Hunger's Brides W. Paul Anderson, 2011-07-27 An epic novel of genius and obsession apocalyptic lyrical and erotically charged Spanning three centuries and two cultures *Hunger's Brides* brings to vivid life the greatest Spanish poet of her time Sor Juana In s de la Cruz and plumbs a mystery that has intrigued writers as diverse as Robert Graves Diane Ackerman Eduardo Galeano and Nobel laureate Octavio Paz Why did a writer of such gifts silence herself At the time of her death in 1695 Juana In s de la Cruz was arguably the greatest writer working in any European tongue yet she had never set foot in Europe Instead she was born among the descendants of the Aztec empire in the shadow of the mountain pass Cort s and his troops descended on their advance to Montezuma s capital A child prodigy from a barbarous wilderness her beauty and wit provoked a sensation at the viceregal court in Mexico City But at the age of nineteen still a favourite of the court Juana entered a convent and from that point her life unfolded between the mystery of her sudden flight from palace to cloister and the enigma of her final vow of silence signed in blood After a quarter century of graceful often sensuous poetry plays and theological argument Sor Juana chose silence which she maintained until she died of plague at the age of forty five Drawing on chronicles of the conquest and histories of the Inquisition myth cycles and archeological studies ancient poetry and early Spanish accounts of blood sacrifice *Hunger's Brides* is a mammoth work of inspired historical fiction framed in a contemporary mystery In the dead of a Calgary winter night a man escapes from an apartment in which a young woman lies bleeding in his arms he clutches a box he has found on her table addressed to him He is Donald Gregory a once respected now disgraced academic She is Beulah Limosneros one of his students and for a brief time his lover Brilliant erratic voracious she had disappeared two years earlier in Mexico following the thread of her growing obsession with Sor Juana Over the ensuing days and weeks as a police investigation closes in around him Gregory pieces together the contents of the box she has left him a poetic journal of her travel in Mexico diaries research notes unposted letters and a strange manuscript part biography part novel on Sor Juana *Hunger's Brides* is a dramatic unveiling of three intimate journeys a man s forced march to self knowledge a great poet s withdrawal from the world and a profane mystic s pilgrimage into modern Mexico in which the bones of the past constantly poke through a present built on the ruins of the vanquished Excerpt from *Hunger's Brides*

From the moment I was first illuminated by the light of reason my inclination toward letters has been so vehement that not even the admonitions of others nor my own meditations have been sufficient to cause me to forswear this natural impulse that God placed in me that inclination exploded in me like gunpowder Sor Juana in a letter of self defence written to a bishop in 1691 just before she took a vow of silence *Finding the Right Woman for You* Michelle McKinney Hammond,2005-01-01 And now a look at the single life geared toward the maleperspective Relationship expert Michelle McKinney Hammond turns her attentionto single men and offers them an insider s glimpse into the mysterious world ofwoman She outlines how to seek a fulfilling relationship with the opposite sex how to clean up their dating life and how to thoughtfully pursue the woman oftheir dreams Male readers will deem this the ultimate guide to successfullyfinding and keeping the love of their life

Dismemberment in the Fiction of Toni Morrison

Jaleel Akhtar, 2014-06-19 *Dismemberment in the Fiction of Toni Morrison* is a multifaceted study of Toni Morrison s fiction It investigates racism and the concomitant experiences of dismemberment in Morrison s fiction from multiple perspectives including history psychology and culture Looking at dismemberment from multiple perspectives rather than the more generic and abstract expression of fragmentation likens the impact of racism on individuals to the splitting of bodies amputation phantom limbs and traumatic memories and in more concrete and visceral terms Morrison s art of story telling involves an interactive conversation from multiple perspectives demanding more attentive participation from her readers in deconstructing the meaning of her narratives Studying her fiction from multiple perspectives suggests various ways of examining the pernicious impact of racism which produces various forms of dismemberment in her characters This investigation does this without giving prominence to one perspective at the expense of other equally relevant modes of interpretation Morrison s depiction of the trauma of racism on the psyche of her characters and the concomitant experiences of dismemberment has its roots in the historical and social realities of African Americans The psychological impact of racism on Morrison s characters requires viewing through the lens of the historical and social realities that play a significant role Morrison enacts racial alienation and dismemberment as complex processes it is consequently important to look at her project from multiple perspectives Examining the lived reality of African Americans from only one perspective ignores dismemberment in the light of the socio political and historical realities of African American experience in the United States and entails reconsideration of the physical historical social and psychological realities This investigation argues for the importance of combining these historical and psychological as well as sociocultural analyses of Morrison s fiction in order to acquire a more rounded understanding of racism and its debilitating effects on the psyche By situating Morrison s fiction within a variety of discourses this study offers a multifaceted highly interdisciplinary framework for a more rewarding analysis of her fiction

The Mark of Cain J. Reid Meloy, 2013-06-17 *The Mark of Cain* makes available for the first time the accumulated psychoanalytic understanding of the psychopathic mind Editor Reid Meloy a leading authority on the

psychology of the psychopath has brought together in a single collection the most historically important psychoanalytic papers on the psychopath and delineated their continuing relevance to contemporary understanding According to Meloy two theoretical traditions flow into the psychoanalytic understanding of psychopathy The first tributary focuses on the early development of the psychopath in order to illuminate how a profound alteration in self regard leads both to a denigration of the other and to an impulsive search for gratification in the present The second tributary seeks to locate the psychopathic miscarriage of human potentiality within analytic theories of personality structure and clinically grounded differential diagnosis Meloy presents the major contributions associated with both of these traditions Included within this body of literature are the original formulations of concepts that have long since become part of the psychoanalytic nomenclature the affectionless juvenile offender the diagnostic significance of affect hunger the behavioral consequences of superego lacunae the recourse to promiscuous identification in the impostor and the paradoxically lethal lure of malignant narcissism Of special interest are Meloy s historical notes to each chapter and two section introductions the latter major essays in their own right The explosion of empirical research on psychopathy over the past two decades masks the fact that much contemporary work in this area is grounded in the clinical formulations of leading psychoanalysts of the twentieth century The Mark of Cain rescues this intimate understanding of the inner world of the psychopath and thereby contributes to clinical realism in the face of deception manipulation exploitation and even frank dangerousness

Sadhana: The Realization of Life Rabindranath Tagore, Sadhana The Realization of Life is a profound collection of essays by Rabindranath Tagore the Nobel Prize winning poet philosopher and spiritual thinker of India In this timeless work Tagore explores the connection between the individual soul and the universal spirit blending ancient Indian wisdom with universal human values Through beautifully written reflections on truth beauty love unity and the spiritual nature of existence Sadhana invites readers to rediscover inner peace purpose and the joy of living in harmony with the world

Sadhana – The Realisation of Life Rabindranath Tagore, 2020-04-19 Perhaps it is well for me to explain that the subject matter of the papers published in this book has not been philosophically treated nor has it been approached from the scholar's point of view The writer has been brought up in a family where texts of the Upanishads are used in daily worship and he has had before him the example of his father who lived his long life in the closest communion with God while not neglecting his duties to the world or allowing his keen interest in all human affairs to suffer any abatement So in these papers it may be hoped western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of to day

Author's Preface

Effacing the Self Marc De Kesel, 2023-08-01 In spirituality and mysticism many seek a counterbalance to the strong emphasis on the self that modernity demands of us We desire a fixed self on the one hand and are fascinated by selflessness on the other But is our fascination with selflessness not a ruse to make that self of ours even stronger And is that self critical question not the kernel of even traditional mysticism Marc De Kesel investigates some dark rooms of the mystical tradition to clarify this This is a book for all who want to free themselves from the conceptual frameworks and rigid dogmas of late modern religiosity The first part of the volume deals directly with early modern

Christian mysticism and more specifically with the French spiritualit and discussions centered around the problem of what it means to love God in a pure radically unselfish way The second part explores the paradoxical dialectics between self and selflessness in relation to the way Christian religion deals with its own identity If Christian love is selfless why has Christianity in the end not given up its own self its own identity The third and last part of the volume discusses the dialectics between self and selflessness in three other domains popular spirituality politics and modern science It makes clear that selflessness is not limited to mysticism but is both a fascination and a problem paradox for modernity in many fields **The**
