Wickware, Jr.,2025-05-20 Wickware responds to the failure of Christian antiracist work to translate love of the enemy into societal transformation Centering a structural idea of enmity he explains how love of the enemy involves embracing our need for those whose interests are opposed to ours under white supremacy engaging in mutual aid and committing to accountability When Children Love to Learn Elaine Cooper,2004-04-07 They re hallmarks of childhood The endless why questions The desire to touch and taste everything The curiosity and the observations It can t be denied children have an inherent desire to know Teachers and parents can either encourage this natural inquisitiveness or squelch it There is joy in the classroom when children learn not to take a test not to get a grade not to compete with each other and not to please their parents or their

teachers but because they want to know about the world around them Both Christian educators and parents will find proven help in creating a positive learning atmosphere through methods pioneered by Charlotte Mason that show how to develop a child's natural love of learning The professional educators administrators and Mason supporters contributing to this volume give useful applications that work in a variety of educational settings from Christian schools to homeschools A practical follow up to Crossway's *For the Children's Sake* this book follows a tradition of giving serious thought to what education is so that children will be learning for life and for everlasting life

Champion Hearts Thando Mgenge, 2011-11-17 Champion hearts is a book delineating the pitfalls fuelled by hunger for success It was inspired by the events observed in the workplace while I was shaping my career Factually the observation

started at the university subsequent to my conversion to Christianity Looking at the world in the precepts of Christ helped me realise that we human species are doing massive damage than good on earth Learning that university promotes rational thinking in general confused me because that is the place where I saw the most skewed thinking exercised Academics showed me one thing that has engulfed every area of life they taught that a person should mind their own business Academics do this disfavour excellently because they should appear broadminded A broadminded makes everyone feels at home Feeling at home means doing as you please I continually asked my heart that if it knows the truth that should be told how can I mind my business because I am not an island Before reaching the workplace situations we face in tertiary institutions initiates us for the animal kingdom Animal kingdom is the workplace that has no moral teaching where everyone fights to survive It is a place where people have a make believe thought of a punitive free world It is a place where people have a make believe thought of a consequence free world for their immodest deeds Sadly whatever is done in the secret shall one day be in the light Before it is in the light a heart that has committed despicable deed fights impossible war of hiding the secret This game always puts a fighter in vulnerability As old as I am I have never heard of someone who ever won the conscience fight To prove my statement sit down a friend who trusts you as the confidant Go down memory lane with them to check what really bothers them most Decisions done with the hope of fulfilment that did not bring happiness are the main regrets many souls are suffering from Whereas other deeds are easily traced because of the glaring evidence of their happenings there are those that require the victim to confide in someone Such things are a burden that many souls have decided to harbour In the process achievements are put tops at the expense of the hearts rest A heart not at rest with its soul is life poorly led I am afraid to say that in the quest for success we have Christian sisters who have decided to make sure that they stay in the league of the achievers according to the worldly standards and failed to foresee the after effects one must try to suppress for the rest of her life if ignoring conscience remains the only option in the eyes of the victim Calling this person victim is a sympathetic terminology Really this person is a volunteer victim She is a volunteer victim because she voluntarily chose to ignore scriptural advice Fortunately the same volunteer victim can be a heroine If one has been bartered they can be used by God to help possible future victims avoid mistakes It starts by warning them of the dangers of choosing the wrong loftiest dream in place of taking God at His word in the scriptures about our safe providence in His hand A heart devoted to helping others avoid pitfalls becomes a champion heart in heavens Creator uses it again for His master plan in restoring lost mankind In that way more champions are encouraged to hold fast till Messiah comes back That is the message of the cross I like the Father for remaining faithful to His promises He promised to never leave us nor forsake us This He has done in my life and that of many believers on this planet I can say being a champion heart is the long term process that requires constant reviewing of the championship status otherwise champions may grow complacent and die emotional paupers hence permanently backslidden elect This book takes a deep look at the woman who decided to ignore God Nomusa made the

common silliest mistake of sleeping her way to success She did that after experiencing *The Redeeming Love of God* John Watkins Pitchford,1872 **Desiring God's Will** David G. Benner,2015-09-23 How do we become both willing and able to do what God asks of us In this expanded edition of a spiritual formation classic psychologist and spiritual director David G Benner explores the transformation of the will in Christian spirituality examining why our desires are disordered and how we can align our hearts with God s **Already There** Mark Mossa,2010 If you are young or young only in heart and attempting to discover who you are meant to be Fr Mark Mossa can help you find the ways God is already in your life Mossa provides an honest and entertaining account of how he as a younger adult now a Jesuit priest attempts to find God s will for his life We need only take some time to reflect on our experience and that is what Mark Mossa helps us to do and we ll see that God has already been trying to communicate with us in unexpected and surprising ways The audio edition of this book can be downloaded via Audible **This Monastic Moment** John W. de Gruchy,2021-10-30 Kairos refers to moments in chronological time when all hell is breaking loose and we are called to change our ways before we are dragged into the abyss Kairos is apocalyptic time and it is here and now Such is the time in which we need to listen again to St Benedict of Nursia Far too many of us Christians have either been seduced by the false values of the age and the spirit of Christian triumphalism or else have been attracted to gnostic forms of spirituality that provide a means of escape from reality and responsibility Any delay in responding to this kairos moment increases the danger that we fail to change our ways and grasp the opportunity God gives us to receive the coming kingdom in greater fullness now So St Benedict __een hundred years a_er he wrote his Rule continues to tell us to listen wake up and run while there is still light _is is a time for both contemplation and action prayer and doing justice a time for mystics and prophets to join hands and hearts for the sake of the world From the Prologue
