Walking Forward, Looking Back Dinah Latham, 2014-10-28 The book tells the story of a retired district nurse and midwife reflecting on her life whilst walking with her close companion Harriet the dog It is a touchingly honest work written straight from the heart The reader will both laugh and cry as the author recounts many moving stories of patients cared for in 1960s London The writings so patently contrast care in the community then and now that it becomes impossible not to regret the passing of a time when nursing was seen as a vocation when nurses were proud to serve Divorce and single parenthood accompany her career journey while living alone

escorts her into retirement It is then that fortune takes a hand or rather a paw and brings Harriet the dog into her life This may just have been the coming together of chance and good timing but destiny or happy accident it was certainly a blessing It was her need to be taken on daily walks that finds our author evoking memories randomly flicking through a lifetime of unwritten diaries Together they share their walks taking the reader through the changing seasons of the Chiltern countryside while also travelling a new pathway one with an unfamiliar landscape a one way journey into growing old This is a voyage of discovery one that promises many unexpected new experiences not the least of which is their most recent pastime

Moving Forward, Looking Back Sarah M. Misemer,2010 Many critical shifts in concepts of time and society s consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century These innovations restructured the way people viewed the world and dealt with public and private time The forward projectile motion along a linear track mimicked the passage of public chronological time Conversely the train also invoked a private nostalgic view of time as the traveler was yanked from his her traditional view of the space time continuum via the train s velocity Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment s space remained stagnant This optical illusion caused passengers to perceive the world in new ways Thus the train unveils a conflictive blend of nostalgia and progress in the River Plate as these countries move forward but look back
