Willful Defiance Mark R. Warren, 2022 The story of how Black and Brown parents students and members of low income communities of color organized to dismantle the school to prison pipeline in their local schools and built a movement that spread across the country In *Willful Defiance* Mark R Warren documents how Black and Brown parents students and low income communities of color organized to dismantle the school to prison pipeline in their local schools and built an intersectional movement that spread across the country Examining organizing processes in Mississippi Los Angeles Chicago and other localities he shows how relatively small groups of community members built the power to win policy changes to reduce suspensions and expulsions by combining deep local organizing with resources from the national movement As a result over the course of twenty years the movement to combat the school to prison pipeline resulted in falling suspension rates across the country and began to make gains in reducing police presence in schools especially in places where there have been sustained organizing and advocacy efforts In documenting the struggle organizers waged to build national alliances led by community groups and people most impacted by injustice rather than Washington based professional advocates Warren offers a new model for movements that operate simultaneously at local state and national levels while primarily oriented to support and spread local organizing In doing so he argues for the need to rethink national social justice movements as interconnected local struggles whose victories are lifted and spread In the end the book highlights lessons from the school to prison pipeline movement for organizers educators policymakers and a broader public seeking to transform deep seated and systemic racism in public schools and the broader society

Prisoners and Captives Hugh Stowell Scott, 1899 *Quiet Defiance* David W. Seitz, 2025-01-15 *Quiet Defiance* The Rhetoric of Silent Protest focuses on the rhetorical dimensions and power of silent protest Bridging the gap between the study of protest and the study of rhetorical silence strategic silence meant to communicate to and influence an audience this book is the first of its kind to concentrate solely on the phenomenon and tradition of silent protest The contributors to this volume hail from different cultures disciplines and fields They examine past and present day cases of silent protest with different research questions and paradigmatic perspectives in mind and methodological approaches at hand Collectively however their original chapters offer a rich multifaceted understanding of the potentialities limits nature effects risks and rewards of silent acts of protest individual or otherwise against oppressive unjust regimes and systems of power

Wincent Johnnie Ssen, 2017-11-13 In a federal prison in Polk County Texas Winston Butang sits on death row awaiting lethal injection for his brutal murder and desecration of a pedophilic priest Butang better known in the media as the Stigmata Killer has no reason to believe that anyone will give the eventual outcome much thought Someone however has thought about it a great deal and Winston is surprised when one of his guards springs him and whisks him off to a secret bunker in the woods

Stranger still is the fact that his liberator Vincent Veselli is none other than the illegitimate son of the murdered priest Veselli it turns out had witnessed the butchery of his father and got his job as a death row guard as part of a long quest to free the man who did what he could not Things take a further unexpected twist when a catastrophic firestorm sweeps the area portending some form of Armageddon that has engulfed the continental US The two emerge from their secret bunker and together make their way north across a surreal landscape of death and devastation but they still make time for a series of explicit intimate encounters that push and pull the plot line

Prison Movies Kevin Kehrwald,2017-02-14 Prison Movies Cinema Behind Bars traces the public fascination with incarceration from the silent era to the present Often considered an offshoot of the gangster film the prison film precedes the gangster film and is in many ways its opposite Rather than focusing on tragic figures heading for a fall the prison film focuses on fallen characters seeking redemption The gangster s perverse pursuit of the American dream is irrelevant to the prisoner for whom that dream has already failed At their core prison films are about self preservation at the hands of oppressive authority Like history itself prison films display long stretches of idleness punctuated by eruptions of violence dangerous moments that signify liberation and the potential for change The enclosed world of the prison is a highly effective microcosm one that forces characters and audiences alike to confront vexing issues of race class gender and sexuality These portrayals of men and women behind bars have thrived because they deal with such fundamental human themes as freedom individuality power justice and mercy Films examined include The Big House 1930 I Want to Live 1958 The Defiant Ones 1958 Cool Hand Luke 1967 Midnight Express 1978 Escape from Alcatraz 1979 The Shawshank Redemption 1994 and Starred Up 2013
