movements of those turbulent years Power to the People treats the design practices of that moment as activism in its own right that offers a vehement challenge to the dominance of official media and a critical form of self representation No other book surveys in such variety the highly innovative graphic design of the underground press and certainly no other book captures the era with such an unmatched eye toward its aesthetic and look Power to the People is not just a major compendium of art from the 60s and 70s it showcases how the radical media graphically fashioned the image of a countercultural revolution that still resounds to this day

Peace and Religious Freedom The Pope called on all the Lay Members of The Catholic Church to rise up and contribute to the mission of the PCNE Our Mission is a humble response to the Popes call In Book 1 the Author surveyed the teaching and history of the Church through a military perspective He concluded that WE ARE AT WAR WITH SATAN the only enemy of God and Man That war started from the Garden of Eden after mans creation It has been going on ever since Author therefore reminds the world that its wars and crises from the family to the global levels are rooted in this war against Satan fighting us as it did to Adam and Eve to commit sins by disobeying Gods Commandments Through our disobedience and sins we bring as Adam did wars and crises from our families to the global levels Accordingly the Author concludes that we cannot avoid sins if we do not understand the Teaching of Christ Our Only Leader and recognize the voice language and strategies of His enemy Satan in tempting us to sin The Author views the teaching of Christ as the Pillars that sustain our lives and modern governance against the attacks of the enemy He therefore warns that driving God out of our private and public lives can only move us faster on the path to wars crises and declining global peace He therefore provides in these Books his views on how to avoid sins by recognizing the ways that the enemy Satan lures us to sin Through such recognition we can learn how to avoid its temptations In the world of today most sins arise from our denial or lack of knowledge of these sins at all levels of our activities and lives The principle of the Separation of State and Religion is being misinterpreted to mean denying sins in our political economic and social lives In Books 2 and 3 the Author continues his surveys of the enemys strategies to cause wars between Christianity and Secularity and shows how the two can cooperate to fight back and reduce our wars and enhance global peace In Book 4 he shows how the enemy uses us in our various professions to be its agents to cause wars that lead to a decline in peace from our family to the global levels Finally in Book 5 he surveys the on going Warfront against our Religious Freedom to obey Gods Commandments in all our Religious and Secular activities He concludes with strong Recommendations on building the Knights of The Cross Mission of warriors from our Grass root parish levels of the church to the global level
