Love War:

War and Conflict Quotations Michael C. Thomsett, Jean Freestone Thomsett, 2015-09-02 History is replete with pronouncements on war. Some reflect on man's warlike nature. We are quick to flare up, we races of men on the earth. Homer others deal with the practical strategies of the combatants. If Hitler invaded hell I would make at least a favorable reference to the devil in the House of Commons. Winston Churchill and still others offer advice for avoiding conflict. The most disadvantageous peace is better than the most just war. Desiderius Erasmus. More than 2 700 quotations on war and conflict are presented in this reference work. The quotations are arranged by more than 100 broad categories from action to winning. For each the quotation is first given followed by its author, the work in which it appeared when appropriate and the date. The book includes numerous cross references and keyword in context and author indexes are provided for further utility.

Quagmire Phil Beidler (foreword) Donald Anderson (editor), 2021-10 In Quagmire you'll find a range of voices, men and women, military and civilian and a range of perspectives from the homeland, the combat zone and war's aftermath. These personal responses to war in Iraq and Afghanistan have been selected from War Literature, the Arts, An International Journal of the Humanities to mark the thirtieth anniversary of its inaugural publication. The responses cover approximately fifteen years of the United States' conflicts in Iraq and Afghanistan and demonstrate the aftermath of war and the degreed ripples that extend beyond soldiers to families and friends, lovers, hometowns, even pets. As citizens, Pablo Neruda advised, we have an obligation to come and see the blood in the streets. To ignore what we do in war and what war does to us is to move willfully toward ignorance. To ignore such reminders imperils ourselves, our communities and our nation. **Congressional Record** United States Congress, 1941 **The Atlantic Monthly**, 1862 The Chicago Companion to Tocqueville's Democracy in America James T. Schleifer, 2012-05-04 Now James T. Schleifer, an expert on Tocqueville, has provided the background and information readers need in order to understand Tocqueville's masterwork. In clear and engaging prose, Schleifer explains why Democracy in America is so important, how it came to be written and how different generations of Americans have interpreted it since its publication. He also presents indispensable insight on who Tocqueville was, his trip to America and what he meant by equality, democracy and liberty. *The Fourth Dimension of Warfare: Intelligence, subversion, resistance*, by S. G. F. Brandon [and others] Michael Elliott-Bateman, 1970 *Gentleman's Magazine and Historical Review*, 1847

The Gentleman's Magazine, 1847 The Gentleman's magazine section is a digest of selections from the weekly press. The Trader's monthly intelligencer section consists of news, foreign and domestic vital statistics, a register of the month's new publications and a calendar of forthcoming trade fairs. Sacred Matters Gary Laderman, 2009-05-12 Widely praised in hardcover as a fascinating and important addition to religious and cultural studies, Sacred Matters reveals the remarkable ways that religious practices permeate American cultural life. In a country where references to God are as normal as proclaiming love of country, support for the military or security for the nation's children, religion scholar Gary Laderman casts

his eye over our deeply hidden spiritual landscape questioning whether our conventional views even begin to capture the rich and strange diversity of religious life in America A compelling read Sacred Matters shows that genuinely religious practices and experiences can be found in the unlikelyst of places in science laboratories and movie theaters at the Super Bowl and Star Trek conventions and in Americans obsession with prescription drugs and pornography When devoted fans make a pilgrimage to Graceland because of their love for Elvis Laderman argues their behavior doesn't just seem religious it is religious enacting a well known ritual pattern toward saints in the history of Christianity In a dramatic reframing of what is holy and secular Sacred Matters makes a powerful and illuminating case that religion is everywhere and that we have barely begun to reckon with its hold on our cultural life

In Cuba Translated by Donald D. Walsh Ernesto Cardenal,1974 A Jewish girl and the daughter of a Nazi have been best friends since they started school but in 1938 the 13 year olds find their close relationship difficult to maintain

Written on Water Ailing Zhang,2005 These firsthand accounts examine the subtle and not so subtle effects of the Japanese bombing and occupation of Shanghai and Hong Kong Eileen Chang writes of friends colleagues and teachers turned soldiers or wartime volunteers and her own experiences as a part time nurse Her nuanced depictions range from observations of how a woman's elegant dress affects morale to descriptions of hospital life

Never Quit The Fight Ralph Peters,2006-06-26 Drawing on his global experiences from Africa to Iraq author Ralph Peters attacks today's crucial issues of our time head on with the clear eye and blunt voice that has won him a devoted following Is Iraq worth it What's the truth behind the politics Are our defense dollars buying a strong military or the wrong military Are we missing great opportunities elsewhere while hypnotized by the Middle East Must we accept that Islam itself is the problem Will we face a war with China What would such a war mean Can Washington learn from its mistakes These are just a few of the controversial issues Peters takes on in a series of body blows to the status quo Famed as the most original strategist of our time Ralph Peters builds on the critical and commercial success of previous books Wars of Blood and Faith 978 0 8117 0274 4 and New Glory 1 59523 011 4 to offer a stunningly fresh vision for our military our country and the world
