**Louisiana** Maurice Denuzière, 1978      Cabanocey Lillian C. Bourgeois, 1999-04-30 Louisiana has sixty four parishes and many of them are as individual and different as the state itself is different from others in the Union St James Parish a small parish of 249 square miles is not only one of the oldest settlements in the state but it is different in its population make up and is important historically Cabanocey is a splendid history of the Parish of St James Lillian C Bourgeois captured the spirit that animates the population which is descended from French Spanish Acadian German and Creole peoples Bourgeois writes of the population s customs beliefs language differences and folklore Cabanocey is not a collection of dry facts and dates rather it vividly describes how more than one hundred years ago the people of St James Parish lived who they were and what they contributed to their parish and their state Before the Civil War St James Parish was the educational center of Louisiana and Jefferson College was the first important college in the state Founded in 1830 it had fine buildings a well equipped laboratory and an impressive library The Convent of the Sacred Heart 1835 for girls was well known by prominent families in Louisiana Mexico and Central America who sent their daughters there Cabanocey contains St James genealogies and thousands of names of early settlers including the soldiers taxpayers officials prominent families and the first settlers and their children From the early censuses and church and court records descent is traced for many names The censuses of 1766 1769 and 1777 are complete and were obtained from the archives in Seville Spain      *Antoine of Oak Alley: The Unlikely Origin of Southern Pecans and the Enslaved Man Who Cultivated Them* Katy Morlas Shannon, 2021-11 The story of Antoine is emblematic of countless enslaved people whose lives and contributions have been overlooked Antoine the enslaved gardener of Oak Alley Plantation was the first person to successfully propagate the pecan tree yet he exists only as a footnote in the bigger story of Oak Alley Plantation His pioneering work enabled large groves of trees to be planted creating a lucrative commercial crop and though his horticultural achievement has long been legend virtually nothing is known about his life Historian Katy Morales Shannon utilizes extensive research and period documents to expose his story and explore the lives of the enslaved community in which he lived The life of this truly revolutionary enslaved man is revealed through the lives of his family and friends the community they built and the bonds they forged during their enslavement and their life as free people

**Biographical Sketches of Louisiana's Governors** Mrs. Eugene Soniat du Fossat, 1885      **The Pecan** James McWilliams, 2013-10-01 Traces the historical and cultural paths of the pecan while weaving American history agricultural history and science into the story      **The Discovery of the Fact** Clifford Ando, William P. Sullivan, 2020-08-14 The Discovery of the Fact draws on expertise from lawyers historians of philosophy and scholars of classical studies and ancient history to take a very modern perspective on an underexplored but essential domain of ancient legal history Everyone is familiar with courts as adjudicators of facts But legal institutions also played an essential role in the emergence of the notion of the fact and contributed in a vital way to commonplace understandings of what is knowable and what is not These issues have a

particular importance in ancient Greece and Rome the first western societies in which state law and state institutions of dispute resolution visibly play a decisive role in ordinary social and economic relations The Discovery of the Fact investigates historically and comparatively the relationships among the law legal institutions and the boundaries of knowledge in classical Greece and Rome Societies wanted citizens to conform to the law but how could this be insured On what foundation did ancient courts and institutions base their decisions and how did they represent the reasoning behind their decisions when announcing them Slaves were owned like things and yet they had minds that ancients conceded were essentially unknowable What was to be done And where has the boundary been drawn between questions of law and questions of fact when designing processes of dispute resolution The Congressional Globe United States.
