Lourenco Marques Na Politica Externa Portuguesa 18751900:

Lourenço Marques na política externa portuguesa, 1875-1900 António José Telo, 1991 The Portuguese at War Nuno Severiano Teixeira, 2019-05-28 From war campaigns to peacekeeping operations The Portuguese at War presents an overview of the conflicts wars and revolutions in which Portugal was involved from the nineteenth century to the present day From the French invasions to the civil wars from the African Empire to the wars of decolonisation from belligerence in the First World War to neutrality in the Second from participation in the Atlantic Alliance to peacekeeping operations in Kosovo East Timor Lebanon and Afghanistan The book addresses the military interventions in politics and the role of the countrys political regimes in military reform from the Liberal Revolutions to the Republic from the military dictatorship and authoritarian regime to the 25th of April Revolution and the transition to democracy The historical record of Portugals war involvement is not only closely aligned to international and European circumstance but to internal factors the economy society public opinion and political military power A historical perspective must of necessity link Portuguese war excursions with the military institutions in place at the time their recruitment system social composition and organisation of the army navy and air force the military ethos the evolution of equipment weapons and military technologies strategic military doctrine and how this impacted on tactics and military operations and of course the war outcomes Special attention is given to the effects of international isolation after the Estado Novo and post Cold War europeanisation The book does not eschew the plurality of interpretative theories Rather it seeks to combine historical accuracy of the Portuguese at war within a highly readable literary narrative aimed not only at undergraduate and research levels but at a broader public audience interested in the complex reach and role of Portugal in world history Nationalism and the Nation in the Iberian Peninsula Clare Mar-Molinero, Angel Smith, 2020-08-20 Nationalism has recently been the focus of considerable interest but relatively little is known about nation building and competing identities in Spain and Portugal In examining the roots of Iberian nationalism and the conflicts and tensions which have come to the fore in the twentieth century this timely collection offers a broad interdisciplinary base and socio historical context through which to understand the region s nationalist challenges Topics include how nationalism is constructed and used as a tool by political groups how language is used as a nationalist emblem and how cultural representations of nationalism manifest themselves at both a popular level and at the level of elites This book will provide a welcome addition to Iberian studies and invaluable insights for students and specialists alike **The International Impact of the Boer War** Keith M. Wilson, 2014-12-18 Although much has been written about the conduct of the war in South Africa very little has been written about how it was regarded on the world stage by powers both great and small This collection of specially commissioned essays seeks for the first time to put the Boer War 1899 1902 in its international context Each of the core chapters focuses on the perspective of one country France Germany Austria Hungary Italy The Netherlands Portugal Russia and the United States and assesses the extent to which each national government

tried to capitalize on Britain's embarrassment and distraction while often entangled in imperialist ventures of their own. The anglophobia of many of the nations press the activities of pro Boer organizations and the shaping of public and parliamentary opinion are examined alongside the real politics and diplomatic considerations that took precedence. In addition there are summation chapters that examine both the origins of the war and its legacy for Britain's expansionist ambitions. Together these essays present the latest findings on a watershed in international relations that heralded substantive changes of attitude and policy on the part of national governments towards their dependencies and had far reaching consequences for alliance systems and the international balance of power at the start of the twentieth century. **O Olhar Colonial em Eça**

de Queirós João António Salvado, 2016-10-14 O olhar colonial em Eça de Queirós enquadra o testemunho queirosiano na expansão europeia em África na segunda metade do século XIX. Este romancista português ao incluir na sua produção literária variadas referências às diferentes etapas do imperialismo tornou-se uma testemunha modelar da disputa colonial da sua época. Oscilando segundo o quadro mental e a conjuntura política de cada década as alusões africanas contidas na prosa de Eça de Queirós vão evoluindo ao longo da sua carreira jornalística e literária. As implicações geopolíticas decorrentes dos acontecimentos ultramarinos estão presentes nos textos queirosianos chegando até a associar personagens ficcionais aos principais conflitos coloniais. Este livro dividido em três partes começa por enquadrar a vida de Eça nas transformações do século XIX. De seguida apresenta o conceito queirosiano de colonização e compreende o do imperialismo pelos diferentes grupos sociais e os interesses económicos intrínsecos ocupação africana. Por fim analisa-se a abordagem de Eça de Queirós aos problemas coloniais nas diversas regiões africanas. *Journal of the History of Sexuality*, 2002. *A biblioteca particular de Calvet de Magalhães* Isabel Maria Freitas Valente, 2015-04-01 Num quadro em que se tecem perspectivas diferentes e múltiplas estratégias de abordagem muitas questões de ordem sistémica se levantam. Que livros possui a O que lia Calvet de Magalhães? Qual a sua relação com os livros? Quais as suas preferências intelectuais? Qual o seu universo intelectual? Assim os livros que compõem a BpCM constituem um manancial rico de informações e revelam-se um testemunho importante da formação do pensamento de um dos principais protagonistas da aproximação portuguesa aos movimentos de cooperação económica europeia do pós-II Guerra Mundial e da articulação portuguesa com a Europa e com o Atlântico. Na verdade a BpCM fixa o seu olhar o seu pensamento a sua análise do mundo bem como regista algumas linhas de força que pautaram toda a sua vida. Disto exemplo a necessidade de uma acção constante concreta e eficaz sempre ancorada na utopia que em Calvet de Magalhães se apresentava como fruto da História e da Filosofia da ser sempre realizável. *África nossa: o império colonial na ficção cinematográfica portuguesa: 1945-1974 - 2ª edição* Jorge Seabra, 2014-09-01 África nossa um texto que tem por base uma tese de doutoramento apresentada Universidade de Coimbra em 2008 com o objetivo de analisar como que a ficção cinematográfica produzida durante o Estado Novo refletiu o império colonial entre o fim da Segunda Guerra Mundial e a queda do regime e que agora surge em versão também destinada a um público generalista.
