**Convenient Memory** John Boneham,2016-01-12 People often ask how it is that I came to write poetry I can honestly answer I just start writing and it just happens out that way Sometimes words come to me in my sleep which I need to put to paper immediately flashlight in hand then and there in the middle of the night Other times I merely put pen to paper and with inspiration or not a simple or complex idea just happens As Mr Cronkite put it Thats the way it is and as ridiculous as that may sound to some Im not too awfully concerned with my critics Folks may believe it or not but then the question would arise just what does it take to make a writer or poet anyway There are as many answers to that as there are those writers and poets and as different as the people themselves There are no set rules to all of this and I suppose it is the reason I love it so No particular set time or place for inspiration to come as it can happen to anyone just some are more likely to capture that thought or idea the ability to seize the moment so to speak while many others let it slip by Just as easily as these thoughts come to us they are just as easily forgotten and I like to think these go to that place where unwritten words live Hopefully it is somewhere lonely but beautiful where serenity abounds and those lost but none the less creative thoughts linger for an eternity Perhaps this is heaven There may also be an equal but opposite place for hateful and despondent words or thoughts end up this likely being hell where misery and grief thrive I have in the past captured some of these desolate thoughts usually when Im brooding over something that matters not although I really dont care for this sort of prose turning more towards poetry that says it like it is putting people and situations in perspective in the world as I see it with the idea to be portrayed Hopefully this will come out as my own style of the English language Good bad or ugly this is me and these things Ive managed to unlock from the depths of my mind that window of opportunity to my soul **A Place to Remember** Bruce Scates,2009-11-04 This book charts the Shrine s history from the first fatalities of the Gallipoli landing to the present day

**Memory Observed** Ulric Neisser, Ira Hyman, 2000 Memory Observed brings together classic and contemporary essays to explore the processes of memory in real life contexts Covering such issues as childhood recollections eyewitness testimony special memory feats and memories of famous individuals the writings support the authors thesis that understanding how human memory works requires greater emphasis on everyday situations and less on controlled laboratory experiments The much anticipated new edition has been thoroughly updated with over 40% new essays increased coverage of early childhood memories and memories of traumatic events and an expanded introductory section Neisser offers a thought provoking supplement for courses in memory learning and cognition
