Loualitys Other Stories:

The Art of Dying and Other Stories Githa Hariharan,1993 Twenty stories of contemporary Indian life by an astonishingly original writer This striking collection of stories demonstrates the remarkable range of one of India s most accomplished writers Sometimes comic yet tinged with sadness as in *The Remains of the Feast* where an old woman near the end of her life suddenly feels the urge to sample all the food she has been forbidden sometimes with a twist as in *Gajar Halwa* where Chellamma a servant girl from a small town finally understands what makes a big city work sometimes moving as in *The Reprieve* and always executed with a precision of style and magical imagery these stories never fail to surprise and delight

My Life and Other Stories Bob Elles, 2013-05-14

Intelligence comes from ignorance as wisdom comes from naiveté and there is nothing like gathering both from people who represent a diverse swath of nations throughout the world As cultures require contact with each other in order to grow and remain viable and not succumb to atrophy man too requires contact with men of different beliefs and practices No one nation or culture or religion has a hold on logic or is immune to extremism I feel blessed that I've had the opportunity to absorb and learn about aspects of life that I'm sure I wouldn't have learned otherwise In fact my whole belief system was changed over the past forty five years through this contact I began to do some research on my family and what I learned coupled with what I had experienced in my life literally brought me to tears in gratitude and admiration and hopefully in wisdom If you like to sit down and listen to stories told by say an old friend an uncle or a person with wrinkles on his face grey in his hair and a sparkle of wisdom in his eyes coupled with a smile on his face then you should so bother If you don't then stop right here and go pick up and read a book on vampires or loves lost or whatever turns your fancy My life has been tragic and wondrous and I have what I call life lessons that I believe you will find helpful in your life I'll even go so far as to say that given even a fraction of introspection in your life will be significantly altered after you've read this book I know that doesn't sound humble but I also know this to be true I have learned forgot and made up many a good story Keep this in mind when you read these chapters stories compiled within this book Are they all true Mostly with only the most embarrassing events removed An old retired Air Force fighter pilot once told me I have secrets only God and I know and that's the way it will remain
