Shelby Cobra ,1994 **Shelby Mustang Fifty Years** Colin Comer,2014-09-15 Celebrate America's premier performance car From the original Shelby Mustang GT350 to today's 700 plus horsepower GT500 Carroll Shelby and Ford Motor Co have defined high performance with their Shelby Mustangs Shelby built his Mustangs from 1965 until 1970 at a time when it seemed that the muscle car was a dying breed Then an odd thing happened people began to realize the classic nature of the car almost as soon as Shelby stopped building them and prices began to climb By the end of the decade the Shelby Mustang had become one of the first muscle cars to attain classic status along with the price hike that went along with that recognition Prices continued to rise into the next century a 1967 Shelby Mustang GT500 fetched 451 000 at auction in 2006 at which time production of new Shelby Mustangs began for the first time in 36 years Since then prices have cooled a bit but not nearly as much as they have for other muscle cars Shelby Mustangs still occupy the top slot at most auctions and Shelby continues to build the popular modern versions of the Mustang today Shelby Mustang Fifty Years lavishly illustrated with rare historic photography and modern color images tells the story of these amazing cars from the initial collaboration with Ford to today's record setting high tech muscle cars Cobra Dave Friedman,Shelby American, Inc,2003 1968 Shelby Mustang GT350, GT500 and GT500KR Greg Kolasa,2017-01-16 There were Mustangs and then there were Mustangs Ford wanted its new little Pony Car to appeal to the masses and in executing that plan the Mustang could be had in anything from a plain Jane version with an economical 6 cylinder engine often referred to as a secretary's car all the way up to the sporty GT models with optional 271 hp V 8s Unfortunately although road going Mustangs were considered sporty they were not officially sports cars at least according to the Sports Car Club of America SCCA And Lee Iacocca knew that on track performance led to showroom performance so he needed to go racing Enter Carroll Shelby Shelby worked with the SCCA to modify the Mustang to meet the SCCA's requirements and enter the racing arena The result was the now legendary Shelby Mustang This volume of CarTech's In Detail series covers the 1968 Shelby GT350 GT500 and GT500KR In 1968 Ford sought to take over much of the process of producing Shelby Mustangs and increased that production dramatically to meet anticipated sales demand so it was a bit of a transition year In an effort to appeal to muscle car fans rather than race fans the cars were losing their edgy race car feel and were becoming more high end performance road cars with a long list of performance and comfort options including 428 Cobra Jet Engines automatic transmissions and air conditioning They may have no longer been sports cars but they were now fantastic muscle cars As in all In Detail Series books you get an introduction and historical overview an explanation of the design and concepts involved in creating the car a look at marketing and promotion and an in depth study of all hardware and available options as well as an examination of where the car is on the market today Also included is an appendix of paint and option codes VIN and build tag decoders as well as production numbers **Cobra and Shelby Mustang 1962-2007 Photo Archive** Wallace Wyss,2007-08-14 In recent years

interest in the cars created by Shelby American has increased dramatically Good Shelbys are getting harder to find each year and their values continue to rise dramatically A C Cobras with just over 1 000 made are becoming impossible to find The result is that clones have appeared of each and there is intense competition among replica owners to see whose replica will end up being most faithful to the originals The book shows not only the originals but also shows in detail the creativity shown by replica Shelby and Cobra owners in modifying their cars in an attempt to capture the spirit of the originals Not left out are the replica Cobras and Shelbys sold by Shelby himself Any enthusiast who reads this book cant help but be infused with the spirit and enthusiasm that pervaded the Shelby American plant from 62 to 67 their five year vault from relative obscurity to fame and glory that persists 40 years later Fords new 07 Shelby Mustang GT500 developed with Carroll Shelby back on board as consultant is also covered *Shelby G.T. 350* Shelby American, Inc,1966
