prolific English songwriter between the death of John Dowland in 1626 and the birth of Henry Purcell in 1659 He is celebrated as Milton's collaborator in *Comus* 1634 Although he wrote some church music Lawes's significance as a composer lies in his settings of many of the choicest lyrics by Cavalier poets such as Carew Herrick Suckling and Waller who like Lawes himself belonged to the brilliant court of Charles I This book combines an account of his life with a study of his development as a songwriter during this fascinating historic period Following the execution of the King in 1649 Lawes played an important part in establishing concerts in London during the 1650s and was one of the composers of the first English opera Davenant's *The Siege of Rhodes* 1656 At the Restoration he set *Zadok the Priest* for the coronation of Charles II but died the following year The last book on Lawes appeared in 1940 since when the importance of his songs has been increasingly recognized thanks in part to Ian Spink's own previous study *English Song Dowland to Purcell* 1986 and his edition of *Cavalier Songs 1625-1660* for Musica Britannica [Catalog of Copyright Entries](#) Library of Congress. “Colored Men” and “Hombres Aqui” Michael A. Olivas,2020-04-30 This collection of ten essays originally published in 2006 to commemorate the 50th anniversary of an important but almost forgotten U S Supreme court case Hernandez v Texas 347 US 475 1954 is now available in trade paperback for the first time Involving Mexican Americans and jury selection this major case was published just before Brown v Board of Education in the 1954 Supreme Court reporter This landmark case the first to be tried by Mexican American lawyers before the US Supreme Court held that Mexican Americans were a discrete group for purposes of applying Equal Protection Although the case was about discriminatory state jury selection and trial practices it has been cited for many other civil rights precedents in the intervening 50 years Even so it has not been given the prominence it deserves in part because it lives in the shadow of the more compelling Brown v Board case There had been earlier efforts to diversify juries reaching back at least to the trial of Gregorio Cortez in 1901 and continuing with efforts by the legendary Oscar Zeta Acosta in Los Angeles in the 1960s Even as recently as 2005 there has been clear evidence that Latino participation in the Texas jury system is still substantially unrepresentative of the growing population But in a brief and shining moment in 1954 Mexican American lawyers prevailed in a system that accorded their community no legal status and no respect Through sheer tenacity brilliance and some luck they showed that it is possible to tilt against windmills and slay the dragon Edited and with an introduction by University of Houston law scholar Michael A Olivas *Colored Men and Hombres Aqui* is the first full length book on this case This volume contains the papers presented at the Hernandez at 50 conference that took place in 2004 at the University of Houston Law Center and also contains source materials trial briefs and a chronology of the case

The Soul-Catcher's Calling Nigel J. Jamieson LLD,2020-01-08 There are hot spots sink holes and hell holes all over the earth They move around a bit Baghdad in Iraq has been often a hot spot Kabul in Afghanistan is another Then there s the sink hole of Tehran in Iran together with the recently war torn Damascus in Syria Don t blame the places nor even the folks New York in the USA London in the UK and

Brussels in the EU are no different for being sometimes politically sinking hot spots or terrorist targeted hell holes In terms of prophetic history a welter of the world s biggest cities are everyday battlegrounds from which governmental academics compartmentalise their own specialist solutions Most of these solutions whether military or civic fall so far short of the cosmic solution as to escalate the existing state of world disorder Sure enough without a barebones history of hell there s no point to fixing up hell holes Without the briefest history of heaven it s also pointless to shore up sink holes And as for the world s hot spots you have to look as deep into the souls of the good guys as you do into the souls of the bad guys But you can t just walk off from compartmentalising a problem and expect it to sort itself out For a workable solution you ve got to bring back all the component parts together again that you first took apart and make them work together That s exactly why this Soul Catcher s Calling stops at nothing short of dealing with all things both under the sun and beyond the sun Soul catching is a military operation at first under command and then undertaken entirely by personal commitment All such tours of duty overseas will be carefully monitored and guided by the most experienced of guardian angels However perilous the front line travel none who seriously commit themselves to this soul catching operation shall get left behind The Man with the Grasshopper Mind Peter Innes,2008-10 The Man With the Grasshopper Mind is a satirical romp a burlesque of gender politics in the groves of academe Dr Douglas Ian MacPherson Mac is a professor at Daventry University In his role as a scientist he understands rats though not apparently women He begins by clashing with Dr Naomi Gelsey Ashdown of the Department of Women s and Gender Studies goes on to offend every female on campus and ends by alienating the affections such as they were of his wife Even Mac s colleagues don t care to know him and aside from his dog he has only one good friend and true his marriage counselor and drinking companion Dr Yeti Bahnjakris
