Anthony W. Lee, Richard Meyer, 2008-04-02 While Berenice Abbott, Margaret Bourke White, and Alfred Steiglitz photographed New York's sleek skyscrapers, Arthur Fellig called Weegee documented the seamy underside of Depression-era New York. In this extraordinary book, Richard Meyer and Anthony Lee tell a gripping tale filled with historical detail about Weegee's transformation from freelance newspaper photographer to fine artist with the publication of his enormously successful book *Naked City* in 1945. Cécile Whiting, author of *Pop Art and the City* in the 1960s, Lee and Meyer return Weegee to his working world by exploring the multiple contexts of his production: the Photo League, the tabloids, the exhibition galleries, and the book market. The volume adds an important dimension to our understanding of how Weegee straddled the worlds of popular culture, photojournalism, and left politics. Miles Orvell, author of *American Photography*, and John Vachon's *America: Photographs and Letters from the Depression to World War II*. UC Press Groundbreaking. Anthony Lee and Richard Meyer delve deeply into a rich archive of media and exhibition history, criticism, and biography to arrive at original interpretations of the most enigmatic photographer in modern visual and print culture. Jordana Mendelson, author of *Documenting Spain: Artists, Exhibition Culture, and the Modern Nation, 1929-1939*. **Encyclopedia of Twentieth-Century Photography, 3-Volume Set**. Lynne Warren, 2005-11-15 The *Encyclopedia of Twentieth Century Photography* explores the vast international scope of twentieth-century photography and explains that history with a wide-ranging interdisciplinary manner. This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force. This *Encyclopedia* presents the important developments, movements, photographers, photographic institutions, and theoretical aspects of the field along with information about equipment, techniques, and practical applications of photography. To bring this history alive for the reader, the set is illustrated in black and white throughout, and each volume contains a color plate section. A useful glossary of terms is also included. Popular Photography, 1982-08 *Flash*. Christopher Bonanos, 2018-06-05 Winner of the National Book Critics Circle Award. The first comprehensive biography of Weegee, photographer, psychic, ultimate New Yorker, from Christopher Bonanos, author of *Instant The Story of Polaroid*. Arthur Fellig's ability to arrive at a crime scene just as the cops did was so uncanny that he renamed himself Weegee, claiming that he functioned as a human Ouija board. Weegee documented better than any other photographer the crime, grit, and complex humanity of midcentury New York City. In *Flash*, we get a portrait not only of the man, both flawed and deeply talented, with generous appetites for publicity, women, and hot pastrami, but also of the fascinating time and place that he occupied. From self-taught immigrant kid to newshound to art world darling to latter-day caricature, moving from the dangerous streets of New York City to the celebrity culture of Los Angeles and then to Europe for a quixotic late phase of experimental photography and filmmaking, Weegee lived a life just as worthy of documentation as the scenes he captured. With *Flash*, we have an unprecedented and ultimately moving view of the man now regarded as an innovator and a pioneer, an artist as well as a newsman whose photographs are among the most powerful images of urban
