**Love, sex and war** John Costello,1985      *Lord Hailey, the Colonial Office and Politics of Race and Empire in the Second World War* S. Wolton,2000-06-21 The book studies the Anglo American debate in which British officials led by Lord Hailey countered American criticisms of imperial rule by emphasizing economic development and peace keeping as new non racial justifications for western authority These are themes that have retained a powerful resonance in the post war world

*Roots of War* David G. Winter,2018 *Roots of War* presents systematic archival experimental and survey research on three psychological factors leading to war desire for power exaggerated perception of threat and justification for force set in comparative historical accounts of the unexpected 1914 escalation to world war and the peacefully resolved 1962 Cuban Missile Crisis Provided by publisher      'Curing queers' Tommy Dickinson,2015-01-31 Drawing on a rich array of source materials including previously unseen fascinating and often quite moving oral histories archival and news media sources

*Curing queers* examines the plight of men who were institutionalised in British mental hospitals to receive treatment for homosexuality and transvestism and the perceptions and actions of the men and women who nursed them It examines why the majority of the nurses followed orders in administering the treatment in spite of the zero success rate in straightening out queer men but also why a small number surreptitiously defied their superiors by engaging in fascinating subversive behaviours *Curing queers* makes a significant and substantial contribution to the history of nursing and the history of sexuality bringing together two sub disciplines that combine only infrequently It will be of interest to general readers as well as scholars and students in nursing history gender studies and health care ethics and law      **Dangerous Liaisons** Roger Davidson,2016-08-22 This book explores the role of Venereal Disease in shaping perceptions of sexuality in twentieth century Scotland and in defining the response of the Modern State to patterns of sexual behaviour It examines how civic medical and political authorities reacted to the Hideous Scourge in times of peace and war and how far policy was informed by anxieties surrounding social change and public morality as much as by the incidence of disease and developments in medical knowledge It focuses in particular on the moral assumptions underpinning epidemiological debate and the various dimensions of stigmatisation and control within VD discourse including gender generation and class This study also highlights the protracted campaign in Scotland for legal controls over those suffering from VD and the enduring problem resurrected by the threat of HIV and AIDS of balancing the demands of public health against those of civil liberties in the regulation of dangerous sexualities      *The Illusionist* Robert Hutton,2024-09-03 The astonishing story of how in 1942 in Egypt Colonel Dudley Clarke s ingenious A Force thwarted the Nazis while inventing a whole new playbook of military deception Cairo 1942 If you had asked a British officer who Colonel Clarke was they would have been able to point him out Always ready with a drink and a story Clarke was a well known figure in Cairo social circles and nightlife If you then asked what he did you would have less success Those who knew didn t tell and almost no one really knew at all Clarke thought of

himself as developing a new kind of weapon Its components Rumor stagecraft a sense of fun Its target The mind of Erwin Rommel Hitler s greatest general Throughout history military commanders have sought to mislead their opponents Dudley Clarke set out to do it on a scale no one had imagined before Even afterwards almost no one understood the magnitude of his achievement Drawing on recently released documents and hugely expanding on the louche portrait of Clarke as seen in SAS Rogue Warriors journalist and historian Robert Hutton reveals the amazing story of Clarke s A Force the invention of the SAS and the Commandos and the masterful hoodwinking of the Desert Fox at the battle of El Alamein The Illusionist tells for the first time the dazzling tale of how at a pivotal moment in the war British eccentricity and imagination combined to thwart the Nazis and save innumerable lives on both sides [Breaking the Gender Code](#) Georgina Hickey,2023-12-12 Historian Georgina Hickey investigates challenges to the code of urban gender segregation in the 20th century focusing on organized advocacy to make the public spaces of American cities accessible to women She traces waves of activism from the Progressive Era with its calls for public restrooms rooming houses anti spitting ordinances covered bus stops employment bureaus lunch rooms and women police through and beyond second wave feminism and its focus on the creation of alternative women only spaces In doing so Hickey looks at how class race and sexuality shaped activists agendas and shaped women s experiences of urban space and the gains and limitations of this activism She uses a wide range of archival material from press coverage to neighborhood association records to etiquette manuals and studies a variety of cities from Minneapolis to Atlanta Throughout she draws connections between the vulnerability of women in public spaces real and presumed and contemporary debates surrounding rape culture bathroom bills and domestic violence Ultimately Hickey unveils the institutionalized hierarchies that have made women feel uncomfortable in American cities and the both strikingly successful and incomplete initiatives activists undertook to open up public space to women The manuscript is organized into eight chapters that move chronologically through the twentieth century with an epilogue that reflects on how these issues manifest in the present *Health and Citizenship* Frank Huisman,Harry Oosterhuis,2015-10-06 This collection of essays looks at issues of health and citizenship in Europe across two centuries Contributors examine the extent to which the state can interfere with the private lives of its citizens the role of individual responsibility and if any boundary occurs in terms of what the state can realistically provide *A Nazi in the Family* Derek Niemann,2018-09-06 WARTIME BERLIN The Niemann family Karl Minna and their four children live in a quiet suburban enclave Every day Karl commutes to work a business manager travelling around inspecting his factories In the evenings he returns home to life as a normal family man Three years ago Derek Niemann born and raised in Scotland made the chilling discovery that his grandfather Karl had been an officer in the SS and that his business used thousands of slave labourers in concentration camps such as Auschwitz Dachau Buchenwald and Sachsenhausen Derek had known little about the German side of his family but now a lifetime of unsettling hints and clues began to fall into place With the help of surviving relatives and hundreds of previously unknown family

photographs Derek uncovers the true story of what Karl did A Nazi in the Family is an illuminating portrayal of how ordinary people can fall into the service of a monstrous regime **Global Politics** Jenny Edkins,Maja Zehfuss,Thomas

this astonishing new history of wartime Britain historian Stephen Bourne unearths the fascinating stories of the gay men who served in the armed forces and at home and brings to light the great unheralded contribution they made to the war effort Fighting Proud weaves together the remarkable lives of these men from RAF hero Ian Gleed a Flying Ace twice honoured for bravery by King George VI to the infantry officers serving in the trenches on the Western Front in WWI many of whom led the charges into machine gun fire only to find themselves court martialled after the war for indecent behaviour Behind the lines Alan Turing s work on breaking the enigma machine and subsequent persecution contrasts with the many stories of love and courage in Blitzed out London with new wartime diaries and letters unearthed for the first time Bourne tells the bitterly sad story of Ivor Novello who wrote the WWI anthem Keep the Home Fires Burning and the crucial work of Noel Coward who was hated by Hitler for his work entertaining the troops Fighting Proud also includes a wealth of long suppressed wartime photography subsequently ignored by mainstream historians This book is a monument to the bravery sacrifice and honour shown by a persecuted minority who contributed during Britain s hour of need **The Great Class War 1914-1918**

Jacques R. Pauwels,2016-04-06 Historian Jacques Pauwels applies a critical revisionist lens to the First World War offering readers a fresh interpretation that challenges mainstream thinking As Pauwels sees it war offered benefits to everyone across class and national borders For European statesmen a large scale war could give their countries new colonial territories important to growing capitalist economies For the wealthy and ruling classes war served as an antidote to social revolution encouraging workers to exchange socialism s focus on international solidarity for nationalism s intense militarism

And for the working classes themselves war provided an outlet for years of systemic militarization quite simply they were hardwired to pick up arms and to do so eagerly To Pauwels the assassination of Archduke Franz Ferdinand in June 1914 traditionally upheld by historians as the spark that lit the powder keg was not a sufficient cause for war but rather a pretext seized upon by European powers to unleash the kind of war they had desired But what Europe s elite did not expect or predict was some of the war s outcomes social revolution and Communist Party rule in Russia plus a wave of political and social democratic reforms in Western Europe that would have far reaching consequences Reflecting his broad research in the voluminous recent literature about the First World War by historians in the leading countries involved in the conflict Jacques Pauwels has produced an account that challenges readers to rethink their understanding of this key event of twentieth century world history Stranger in the House Julie Summers,2009-07-06 It is as if I have been waiting for someone to ask me these questions for almost the whole of my life From 1945 more than four million British servicemen were demobbed and sent home after the most destructive war in history Damaged by fighting imprisonment or simply separation from their loved ones these men returned to a Britain that had changed in their absence In *Stranger in the House* Julie Summers tells the women s story interviewing over a hundred women who were on the receiving end of demobilisation the mothers wives sisters who had to deal with an injured emotionally damaged relative those who assumed their fianc s had died only to find them reappearing after they had married another women who had illegitimate children following a wartime affair as well as those whose steadfast optimism was rewarded with a delightful reunion Many of the tales are moving some are desperately sad others are full of humour but all provide a fascinating account of how war altered ordinary women s lives forever

Good-bye, Piccadilly Jenel Virden,1996 Though the women came to the U S from all parts of the British Isles they were an unusually homogeneous group averaging 23 years of age from working or lower middle class families and having completed mandatory schooling to the age of fourteen For the most part they emigrated alone and didn t move into an existing immigrant population *The Indian Contingent* Ghee Bowman,2020-05-21 An incredible and important story finally being told Mishal Husain On 28 May 1940 Major Akbar Khan marched at the head of 299 soldiers along a beach in northern France They were the only Indians in the British Expeditionary Force at Dunkirk With Stuka sirens wailing shells falling in the water and Tommies lining up to be evacuated these soldiers of the British Indian Army carrying their disabled imam found their way to the East Mole and embarked for England in the dead of night On reaching Dover they borrowed brass trays and started playing Punjabi folk music upon which even many British spectators joined in the dance What journey had brought these men to Europe What became of them and of comrades captured by the Germans With the engaging style of a true storyteller Ghee Bowman reveals in full for the first time the astonishing story of the Indian Contingent from their arrival in France on 26 December 1939 to their return to an India on the verge of partition It is one of the war s hidden stories that casts fresh light on Britain and its empire *Race, War and Nationalism* Glenford D. Howe,2002 Glenford Howe s social

history of the soldiers of the British West Indies Regiment assesses the impact of World War One on West Indian history and reveals the true nature of military relations and the gradual decline in morale Army Wives Midge Gillies, 2016-11-18 Most families have an army wife somewhere in their past Over the centuries they have followed their men to the front helped them keep order in far flung parts of the empire or waited anxiously at home Army Wives uses first hand accounts letters and diaries to tell their story We meet the wives who made the arduous journey to the Crimean war and witnessed battle at close quarters We hear the story of life in the Raj and the often terrifying experiences of the women who lived through its dying days We explore the pressures of being a modern army wife whether living in barracks or trying to maintain a normal home life outside the patch In the twentieth century two world wars produced new generations of army wives who forged friendships that lasted into peacetime Army Wives reveals their experience and that of a new breed of independent women who supported their men through the Cold War to the current war on terror Midge Gillies author of acclaimed The Barbed Wire University looks at how industrial warfare means husbands can survive battle with life changing injuries that are both mental and physical and what that means for their family She describes how army wives communicate with their husbands via letters and coded messages to more immediate but less intimate texts and Skype She examines bereavement from the seances public memorials and deaths in a foreign field of the Great War to the modern media coverage of flag draped coffins returning home by military plane Above all Army Wives examines what it really means to be part of the army family

Meyer, 1996 Upheld current sex and race occupational segregation assuring the public that women were in the military to do women s work within it and resisting African American women s protests against their relegation to menial labor Yet Creating GI Jane is also the story of how in spite of a palpable climate of repression many women effectively carved out spaces and seized opportunities in the early WAC African American women and men worked together in demanding civil Women on the Land Carol Twinch, 2021-06-24 Women on the Land tells the remarkable story of women s contribution to agriculture and forestry during the two World Wars It traces the formation and history of the Women s Land Army and shows how women mostly untrained and from non farming backgrounds helped maintain food production for a beleaguered nation by filling the places of men away at the war At the height of the First World War the Land Army had a full time membership of 23 000 members a number that was to exceed 80 000 during the Second World War The book pays tribute to women like Lady Denman who administered the Land Army during the Second World War and who was its chief inspiration and driving force and also outlines the part played by other women s groups in wartime Containing many first hand reminiscences by the women who served and a number of evocative illustrations Women on the Land highlights the years when women were effectively to challenge long established preconceptions as to what properly constituted women s work Jamaican Women and the World Wars Dalea Bean, 2017-12-04 This book highlights the important yet often forgotten roles that Jamaican women played in the World Wars Predicated on the notion that warfare has

historically been an agent of change Dalea Bean contends that traces of this truism were in Jamaica and illustrates that women have historically been part of the war project both as soldiers and civilians This ground breaking work fills a gap in the historiography of Jamaican women by positioning the World Wars as watershed periods for their changing roles and status in the colony By unearthing critical themes such as women s war work as civilians recruitment of men for service in the British West India Regiment the local suffrage movement in post Great War Jamaica and Jamaican women s involvement as soldiers in the British Army during the Second World War this book presents the most extensive and holistic account of Jamaican women s involvement in the wars
