

The book cover features an abstract painting with a grid-like structure. The top section is a solid light blue band containing the title. Below this, the cover is divided into several rectangular panels of different colors: green, red, and blue. The bottom section is a solid dark blue band containing the authors' names and the custom edition information. The painting itself is composed of various shades of green, red, and blue, with some areas appearing more textured or layered than others.

Upsetting Composition Commonplaces Ian Barnard, 2014-07-15 In Upsetting Composition Commonplaces Ian Barnard argues that composition still retains the bulk of instructional practices that were used in the decades before poststructuralist theory discredited them While acknowledging that some of the foundational insights of poststructuralist theory can be difficult to translate to the classroom Barnard upends several especially intransigent tenets that continue to influence the teaching of writing and how students are encouraged to understand writing Using six major principles of writing classrooms and textbooks clarity intent voice ethnography audience and objectivity Barnard looks at the implications of poststructuralist theory for pedagogy While suggesting some evocative poststructuralist pedagogical practices the author focuses on diagnosing the fault lines of composition s refusal of poststructuralism rather than on providing solutions in the form of teaching templates Upsetting Composition Commonplaces addresses the need to more effectively engage in poststructuralist concepts in composition in an accessible and engaging voice that will advance the conversation about relations between the theory and teaching of writing

Working in the Archives Alexis E. Ramsey, Wendy B Sharer, Barbara L'Eplattenier, Lisa Mastrangelo- Do Not Use, 2009-12-14 Archival research of any magnitude can be daunting With this in mind Alexis E Ramsey Wendy B Sharer Barbara L Eplattenier and Lisa Mastrangelo have developed an indispensable volume for the first time researcher as well as the seasoned scholar Working in the Archives is a guide to the world of rhetoric and composition archives from locating an archival source and its materials to establishing one's own collection of archival materials This practical volume provides insightful information on a variety of helpful topics such as basic archival theory processes and principles the use of hidden or digital archives the intricacies of searching for and using letters and photographs strategies for addressing the dilemmas of archival organization without damaging the provenance of materials the benefits of seeking sources outside academia and the difficult yet often rewarding aspects of research on the Internet Working in the Archives moves beyond the basics to discuss the more personal and emotional aspects of archival work through the inclusion of interviews with experienced researchers such as Lyn e Lewis Gaillet Peter Mortensen Kathryn Fitzgerald Kenneth Lindblom and David Gold Each shares his or her personal stories of the joys and challenges that face today's researchers Packed with useful recommendations this volume draws on the knowledge and experiences of experts to present a well rounded guidebook to the often winding paths of academic archival investigation These in depth yet user friendly essays provide crucial answers to the myriad questions facing both fledgling and practiced researchers making Working in the Archives an essential resource

Writing Effective Course Assignments Elia Shabani Mligo, 2017-05-11 Non degree and undergraduate students are both inexperienced essay writers who need close guidance to become effective writers One of the puzzles which they encounter at the college and university after reporting for studies is the course assignments offered to them by their lecturers which demand them to be critical thinkers and argumentative essay writers In most colleges and universities lecturers provide to students broad questions to answer in the form of essays either in group or individual assignments How should they turn the broad assignment questions provided to them by their lecturers into specific researchable topics for essays How should they handle literature in order to obtain valuable information to answer the provided question How should they construct an informed and convincing argument using

the collected information as evidence This book concerns these and other related questions With its clear illustrations the book is designed to be a self study guide and to offer solutions to many struggling students in colleges and universities At the same time the book can be helpful for lecturers to instruct their students how to write effective course assignments in their respective courses *The Longman Writer* Judith Nadell, William G.
