Love in the Age of Reptiles Wayne Kyle Spitzer, 2021-03-26 First came the time storm which erased half the population Then came the Dinosaur Apocalypse How did it all begin Well that depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn t take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn t take long for the great Time displacement called the Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Collected herein are the stories in which Love mattered From Love in the Age of Reptiles There were six of them as I said all of whom rushed us the instant our feet touched the ground All of whom snarled and charged us like wolverines as we raised our weapons and fired the flare gun cracking and hissing blanching the scarlet haze for the sun had painted everything red and gold its projectile punching through one of the raptors chests and lighting it up so that its ribs were backlit briefly and I could see if only for an instant its burning beating heart Yet still they came another one leaping at me even as I dropped the gun which clattered against the planks as I dropped it and grabbed the thing by its neck then brought the knife down with my other hand and stabbed it between the eyes Run I shouted even as Amanda shot another her second and then bolted toward the shore drawing the others so that I was able to snatch up the flare gun and quickly reload it so that I was able to pursue them and to shoot one in the back while Amanda turned and took out the last of them shooting it in the head so that the back of its skull exploded like a spaghetti dinner thrown against the wall so that it collapsed writhing about 10 feet in front of her whereupon she quickly approached it and shot it again just to be sure And then she

looked at me as the dead and dying animals lay all around us and I looked back our chests heaving our faces covered in sweat our worn clothes bloody and disheveled and I knew that she knew which was that today we were the predators the thing needing to be feared the killers And that neither of us needed to worry not about food or other predators or mysterious lights in the sky or anything Because we were the masters of our fate we and no one else not even God And we were the master of the world s fate too At which she ran to me and we collided and I held her fast there on the long jetty in the Atlantic Ocean in the Bermuda Triangle there beneath a day moon and the blood red sky in an instant in which it was good so very good not to be afraid not to be alone And as to what may or may not have happened in those breaths those pulse points between that moment and the next the next day the next search the next milestone as to that I offer only a quote from Gandhi Speak only if it improves upon the silence *Love in the Age of Dragons* Fatima R. Armstrong,2018-06-30 John Armstrong knows from personal experience how easy it is to put too much emphasis on correct teaching in our experience of church and how easily we lose sight of the love on which Christ built his church when we do so In *Costly Love* Armstrong acknowledges the importance of doctrine and theological discussion in the church but he urges Christians to focus first on whether we are following Jesus new commandment to love as he loved Our actions of love will begin to bring us closer to unity with one another and with God **A Love Letter to M. Hardcore Punk in the Age of Reagan Robert Fitzgerald,2025-05-27 Few politicians produced the musical reaction that Ronald Reagan did His California branded conservatism inspired countless young people to pick up guitars and thrash out their political angst Punk bands across the United States took aim at the man his presidency and the idea of America he was selling to voters nationwide Small yet vibrant scenes across the country emerged to challenge the communal norms and social values projected on them by the popular media and consumer culture Punk enthusiast Robert Fitzgerald argues that these songs lyrics aren't just catchy and fun to scream along with they also reveal the thoughts and feelings of artists reacting to their political environment in real forthright and uncensored time In candid detail Fitzgerald shows how these lyrics illustrated what young adults felt and how they reacted to one of the most influential and divisive leaders of the era Punk lyrics are seemingly simple the author argues but they sketch out a complex musically inspired countermovement that is as canonical in the American songbook as the folk and rock protest music that came before
