Love Your Mama:

My Mother, Your Mama Dr. Ralph E. Plumb, Dr. Freager A. Pertilla, 2017-03-07 This collection of real life faith based stories comes from two diverse gender and cultural perspectives that show the hilarious yet painful emotional roller coaster of caring for an aging parent These talented coauthors bring to life the ups and downs and the joys and sorrows of caring for in this case their mom Though managing vastly different psychological and cognitive dynamics in their parents and varied support systems their struggle is the same how do we make life work for our aging parent Journeying through their stories readers will gain a glimpse into an intimate reality that the majority of us will face It is not all pretty or warm or sentimental It is often thankless inconvenient awkward and abjectly uncomfortable However this book provides valuable yet hilarious lessons that can guide readers through their own journey with aging parents Embracing humor and compassion Ralph and Feager invite readers into this essential work that we cannot abdicate to social service agencies or the health care system

My Mama Cherry Etta Wanda Rhodes, 2018-07-30 This book will really make you think about the complexities of life At fourteen years old this innocent black girl had a baby by a white man in Walnut Mississippi They soon had to get out of town and they went to Oklahoma City where their lives went from terrible to worse On Second Street the neighborhood could not tolerate having this white man among them so despite the terror they still loved each other until Robert found his woman in a bar with a strange man His rage forced him to take action take their baby from her and marry a white woman You can only imagine what would happen next

Mama's Voice Esther Bganya, 2015-03-31 Mamas Voice is the product of a middle aged Christian psychiatrist and mother who journals her life observations and experiences hoping to pass on some life lessons to her children What started off as random journaling of thoughts ended up being a published book released as a birthday present for her children The book is written in a random manner with life lessons ranging from self esteem bad habits addictions snobbery conflict money selfishness greed and codependent relationships through to family dramas The author attempts to capture some important life lessons with a touch of humor and rawness that depicts the real life dramas Both pleasurable and painful life observations and experiences are unapologetically expressed with a rawness that does not coat it with sweet candy Its about real life seen through the eyes of a mother going through a midlife crisis and questioning most things she had taken for granted The messages are given as direct instructions to her children in second or third person voices and riddles The messages are just as random as they entered the authors thoughts This is a light read for both the middle aged and young who are questioning a few things in their worldview Like the philosopher in the book of Ecclesiastes the author grapples with certain life issues until she finally realizes that she cannot fix the world and she gives up control The forty five year old author starts off by writing a letter to her thirteen year old self and ends the book with her modified version of the Ten Commandments and a futuristic letter to her eighty five year old self
