**Sea Level Rising - Poems** John Philip Drury, 2015-03-23 Sea Level Rising John Philip Drury s fourth collection revels in water flowing through rivers splashing on quays and docked vessels the wake of speeding boats the elusive tang of sea salt in the heart of the prairie even the water of baptism that rebirths the believer The uplifting lure of water as with a pair of honeymooners in Venice may inspire a love eager to divorce anything impeding its energy Our state of being might mirror water s when everything s in flux repeated spasms of wake and wave bright sun reflecting pool surges made up of intricate detail The waves of music like those of water are also prominent in the musings of this collection where that which rises and returns approaches music a blessing beyond sound These are masterfully crafted poems of uncommon inspiration and they whelm with a celebration and longing for that which ebbs or flows inside us PRAISE FOR SEA LEVEL RISING Sea Level Rising is about a lot of things all in some way the same mystery why we love tidal waters why we feel a kinship with the pulse and ebb of time and emptiness why we feel most alive when we stand at the fractal edges of perception why the singing of a good poem evokes all those correspondences we can t help loving John Philip Drury s new poems will please many and please often as he celebrates and with mastery the inexhaustible waters before and within each of us Dave Smith author of Hawks on Wires Poems 2005 2010 With candor and a close eye Drury introduces us to a world of love and literature nostalgia and new experiences a world where water pervades everything a constant and comforting reminder that what we depend on is like us also always in flux Drury is deft at numerous forms with a delicate touch You can become so swept up in a poem you may not recognize it as a sonnet until you reach its resounding couplet but the beauty of the form the force of its rhymes and the rapture of their song has resonated since the opening lines and in all the energy that follows That s the wonder of this collection the film of beauty tides that keep on rising as Drury writes Sea Level Rising is an amazing achievement It should not be missed Erica Dawson author of The Small Blades Hurt John Philip Drury is a Marylander it makes all the difference The ever changing sea defines these poems Drury explores impermanence destiny the future love fame desire anchored by a rock solid formal mastery Land and sea interpenetrate here loom up fall away transmuting one into the other a way of seeing His favorite city is Venice a perfect metaphor for a sensibility too large to be only one thing or its opposite The masks and play of that ancient meeting place of land sky and sea divert us from the serious business of its survival and that might be a good way to describe Drury s art In impermanence through our art we survive James Cummins author of Still Some Cake
