From Victim to Victor to Victim Again J. O. Bass, 2004 This provocative publication is a culmination of several years of research interviews and surveys to determine the extent of racism in Thailand The initial study began in 1964 during the Viet Nam War when the author was in Thailand serving as an Industrial Missionary While there he encountered racial bias on a personal level and decided to base his Master s thesis on a study of the degree of prejudice existing in this country Prejudice not only hurts its holder and damages its victim but also creates an atmosphere of suspicion and distrust which tends to destroy all who are touched by it The question therefore arises will the lesson of America s cities also be the lesson of Bangkok Follow up observations were completed 35 years later to determine whether or not any progress had been made since the first study after which Thailand had experienced an unprecedented population growth and the absence of American military personnel Thailand of the year 2000 was positioned to be the most appropriate prototype of the kind of inclusive society that many countries only dream of becoming Between 2001 and 2002 another extensive effort involving interviews and surveys was initiated to measure the social distance between the Africans and Thais racial prejudice has a double edge It damages both its holder and its victim The prejudiced persons are hurt because they lose their ability for critical thought and react blindly in terms of stereotypes they become less Christian less Buddhist less caring and even less productive members of the Thai society as far as creative thinking and change for the best goes The victims of prejudice are hurt because they become the persons created by the false image of themselves that is projected by those prejudiced persons The results and comparisons of the author s research are described in depth in the pages of this book along with his professional analysis of the situation as it existed over the last 50 years and at the present time In 2004 the author will return to Bangkok Thailand to oversee a larger scientific study and the implementation of its findings *In Search of Canadian Materials* ,1979

Tolerance: Teacher-training resource unit Betty Reardon, 1997 Diversity and difference in communication The Open University, This 16 hour free course explored the ways in which difference and diversity impact on the nature of communication in health and social care services **Elementary Social Studies** Ian Wright, 1984 **Cultural Diversity And The Schools** James Lynch, Celia Modgil, Sohan Modgil, 1992 Addresses the accommodation of social equity with cultural

diversity in educational terms The book seeks to find the pathways to a less selfish and parochial response to the problem with new approaches and policies The Treatment of the Holocaust in Canadian History and Social Science Textbooks Yaacov Glickman, Alan Bardikoff, League for Human Rights of B'nai B'rith, 1982 The degree to which Canadian history and social science textbooks inform and sensitize Canadian students to the events of the Holocaust is examined Evaluated by a panel of independent judges and presented in comparative perspectives 72 history and social science textbooks authorized for use in Canada's secondary schools were found to have offered inadequate treatment of the subject matter The findings remained consistent on all measures of which the evaluation scale was comprised and ways in which data were manipulated The poor performance shown by the textbooks analyzed held on both quantitative and qualitative measures employed in the evaluation process In addition 208 high school students of the Toronto area polled for the purposes of this report confirmed the rather meagre contribution of current textbooks to the understanding and knowledge of the Holocaust The causes for the textbook profile unfolded in this report are attributed in part to the structure of domination and power relations in Canada of which the school curriculum is an expression The applicability of the findings to the general character of Canadian educational processes and the way they respond to the plight of other minority groups are also discussed Author LH *In Review; Canadian Books for Young People* ,1978 *Tolerance, the Threshold of Peace* Betty A. Reardon, Betty Reardon, 1997 *Look Again. Teachers' Resource Book* ,1977 Canadian Materials ,1979 An awareness list for school resource centres of print and nonprint materials *In Review* ,1979 Canadian Books for Young People Irma McDonough, 1978 This third completely revised edition contains hundreds of new entries for a total of almost 2 000 children's books and magazines carefully selected and described by a team of children's librarians Entries are arranged by subject with reading levels indicated where necessary and are also listed in a separate author title index A list of prize winning Canadian children's books and a basic book list for librarians teachers and parents are included in this charmingly illustrated volume

Canadian Books in Print ,1985 **Bilingual and Multicultural Education** Stan Shapson, Vincent D'Oyley, 1984 This book provides a conceptualisation of bilingual French English and multicultural education Its main purposes are to synthesise recent responses to bilingual and multicultural education to identify the issues arising out of the schools responses to these new challenges and to examine future directions for educational policy **American Mythos** Robert Wuthnow, 2009-02-09 America was built on stories tales of grateful immigrants arriving at Ellis Island Horatio Alger style transformations self made men and the Protestant work ethic In this new book renowned sociologist Robert Wuthnow examines these most American of stories narratives about individualism immigration success religion and ethnicity through the eyes of recent immigrants In doing so he demonstrates how the American mythos has both legitimized American society and prevented it from fully realizing its ideals This magisterial work is a reflection and meditation on the national consciousness It details how Americans have traditionally relied on narratives to address what it means to be strong morally

responsible individuals and to explain why some people are more successful than others in short to help us make sense of our lives But it argues that these narratives have done little to help us confront new challenges We pass laws to end racial discrimination yet lack the resolve to create a more equitable society We welcome the idea of pluralism in religion and values yet we are shaken by the difficulties immigration presents We champion prosperity for all but live in a country where families are still homeless American Mythos aptly documents this disconnect between the stories we tell and the reality we face Examining how cultural narratives may not and often do not reflect the reality of today s society it challenges readers to become more reflective about what it means to live up to the American ideal Congressional Record United States. Congress,1971 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873
