Love War Remembrance:

Memorials of the Great War in Britain Alex King, 2014-03-04 Taking as its focus memorials of the First World War in Britain this book brings a fresh approach to the study of public symbols by exploring how different motives for commemorating the dead were reconciled through the processes of local politics to create a widely valued form of collective expression It examines how the memorials were produced what was said about them how support for them was mobilized and behaviour around them regulated These memorials were the sites of contested multiple and ambiguous meanings yet out of them a united public observance was created The author argues that this was possible because the interpretation of them as symbols was part of a creative process in which new meanings for traditional forms of memorial were established and circulated The memorials not only symbolized emotional responses to the war but also ambitions for the post war era Contemporaries adopted new ways of thinking about largely traditional forms of memorial to fit the uncertain social and political climate of the inter war years This book represents a significant contribution to the study of material culture and memory as well as to the social and cultural history of modern warfare *The Vietnam Veterans Memorial at Angel Fire*

Steven Trout, 2020-04-07 A great white angel spreading her wings across the Moreno Valley this is how one visitor described the memorial standing atop a windswept prominence in the Sangre de Cristo Mountains near Taos New Mexico A de facto national Vietnam veterans memorial built by one family more than a decade before the Wall in Washington DC and without aid or recognition from the US government the chapel at Angel Fire is a testament to one young American's sacrifice but also to the profound determination of his family to find meaning in their loss In *The Vietnam Veterans Memorial at Angel Fire* Steven Trout tells the story of Marine Lieutenant David Westphall who was killed near Con Thien on May 22 1968 and of the Westphall family's subsequent struggle to create and maintain a one of a kind memorial chapel dedicated to the memory of all Americans lost in the Vietnam War and to the cause of world peace Focused primarily on a life lost amid our nation's most controversial conflict and on the Westphalls desperate battle to keep their chapel open between 1971 and 1982 the book's brisk and moving narrative traces the memorial's evolution from a personal act of family remembrance to its emergence as an iconic pilgrimage destination for thousands of Vietnam veterans Documenting the chapel's shifting messages over time which include a momentary and controversial recognition of the dead on both sides of the war *The Vietnam Veterans Memorial at Angel Fire* spotlights one American soldier's tragic story and the monument to hope and peace that it inspired

Love, War & Remembrance Rosemarie Werkman, 1992 *Hollywood Remembrance and American War* Andrew Rayment, Paul Nadasdy, 2020-08-31 *Hollywood Remembrance and American War* addresses the synergy between Hollywood war films and American forms of war remembrance Subjecting the notion that war films ought to be considered the war memorials of today to critical scrutiny the book develops a theoretical understanding of how Hollywood war films as rhetorical sites of remembering and memory reflect replicate and resist American modes of remembrance The authors first
