

Gregory Scofield

A man in a dark suit is running through a field of tall, dry grass. The scene is set during a golden sunset or sunrise, with the sun low on the horizon, creating a warm, yellowish glow. The man is seen from behind, running towards the right side of the frame. The grass is tall and swaying, and the overall atmosphere is one of urgency and escape.

Love Medicine And One Song:

Love Medicine and One Song Gregory Scofield, 2009 Description not found **Cry for Luck** Richard Keeling, 2024-03-29 The sobbing vocal quality in many traditional songs of northwestern California Indian tribes inspired the title of Richard Keeling's comprehensive study. Little has been known about the music of aboriginal Californians and *Cry for Luck* will be welcomed by those who see the interpretation of music as a key to understanding other aspects of Native American religion and culture. Among the Yurok, Hupa, and Karok peoples, medicine songs and spoken formulas were applied to a range of activities from hunting deer to curing an upset stomach or gaining power over an uninterested member of the opposite sex. Keeling inventories 216 specific forms of medicine and explains the cosmological beliefs on which they were founded. This music is a living tradition and many of the public dances he describes are still performed today. Keeling's comparative historical perspective shows how individual elements in the musical tradition can relate to the development of local cultures and the broader sphere of North American prehistory. This title is part of UC Press's *Voices Revived* program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1992. *Crossing borders and queering citizenship* Zalfa Feghali, 2019-04-16 Can reading make us better citizens? Fusing queer theory, citizenship studies, and border studies in its exploration of seven U.S., Canadian, and Indigenous authors, poets, and performance artists, *Crossing borders and queering citizenship* theorises how reading can work as an empowering tool in contemporary civic struggles in North America. *Indigenous Poetics in Canada* Neal McLeod, 2014-05-16 *Indigenous Poetics in Canada* broadens the way in which Indigenous poetry is examined, studied, and discussed in Canada. Breaking from the parameters of traditional English literature studies, this volume embraces a wider sense of poetics, including Indigenous oralities, languages, and understandings of place. Featuring work by academics and poets, the book examines four elements of Indigenous poetics. First, it explores the poetics of memory: collective memory, the persistence of Indigenous poetic consciousness, and the relationships that enable the Indigenous storytelling process. The book then explores the poetics of performance. Indigenous poetics exist both in written form and in relation to an audience. Third, in an examination of the poetics of place and space, the book considers contemporary Indigenous poetry and classical Indigenous narratives. Finally, in a section on the poetics of medicine, contributors articulate the healing and restorative power of Indigenous poetry and narratives. **Fresh Tracks** Pamela Banting, 1998 This is an exceptionally forceful collection, substantial, evocative, and enduring, much like the region of Canada the writers are addressing. Contributors include Rudy Wiebe, Guy Vanderhaeghe, Karen Connelly, Sharon Butala, and others. **The Routledge Introduction to Gender and Sexuality in Literature in Canada** Linda M. Morra, 2023-01-31 *The Routledge Introduction to Gender and Sexuality in Literature in Canada* charts the evolution of gender

and sexuality as they have been represented and performed in the literatures of Canada for more than three centuries From early colonial texts by Frances Brooke to settler texts by Susanna Moodie and Catherine Parr Traill to more contemporary texts by Jane Rule Alice Munro Joshua Whitehead Ivan Coyote and others this volume will introduce readers to how gender and sexuality have been variably conceived in Canada and the work they perform across multiple genres Calling upon recent currents of gender theory and examining the composition structure and history of selected literary texts that is the literary sediments that have accumulated over centuries readers of this book will explore how those representations shift over time By examining literature in Canada in relation to crucial cultural political and historical contexts readers will better apprehend why that literature has significantly transformed and broadened to address racialized and fluid identities that continue to challenge and disrupt any stable notion of gendered and sexualized identity today

different His father disappeared after he was born and at five he was separated from his mother and sent to live with strangers and extended family There began a childhood marked by constant loss poverty violence and self hatred Only his love for his sensitive but battered mother and his Aunt Georgina a neighbor who befriended him kept him alive It wasn't until he set out to search for his roots and began to chronicle his life in evocative award winning poetry that he found himself released from the burdens of the past and able to draw upon the wisdom of those who went before him *Thunder Through My Veins* is Gregory's traumatic tender and hopeful story of his fight to rediscover and accept himself in the face of a heritage with diametrically opposed backgrounds
