Lovers Players:

The Counterfeit Coin Christopher Goetz, 2023-05-12 *The Counterfeit Coin* argues that games and related entertainment media have become almost inseparable from fantasy. In turn, these media are making fantasy itself visible in new ways. Though apparently asocial and egocentric, an internal mental image expressing the fulfillment of some wish, fantasy has become a key term in social contestations of the emerging medium. At issue is whose fantasies are catered to, who feels powerful and gets their way, and who is left out. This book seeks to undo the monolith of commercial gaming by locating multiplicity and difference within fantasy itself. It introduces and tracks three broad fantasy traditions that dynamically connect apparently distinct strata of a game story and play that join games to other media and that encircle players in pleasurable loops as they follow these connections.

The Stone Darryl Hines, 2007-12 He played deception like music the way Miles played his horn. Every note moved her until she almost had no will of her own. Pregnant and alone, 26-year-old Dahlia Reynolds recounts the events that led to her imprisonment in Thailand, an unlikely place for a Sista from Waycross, Georgia. Nervously awaiting the ultimate punishment, Dahlia realizes how far she is from Washington DC, her best friends Stacy and El, her job as a Pentagon analyst, and from Antoine Blackwell, her occasional lover. This could be the end of a journey full of treachery and deceit, launched by a mystery from her family's past and a quilt she inherited from a slave ancestor, all started with a chance encounter with a much older man. Mackenzie Powell stole Dahlia's heart and holds the key to a treasure that made her an unknowing pawn in a high stakes game of murder and intrigue that began deep inside a South African mine before she was born. Dahlia was swept away by the Bentley driving Mackenzie's classy good looks and debonair charm, but Mac has a secret and only *The Stone* has the power to unlock it and make sense of what appears to be a series of unrelated events. She wonders: Is Mac hero or villain?

Lovers, Players and the Revenge J. A. Jackson, 2019-07-03 **The World's Great Masterpieces** Harry Thurston Peck, 1901 **Game Love** Jessica Enevold, Esther MacCallum-Stewart, 2015-01-09 What does love have to do with gaming? As games have grown in complexity, they have increasingly included narratives that seek to engage players with love in a variety of ways. While media attention often focuses on violent emotions and behavior in gaming, love has always been central to the experience. We love to play games; we have titles that we love and sometimes we love too much, or love terrible games for their shortcomings. Love in gaming is rather like love in life: often complicated and frustrating but also exciting and gratifying. This collection of fresh essays explores the meaning and role of love in gaming, describing a number of ways from coding to cosplay in which love can be expressed in, for, and around games. Investigating how gaming involves love is also key to understanding the growing importance of games and gamers as cultural markers.
