Starting with the first truly French roman noir L o Malet s 120 rue de la gare 1943 and concluding with Maud Tabachnik s feminist thriller Un t pourri 1994 Gorrara analyses both texts and film in relation to their specific historical and cultural context From the heritage of the Second World War and France s wars of decolonisation to the rise of consumer culture and questions of gender and sexual equality the roman noir operates in dialogue with its times mediating social change and transformation with stories of crime transgression and marginality All the novelists studied were published initially in popular collections such as the S rie noire but they have been chosen for the innovation of their work and the exciting ways in which they resist tired conventions and offer new ways of representing social reality One of the first English language studies of this popular genre The Roman Noir in Post War French Culture offers much more than close readings of these fascinating texts it demonstrates the important contribution of the roman noir to the cultural histories of post war France

The Colonial Comedy: Imperialism in the French Realist Novel Jennifer Yee, 2016-08-12 Nineteenth century French Realism focuses on metropolitan France with Paris as its undisputed heart Through Jennifer Yee s close reading of the great novelists of the French realist and naturalist canon Balzac Flaubert Zola Maupassant The Colonial Comedy reveals that the colonies play a role at a distance even in the most apparently metropolitan texts In what Edward Said called geographical notations of race and imperialism the presence of the colonies off stage is apparent as imported objects colonial merchandise and individuals whose colonial experience is transformative Indeed the realist novel registers the presence of the emerging global world system through networks of importation financial speculation and immigration as well as direct colonial violence and power structures The literature of the century responds to the last decades of French slavery and direct colonialism notably in Algeria but also economic imperialism and the extension of French influence elsewhere Far from imperialist triumphalism in the realist novel exotic objects are portrayed as fake or mass produced for the growing bourgeois market while economic imperialism is associated with fraud and manipulation The deliberate contrast of colonialism and exoticism within the metropolitan novel and ironic distancing of colonial narratives reveal the realist mode to be capable of questioning its own epistemological basis The Colonial Comedy argues for the existence in the nineteenth century of a Critical Orientalism characterized by critique of its own discursive foundations Using the tools of literary analysis within a materialist approach The Colonial Comedy opens up the domestic Paris Provinces axis to signifying chains pointing towards the colonial space

Vénus Noire Robin Mitchell, 2020-02-15 Even though there were relatively few people of color in postrevolutionary France images of and discussions about black women in particular appeared repeatedly in a variety of French cultural sectors and social milieus In V nus Noire Robin Mitchell shows how these literary and visual depictions of black women helped to shape the country s postrevolutionary national identity particularly in response to the trauma of the French defeat in the Haitian Revolution V nus Noire explores the ramifications of this defeat in examining visual and literary representations of three black women who achieved fame in the years that followed Sarah Baartmann popularly known as the

Hottentot Venus represented distorted memories of Haiti in the French imagination and Mitchell shows how her display treatment and representation embodied residual anger harbored by the French. Ourika, a young Senegalese girl brought to live in France by the Marquis de Beauvau, inspired plays, poems, and clothing and jewelry fads, and Mitchell examines how the French appropriated black female identity through these representations while at the same time perpetuating stereotypes of the hypersexual black woman. Finally, Mitchell shows how demonization of Jeanne Duval, longtime lover of the poet Charles Baudelaire, expressed France's need to rid itself of black bodies, even as images and discourses about these bodies proliferated. The stories of these women, carefully contextualized by Mitchell and put into dialogue with one another, reveal a blind spot about race in French national identity that persists in the postcolonial present. On 15 March 1977, with his wife's consent, celebrated writer and former terrorist Hubert Aquin blew his brains out on the grounds of a Montreal convent school. Shocked by this self-murder, a filmmaker friend feels compelled to understand why Aquin killed himself and discovers at the heart of the tragedy an unforgettable love story. A documentary-fiction category which includes *In Cold Blood* and *The Executioner's Song*, *HA* is a seminal work that reinvents the audio-visual revolution of the last century. Interweaving photographs, documents, and images with testimony from Aquin's friends and contemporaries, Aquin himself, and the writers and artists who influenced him, this intriguing novel takes the reader on a Joycean tour of a metropolis in the midst of political and cultural turmoil. Under a Bad Sign Jonathan Munby, 2011-06-15

What accounts for the persistence of the figure of the black criminal in

popular culture created by African Americans Unearthing the overlooked history of art that has often seemed at odds with the politics of civil rights and racial advancement Under a Bad Sign explores the rationale behind this tradition of criminal self representation from the Harlem Renaissance to contemporary gangsta culture In this lively exploration Jonathan Munby takes a uniquely broad view laying bare the way the criminal appears within and moves among literary musical and visual arts Munby traces the legacy of badness in Rudolph Fisher and Chester Himes s detective fiction and in Claude McKay Julian Mayfield and Donald Goines s urban experience writing Ranging from Peetie Wheatstraw s gangster blues to gangsta rap he also examines criminals in popular songs Turning to the screen the underworld films of Oscar Micheaux and Ralph Cooper the 1970s blaxploitation cycle and the 1990s hood movie come under his microscope as well Ultimately Munby concludes that this tradition has been a misunderstood aspect of African American civic life and that rather than undermining black culture it forms a rich and enduring response to being outcast in America
