Azeroth forever. But now a mysterious energy rift within the mountains of Kalimdor propels three former warriors into the distant past, a time long before orcs, humans, or even high elves roamed the land. A time when the Dark Titan Sargeras and his demon pawns persuaded Queen Azshara and her Highborne to cleanse Azeroth of its lesser races. A time when the Dragon Aspects were at the height of their power, unaware that one of their own would soon usher in an age of darkness that would engulf the world of *Warcraft*. In the first chapter of this epic trilogy, the outcome of the historic War of the Ancients is forever altered by the arrival of three time-lost heroes: Krasus, the dragon mage whose great power and memories of the ancient conflict have inexplicably diminished; the human wizard Rhonin, whose thoughts are divided between his family and the seductive source of his now-growing power; and Broxigar, a weathered orc veteran who seeks a glorious death in combat. But unless these unlikely allies can convince the demigod Cenarius and the untrusting night elves of their queen's treachery, the Burning Legion's gateway into Azeroth will open anew. And this time, the

struggles of the past may well spill over into the future WarCraft War of the Ancients Archive Richard A. Melzer,Leslie W.
