Loves Theatre Womens Erotic Writing:

Women, Writing, and the Theater in the Early Modern Period Annette Kreis-Schinck, 2001 The previous revolutionary period in England had changed the nation enough for women's participation in all areas of society politics and religion to become feasible and visible This emergent visibility gave them a chance to become actresses after 1661 and sparked their desire to offer contributions to the public stage after 1669 **BOOK JACKET** **Rene Girard, Law, Literature, and Cinema** Eric M. Wilson, 2024-04-05 This book is the first monograph to critically evaluate the work of the literary scholar Ren Girard from the perspectives of Law and Literature and Law and Film Studies two of the most multidisciplinary branches of critical legal theory The central thesis is that Girard's theory of the scapegoat mechanism provides a wholly new and original means of re conceptualizing the nature of judicial modernity which is the belief that modern Law constitutes an internally coherent and exclusively secular form of rationality The book argues that it is the archaic scapegoat mechanism the reconciliation of the community through the direction of unified violence against a single victim that actually works best in explaining all of the outstanding issues of Law and Literature in both of its sub forms law as literature the analysis of legal language and practice exemplified by literacy texts and law in literature the exploration of issues in legal theory through the fictitious form of the novel The book will provide readers with i a useful introduction to the most important elements of the work of Ren Girard ii a greater awareness of the hidden nature of legal culture and reasoning within a post secular age and iii a new understanding of the subversive or enlightening nature of some of the most iconic works on Law in both Literature and Cinema media which by their nature allow for the expression of truths repressed by formal legal discourse

Contemporary Japanese Cinema Since Hana-Bi Adam Bingham, 2015-06-23 This book studies the key genres in contemporary Japanese cinema through analysis of their key representative films It considers both those films whose generic lineage is clearly definable samurai yakuza horror as well as the singularity of several recent trends in the country's filmmaking such as magic realist filmmaking **Popular Iranian Cinema before the Revolution** Pedram Partovi, 2017-07-14 Critics and academics have generally dismissed the commercial productions of the late Pahlavi era best known for their songs and melodramatic plots as shallow derivative entertainment Instead they have concentrated on the more recent internationally acclaimed art films claiming that these constitute Iranian national cinema despite few Iranians having seen them Film discourse and even fan talk have long attempted to marginalize the mainstream releases of the 1960s and 1970s with the moniker filmfarsi ironically asserting that such popular favorites were culturally inauthentic This book challenges the idea that filmfarsi is detached from the past and present of Iranians Far from being escapist Hollywood fare merely translated into Persian it claims that the better films of this supposed genre must be taken as both a subject of and source for modern Iranian history It argues that they have an appeal that relies on their ability to rearticulate traditional courtly and religious ideas and forms to problematize in unexpectedly complex and sophisticated ways the modernist agenda

that secular nationalist elites wished to impose on their viewers Taken seriously these films raise questions about standard treatments of Iran s modern history By writing popular films into Iranian history this book advocates both a fresh approach to the study of Iranian cinema as well as a rethinking of the modernity tradition binary that has organized the historiography of the recent past It will appeal to those interested in Iranian cinema Iranian history and culture and more broadly readers dissatisfied with a dichotomous approach to modernity

Women and Men in Love Luisa Passerini,2012-07 It has often been assumed that Europeans invented and had the exclusive monopoly over courtly and romantic love commonly considered to be the highest form of relations between men and women This view was particularly prevalent between 1770 and the mid twentieth century but was challenged in the 1960s when romantic love came to be seen as a universal sentiment that can be found in all cultures in the world However there remains the historical problem that the Europeans used this concept of love as a fundamental part of their self image over a long period traces of it still remain and it became very much caught up in the concept of marriage This book challenges the underlying Eurocentrism of this notion while exploring in a more general sense the connection between identity and emotions
