She Didn't Mean To Do It:

The Perfect Wife Ruth Ann Nordin, 2018-08-25 Natalie Harper has just married the man of her dreams. All of her life she has wanted a husband who would be kind, gentle, and handsome. She wanted a companion she could share her life with. Mark Larson fulfills all of those dreams. And she couldn't be happier. However, Mark is also wealthy. The money doesn't mean anything to Natalie. She's just happy to be loved by him, but she soon discovers that his wealth comes with some unexpected problems. She grew up on a farm with very little to her name. No one cared about how people drank tea, how well they danced, or how much education they had. They didn't judge people based on any of those things. In Mark's world, though, she's expected to follow certain etiquette rules she didn't even know existed. And the women in her new social circle aren't the least bit shy about letting her know she doesn't meet up to their standards. Yes, she married Mark because she loved him, but she's quickly learning there's more to marriage than love. A lot more. And she's not sure she has what it takes to make it work.

The Irrational Knot (Illustrated) George Bernard Shaw, 2014-08-07 *The Irrational Knot* was first published in 1905, having been written in 1880. Within a framework of leisure-class preoccupations and frivolities, Shaw disdains hereditary status and proclaims the nobility of workers. Marriage, as the knot in question, is exemplified by the union of Marian Lind, a lady of the upper class, to Edward Conolly, always a workman but now a magnate thanks to his invention of an electric motor that makes steam engines obsolete. The marriage soon deteriorates primarily because Marian fails to rise above the preconceptions and limitations of her social class and is therefore unable to share her husband's interests.
